# KROFEM 4-Piece Patio Conversation Set Instruction Manual

**Model:** B0C2CBM8CP

**Brand:** KROFEM

## 1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Assembly required – follow instructions carefully for safe use.
- Ensure all bolts and fasteners are securely tightened before use.
- Do not expose cushions to prolonged rain; retract them indoors during inclement weather to prevent moisture damage.
- Avoid placing excessively hot items directly on the tempered glass tabletop.
- Periodically check all connections and tighten as necessary to maintain stability.

## 2. PRODUCT OVERVIEW

The KROFEM 4-Piece Patio Conversation Set is designed to enhance your outdoor living space with comfort and style. This versatile set includes two single armchairs, a love seat, and a coffee table, allowing for various arrangements to suit your patio, porch, or backyard.

### Key Features:

- **Various Combinations:** The individual pieces can be easily moved and arranged to optimize space utilization in any outdoor setting.
- **Soft & Comfortable Cushions:** Includes four thickened cushions and four soft pillows with removable zippered covers for easy cleaning. The cushion surface is water-resistant to light splashes, but should be protected from heavy rain.
- **Sturdy & Durable Construction:** Crafted from a robust steel frame and delicate hand-woven rattan, designed to withstand various weather conditions.
- **Easy to Clean:** The coffee table features a detachable tempered glass top, secured by suction cups, making it simple to wipe clean.

## 4. ASSEMBLY INSTRUCTIONS

Assembly is straightforward and typically requires two people for ease. Follow these steps carefully:

### 4.1. Unpacking and Preparation

1. Open both shipping boxes and carefully remove all components.
2. Lay out all parts on a clean, soft surface to prevent scratches.
3. Verify all hardware and components against the package contents list.

### 4.2. Assembling the Armchairs and Love Seat

The assembly process for the armchairs and love seat is similar. It involves attaching the side panels, backrest, and seat base.

1. Attach the side panels to the seat base using the provided bolts. Do not fully tighten the bolts at this stage.
2. Connect the backrest to the assembled seat and side panels. Again, only hand-tighten the bolts.

3. Once all main components are loosely assembled, gently apply some weight to the seat (e.g., sit on it briefly) to ensure proper alignment.
4. After alignment, fully tighten all bolts using the Allen key. Ensure all connections are secure.
5. Repeat for the remaining armchair and the love seat.

### 4.3. Assembling the Coffee Table

1. Attach the legs to the coffee table base.
2. Place the tempered glass top onto the table base. It is secured by suction cups.

### 4.4. Adding Cushions

Place the thickened seat cushions and soft pillows onto the assembled armchairs and love seat. The cushions have zippers for easy removal of covers for cleaning.

## 5. CARE AND MAINTENANCE

- **Cleaning Rattan:** Wipe the rattan surfaces with a dry cloth. For deeper cleaning, a mild soap and water solution can be used, followed by thorough drying.
- **Cushion Care:** The cushion covers are removable via zippers for cleaning. While the surface resists light water droplets, it is crucial to retract cushions indoors during prolonged rain or harsh weather to prevent saturation and damage.
- **Glass Tabletop:** The tempered glass tabletop can be easily cleaned with a glass cleaner and a soft cloth.
- **Storage:** During off-season or extended periods of non-use, it is recommended to store the furniture in a dry, protected area or use a weather-resistant furniture cover to prolong its lifespan.

## 6. TROUBLESHOOTING

Here are some common issues and their solutions:

Issue	Possible Cause	Solution
Missing or damaged parts/instructions	Shipping error or oversight during packaging.	Contact KROFEM customer support immediately for replacement parts or a digital copy of the manual.
Bolts not tightening or stripped holes	Misalignment during initial assembly; overtightening.	Ensure all bolts are only hand-tightened initially. Apply weight to the seat to align, then fully tighten. Avoid excessive force. If stripped, contact customer support for replacement hardware.
Cushions becoming damp or moldy	Prolonged exposure to rain or high humidity.	Always retract cushions indoors during rain. If damp, remove covers, allow foam inserts to air dry completely, and clean covers as per instructions.

Issue	Possible Cause	Solution
Furniture feels wobbly after assembly	Bolts not fully tightened or uneven surface.	Re-check and tighten all bolts. Ensure the furniture is placed on a flat, level surface.
