HOETEK L51

HOETEK L51 Smartwatch User Manual

Model: L51

1. INTRODUCTION

Thank you for choosing the HOETEK L51 Smartwatch. This manual provides essential information for setting up, operating, and maintaining your device. Please read it carefully to ensure optimal performance and longevity of your smartwatch.

The HOETEK L51 Smartwatch is designed to enhance your daily life with features such as Bluetooth calling, comprehensive health monitoring, and various sports modes. It features a 1.95-inch full touch screen and is compatible with Android and iOS devices.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- HOETEK L51 Smartwatch
- Charging Cable
- User Manual

3. SETUP

3.1 Charging the Smartwatch

Before first use, fully charge the smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a standard USB power adapter (not included).

Image: The smartwatch connected to its magnetic charging cable, displaying a charging icon on the screen.

A full charge typically takes about 2 hours. The watch has an ultra-long standby life of up to 20 days and 7 days of normal use.
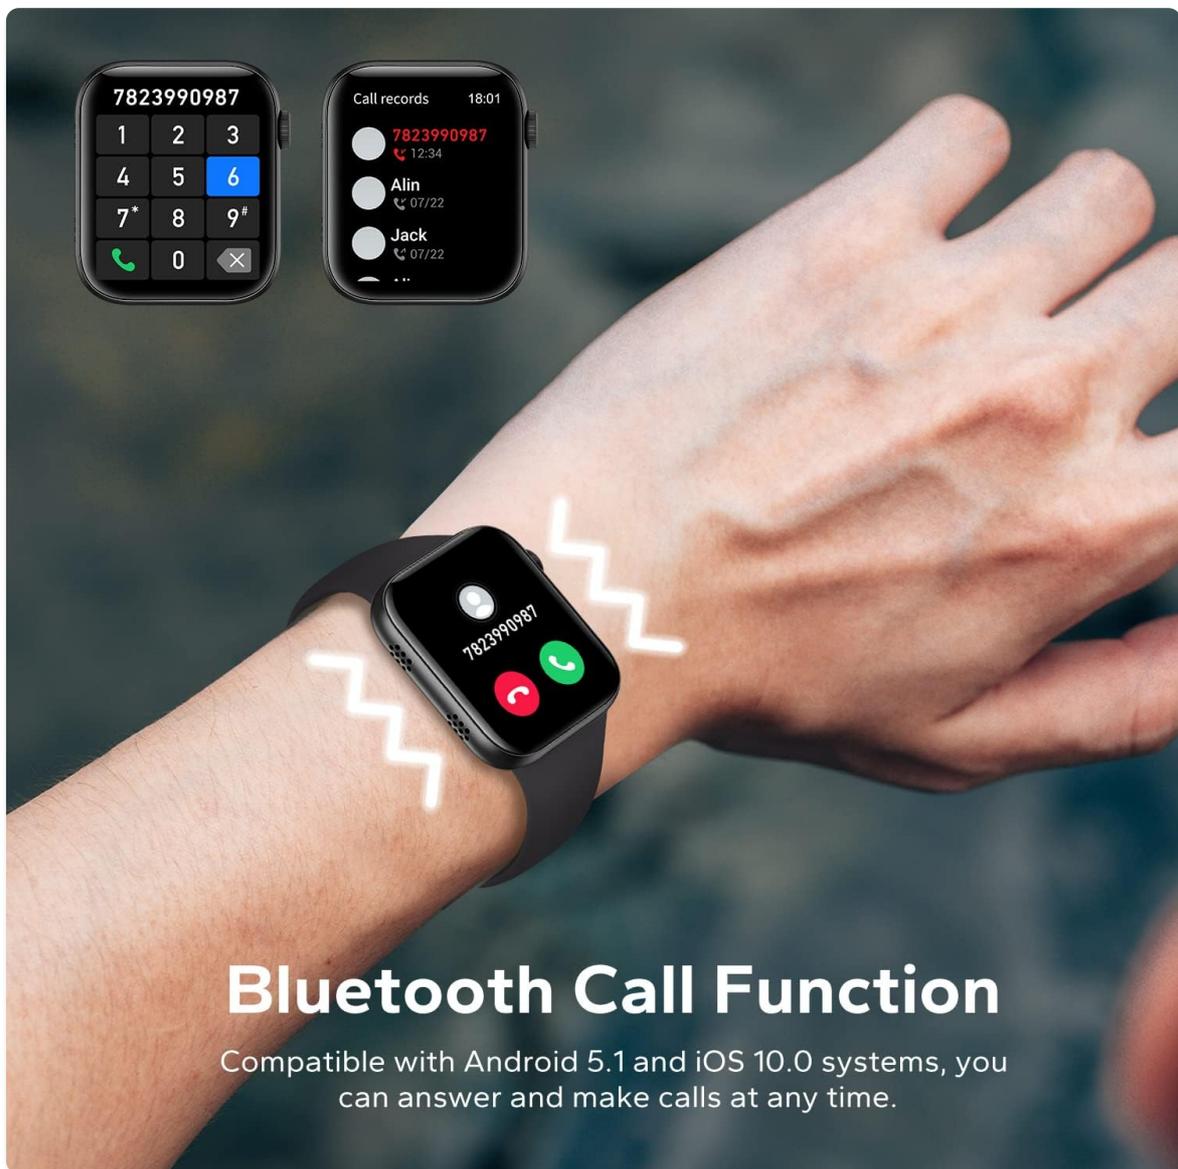

3.2 App Installation and Pairing

The HOETEK L51 Smartwatch uses the 'Da Fit' application. Download the 'Da Fit' app from the App Store (iOS) or Google Play Store (Android).

