## 4. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your NYHAMN sofa-bed.

### Fabric Cover Care:

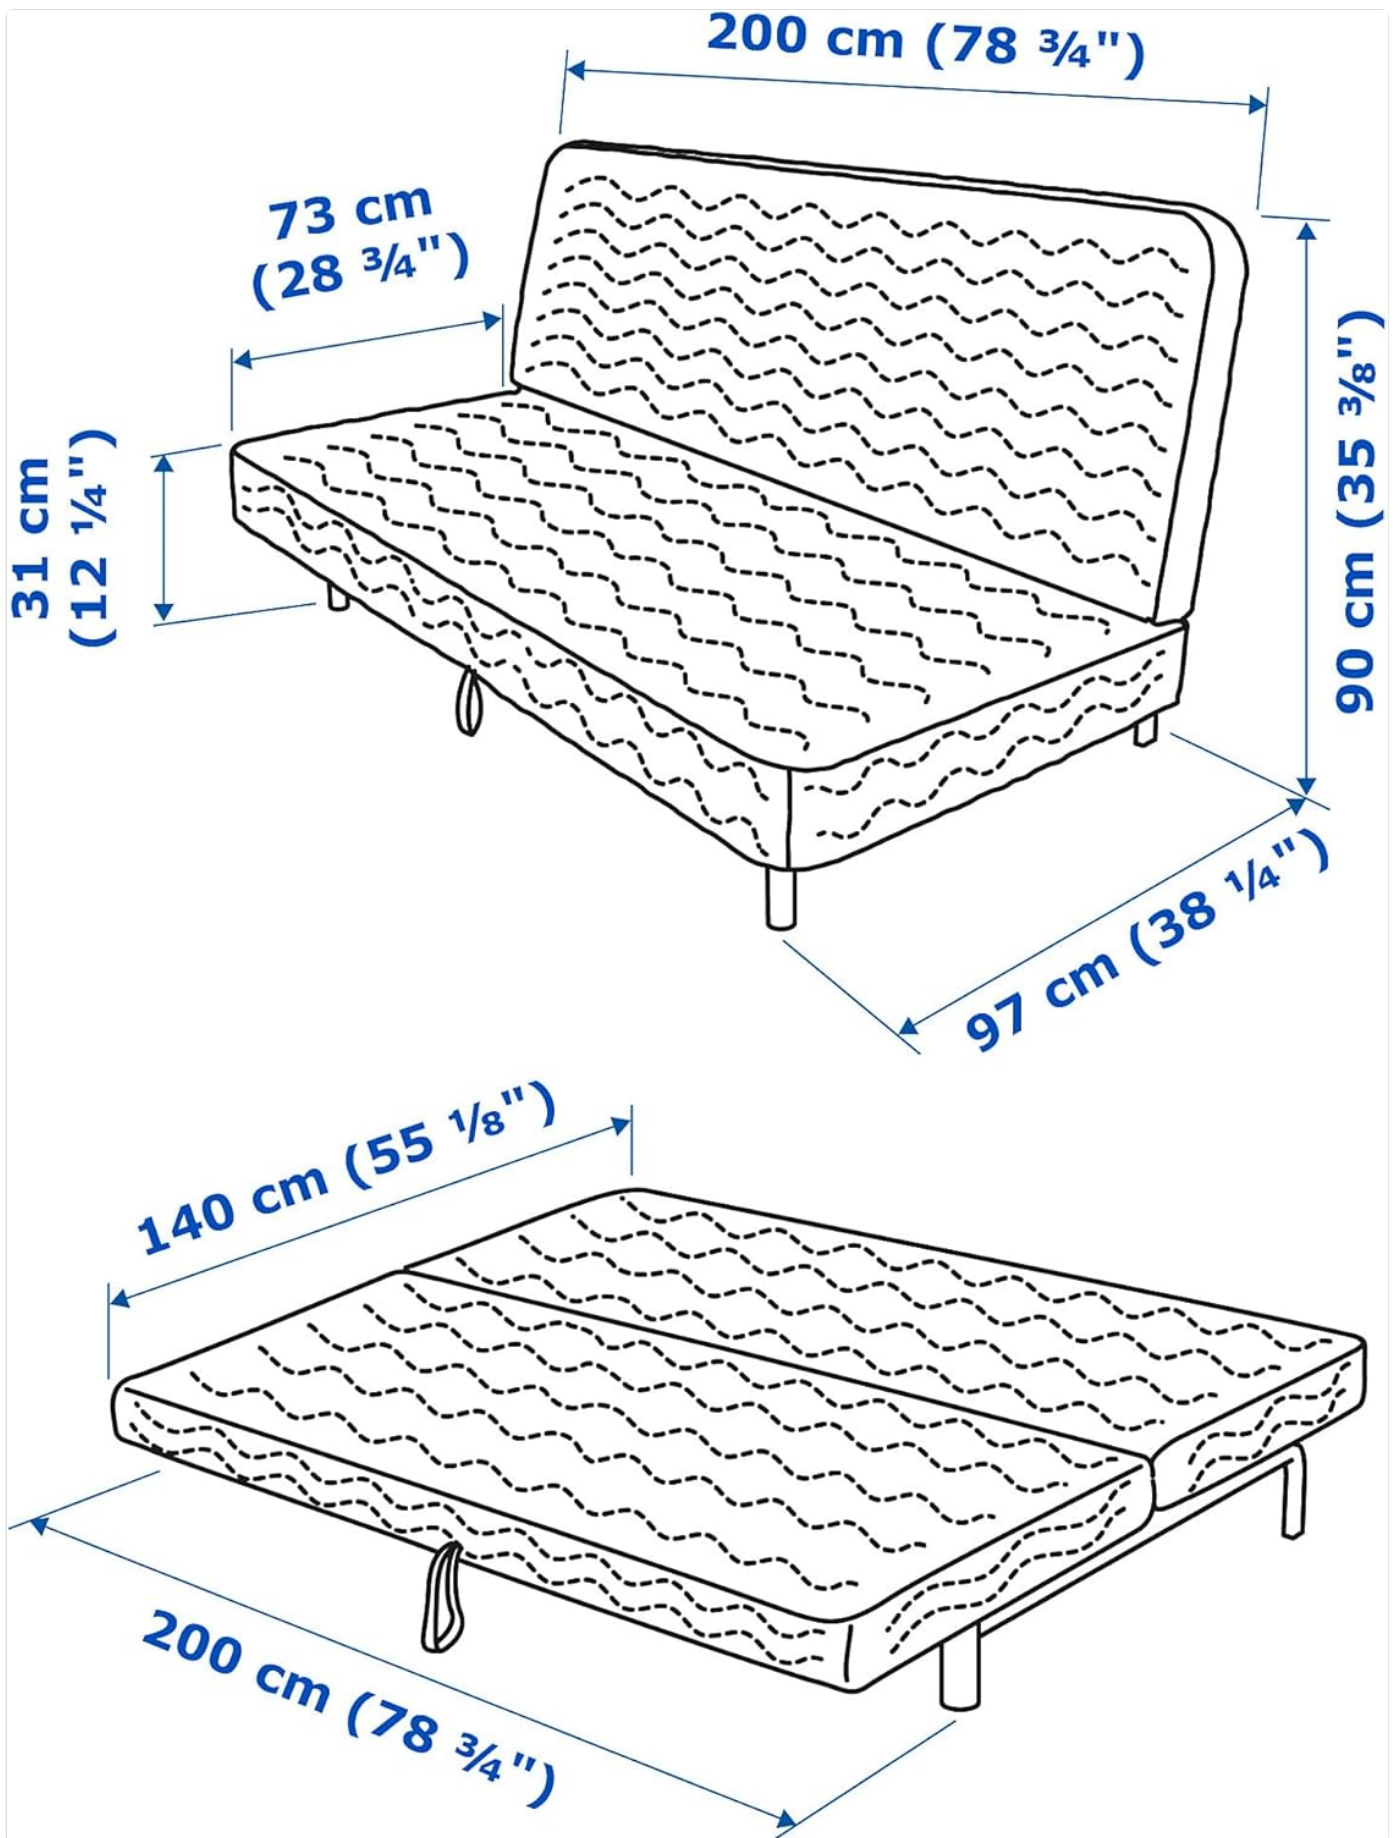

- The dark grey cover is made of Polyvinyl Chloride (PVC) and Polyester. It features a zipper for removal.
- For general cleaning, vacuum regularly with a soft brush attachment to remove dust and loose particles.
- For spills, blot immediately with a clean, damp cloth. Avoid rubbing, which can spread the stain.
- Refer to the care label attached to the cover for specific washing instructions. Typically, machine wash cold (30°C/86°F) and air dry. Do not tumble dry, bleach, or iron.

### Mattress Care:

- Rotate the mattress regularly to ensure even wear and prolong its lifespan.
- A mattress protector is recommended to shield against spills and stains.
- Spot clean any stains on the mattress with a mild upholstery cleaner, allowing it to air dry completely before replacing the cover.
