Special Feature	Auto EQ, Blue light LED

## SETUP

---

### Charging the Speaker

Before first use, fully charge your LENRUE speaker. A full charge takes approximately 4 hours.

1. Locate the Micro USB port on the side of the speaker.
2. Connect the provided Micro USB cable to the speaker's charging port.
3. Connect the other end of the USB cable to a compatible USB power source (e.g., computer USB port, USB wall adapter).
4. The LED indicator light will show charging status (refer to speaker's light behavior for specific indications).
5. Once fully charged, disconnect the charging cable.

**NOTE: Please do not use a fast charger to charge the speaker.**

## OPERATION

---

### Powering On/Off

- To power on: Press and hold the power button (usually located on the bottom or side) for a few seconds until you hear an audible prompt and the LED light activates.
- To power off: Press and hold the power button again for a few seconds until you hear an audible prompt and the LED light turns off.

### Bluetooth Pairing

The speaker uses Bluetooth 5.0 technology for quick and stable connections.

1. Ensure the speaker is powered on and in pairing mode (LED light will typically blink rapidly).
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for available Bluetooth devices. You should see "LENRUE A2" or a similar name in the list.
4. Select "LENRUE A2" to connect. Once paired, the speaker will provide an audible confirmation, and the LED light will become solid.

5. The speaker will automatically reconnect to the last used device when powered on, if within range.

## Audio Playback and Controls

Control your music directly from the speaker's buttons or your connected device.

- **Play/Pause:** Press the central button (often marked with a play/pause icon) to start or pause playback.
- **Volume Up/Next Track:** Press the '+' button to increase volume. Hold the '+' button to skip to the next track.
- **Volume Down/Previous Track:** Press the '-' button to decrease volume. Hold the '-' button to go to the previous track.
- **Light Control:** The speaker features a blue LED light ring. Press the light icon button (often a sun or star symbol) to toggle the light on/off or change modes.

# A Warm Sound Gift for Her

She will fall in love with the little guy

Figure 5: Speaker control buttons located on the bottom.

## AUX Connection

For non-Bluetooth devices, use the provided 3.5mm AUX cable.

1. Connect one end of the 3.5mm AUX cable to the speaker's AUX input port.
2. Connect the other end to the audio output jack of your device.
3. The speaker will automatically switch to AUX mode.

## Hands-Free Calling

The built-in microphone allows for hands-free calls when connected via Bluetooth.

- **Answer Call:** Press the Play/Pause button once to answer an incoming call.
- **End Call:** Press the Play/Pause button once during a call to end it.
- **Reject Call:** Press and hold the Play/Pause button for 2 seconds to reject an incoming call.

## MAINTENANCE

---

Proper care will extend the life of your speaker.

- **Cleaning:** Use a soft, dry cloth to wipe the speaker's surface. Do not use abrasive cleaners or solvents.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To maintain battery health, avoid fully discharging the speaker frequently. Charge it regularly, even if not in use for extended periods.

## TROUBLESHOOTING

Problem	Possible Solution
Speaker won't turn on.	Ensure the speaker is charged. Connect it to a power source and try again.
Cannot pair via Bluetooth.	<ul style="list-style-type: none"><li>◦ Ensure the speaker is in pairing mode (LED blinking).</li><li>◦ Make sure Bluetooth is enabled on your device.</li><li>◦ Move the speaker closer to your device.</li><li>◦ Forget/remove "LENRUE A2" from your device's Bluetooth list and try pairing again.</li><li>◦ Restart both the speaker and your device.</li></ul>
No sound or low volume.	<ul style="list-style-type: none"><li>◦ Adjust the volume on both the speaker and your connected device.</li><li>◦ Ensure the speaker is properly paired or the AUX cable is fully inserted.</li><li>◦ Check if the audio source is playing.</li></ul>
Sound distortion.	<ul style="list-style-type: none"><li>◦ Reduce the volume on both the speaker and your device.</li><li>◦ Move the speaker closer to your device to avoid interference.</li><li>◦ Try a different audio source or file.</li></ul>
