Mjkone 21079

Mjkone California King Platform Bed Frame

Model: 21079

Introduction

Thank you for choosing the Mjkone California King Platform Bed Frame. This manual provides essential information for the safe and correct assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- Always assemble the bed frame on a soft, clean surface to prevent damage to the product or your floor.
- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Tighten all bolts and screws securely, but do not overtighten. Periodically check and re-tighten fasteners.
- Keep small parts away from children during assembly to prevent choking hazards.
- Do not stand on the bed frame or use it as a ladder.
- Distribute weight evenly across the bed frame. Do not exceed the maximum weight recommendation.

Package Contents

Verify that all components listed below are present in your package. If any parts are missing or damaged, please contact customer support.

- Headboard (Upholstered Velvet)
- Side Rails (2)
- Footboard
- Center Support Beam
- Support Legs (for center beam and frame corners)
- Wooden Slats (Multiple pieces)
- Hardware Pack (Bolts, washers, nuts, Allen wrench)
- Assembly Instructions Manual

Setup and Assembly

Assembly is designed to be straightforward. It is recommended that two adults assemble this bed frame. Please follow these steps carefully.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface and compare them against the package contents list to ensure everything is present.
2. **Attach Side Rails to Headboard:** Connect the side rails to the headboard using the provided bolts and washers. Do not fully tighten the bolts yet.
3. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the footboard using the provided bolts and washers. Ensure the frame is aligned.
4. **Install Center Support Beam:** Attach the center support beam to the designated brackets on the headboard and footboard. Secure with bolts.
5. **Attach Support Legs:** Screw the support legs into the bottom of the center support beam and the corner of the frame. Adjust them to ensure even contact with the floor.
6. **Install Wooden Slats:** Place the wooden slats across the side rails, ensuring they are evenly spaced. Secure the slats to the side rails using the pre-drilled holes and screws, if applicable.
7. **Final Tightening:** Once all parts are assembled, go back and securely tighten all bolts and screws. Do not overtighten.

This image illustrates the solid wood slats, stable supporting feet, and overall stable frame structure, which are key components for assembly and durability.

This image highlights the features of the bed frame, including its sturdy structure and ease of assembly, which contribute to a reliable setup.

Operating Instructions

Mattress Placement

Place your California King size mattress directly onto the wooden slats. No box spring is required for this platform bed frame.

Adjusting the Headboard

The upholstered headboard features an adjustable design, allowing it to be moved up or down by approximately 5 cm (2 inches) to accommodate different mattress heights or personal preference. To adjust, loosen the bolts connecting the headboard to the side rails, slide the headboard to the desired height, and then re-tighten the bolts securely.

Maintenance

Cleaning the Upholstery

- For general cleaning, gently vacuum the velvet fabric using an upholstery attachment to remove dust and debris.
- For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain.
- For stubborn stains, use a mild fabric cleaner specifically designed for velvet upholstery. Test on an inconspicuous area first.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the fabric.

Frame Care

- Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.

- Wipe down the frame with a soft, damp cloth if needed.
- Avoid exposing the bed frame to excessive moisture or direct sunlight for prolonged periods.

This image highlights the skin-friendly and easy-to-clean nature of the fabric, along with features designed to protect your floor.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or uneven support legs.	Check and tighten all bolts. Ensure all support legs are making even contact with the floor.
Squeaking noises.	Loose connections or friction between parts.	Re-tighten all hardware. If squeaking persists, apply a small amount of lubricant (e.g., silicone spray) to contact points between metal parts or where slats meet the frame.

Problem	Possible Cause	Solution
Headboard does not stay at desired height.	Headboard adjustment bolts are not sufficiently tightened.	Ensure the bolts securing the headboard at the desired height are fully tightened.
Slats are shifting or falling.	Slats not properly secured or unevenly spaced.	Ensure all slats are correctly placed and secured to the side rails. Verify even spacing.

Specifications

This image provides detailed product dimensions and weight information for different bed sizes, including the California King model.

Feature	Detail
Model Number	21079

Feature	Detail
Size	California King
Product Dimensions (L x W x H)	81" x 77" x 46.1"
Style	Platform
Color	Beige
Upholstery Material	Velvet Fabric
Headboard Features	Adjustable (5cm), Tufted, Nailhead Trim