1. Ensure your smartphone's Bluetooth is enabled.
2. Open the 'Da Fit' app and create an account or log in.
3. In the app, navigate to 'Device' and select 'Add Device'.
4. Select 'L51' from the list of available devices to pair.
5. Confirm the pairing request on both your phone and the smartwatch.

3.3 Bluetooth Call Function Setup

To enable the Bluetooth call function:

1. After initial pairing, go to your phone's Bluetooth settings.
2. Look for a second Bluetooth device named 'L51_CALL' (or similar) and pair with it.
3. Once connected, you can make and receive calls directly from your smartwatch.

4.3 Sports Modes and Activity Tracking

The smartwatch supports over 120 sports modes, including walking, running, cycling, yoga, hiking, jump rope, and football. It tracks daily steps, calories burned, and distance traveled.

- Access sports modes from the main menu.
- Select your desired activity to start tracking.
- View detailed activity records in the 'Da Fit' app.

Image: A woman exercising in a gym, wearing the smartwatch which displays a 'Sports Record' screen with total moves, steps, calories, and average heart rate.

4.4 Health Monitoring

The L51 Smartwatch includes a high-performance sensor for 24/7 heart rate and sleep monitoring.

- **Heart Rate:** The watch continuously monitors your heart rate. View real-time data on the watch or

detailed trends in the 'Da Fit' app.

- **Sleep Monitoring:** The watch automatically tracks your sleep patterns, including light, moderate, and deep sleep, and awake time. Access sleep quality reports in the 'Da Fit' app to understand your body's state.

4.5 Smart Notifications

Receive call records and message notifications directly on your wrist. The watch supports notifications from various apps like Facebook, Twitter, WhatsApp, Instagram, and Messenger.

- Ensure the 'Da Fit' app has notification permissions enabled on your phone.
- In the app, select which applications you want to receive notifications from.
- Lift your wrist to view incoming messages and alerts.

4.6 Other Practical Functions

The HOETEK L51 Smartwatch offers additional features for convenience:

- **Music Control:** Control music playback on your phone directly from the watch.
- **Camera Control:** Use the watch as a remote shutter for your phone's camera.
- **Sedentary Reminder:** Get alerts to move after periods of inactivity.
- **Water Reminder:** Set reminders to drink water.
- **Alarm Clock:** Set alarms directly on the watch or via the app.
- **Stopwatch & Timer:** Basic timing functions.
- **Find Phone:** Locate your paired smartphone by making it ring.

5. MAINTENANCE

5.1 Cleaning

Regularly clean your smartwatch and strap to prevent skin irritation and maintain device functionality.

- Wipe the screen and body with a soft, damp, lint-free cloth.
- For the strap, use mild soap and water, then rinse thoroughly and dry completely before wearing.
- Avoid using harsh chemicals or abrasive materials.

5.2 Water Resistance (IP67)

The HOETEK L51 Smartwatch is IP67 rated, meaning it is resistant to dust and can withstand immersion in water up to 1 meter for 30 minutes. It is suitable for daily use, such as hand washing or light rain.

IP67 Waterproof

Image: The smartwatch covered in water droplets, with the text 'IP67 Waterproof', demonstrating its water resistance.

Important:

- Do not use the watch for swimming, diving, or in hot water (e.g., showers, saunas), as steam and hot water can damage the seals.
- Water resistance is not permanent and may decrease over time with normal wear and tear.

5.3 Battery Care

- Avoid extreme temperatures, which can degrade battery life.
- Charge the device regularly, but avoid leaving it fully discharged for extended periods.

6. TROUBLESHOOTING

If you encounter issues with your HOETEK L51 Smartwatch, refer to the following common solutions:

Issue	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with phone	1. Ensure Bluetooth is enabled on your phone. 2. Make sure the watch is within range. 3. Restart both the watch and your phone. 4. Try unpairing and re-pairing through the 'Da Fit' app.
Notifications not received	1. Check if 'Da Fit' app has notification permissions. 2. Ensure notifications are enabled for specific apps within 'Da Fit'. 3. Verify Bluetooth connection.
Heart rate/sleep data inaccurate	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor regularly. Note that data is for reference and not for medical use.
Bluetooth call not working	Ensure both 'L51' and 'L51_CALL' (or similar) are paired in your phone's Bluetooth settings.
