Beldray Airgility Cordless Vacuum Cleaner User Manual

Brand: Beldray

Model: BEL0776IBVDE

1. INTRODUCTION

Thank you for choosing the Beldray Airgility Cordless Vacuum Cleaner. This manual provides important information on the safe operation, assembly, maintenance, and troubleshooting of your new appliance. Please read this manual thoroughly before first use and keep it for future reference.

The Beldray Airgility is designed for efficient cleaning of various floor types, offering the convenience of cordless operation and the versatility of a 2-in-1 stick and handheld vacuum. Its powerful 22.2V motor, HEPA filter, and LED brush lights ensure a thorough clean.

2. IMPORTANT SAFETY INFORMATION

- Always ensure the vacuum cleaner is switched off and unplugged from the charger before cleaning or performing any maintenance.
- Do not immerse the vacuum cleaner, charger, or battery in water or any other liquid.
- This appliance is for domestic use only. Do not use outdoors or on wet surfaces.
- Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
- Do not pick up flammable or combustible materials, hot ashes, or large, sharp objects.
- Use only manufacturer-recommended attachments.
- Do not operate the vacuum cleaner if it has been dropped, damaged, left outdoors, or dropped into water.
- Regularly check the dustbin and filters for blockages to maintain optimal performance.

3. PACKAGE CONTENTS

Please check the box for the following items:

- Beldray Airgility Cordless Stick Vacuum (Main Unit, Extension Tube, Motorized Floor Brush)
- Mini Electric Brush
- Dusting Brush
- Crevice Tool
- Charging Base / Power Adapter
- HEPA Filter (pre-installed or spare)
- Wall Mount Base
- Small Cleaning Brush (for tangled hair/pet hair)
- Instruction Manual

4. PRODUCT OVERVIEW

Figure 4.1: Overview of the Beldray Airgility Cordless Vacuum Cleaner and its components.

The Beldray Airgility features a versatile design, allowing it to be used as a full-size stick vacuum or a compact handheld unit. Key components include the main motor unit with integrated dustbin, a removable battery, an extension tube, and a motorized floor brush with LED lights. Various attachments are provided for specialized cleaning tasks.

5. SETUP AND ASSEMBLY

5.1 Assembling the Stick Vacuum

1. Insert the extension tube into the main motor unit until it clicks securely into place.
2. Attach the motorized floor brush to the other end of the extension tube, ensuring it clicks firmly.
3. Ensure the battery is fully charged before first use (refer to Section 6).

5.2 Wall Mount Installation (Optional)

Figure 5.1: Beldray Airgility mounted on its wall charging station.

The vacuum comes with a wall mount base for convenient storage and charging. Choose a suitable location near a power outlet. Use appropriate screws and wall plugs (not included) to securely fasten the wall mount to the wall. Ensure it is mounted at a height that allows the vacuum to hang freely.

6. CHARGING THE BATTERY

Figure 6.1: Removing the battery for separate charging.

Figure 6.2: Charging the removable battery pack.

The Beldray Airgility is powered by a rechargeable 22.2V battery. A full charge takes approximately 5 hours and provides up to 40 minutes of runtime, depending on the power setting and surface type.

You can charge the battery in two ways:

- **Charging with the Vacuum Assembled:** Plug the charging adapter into the charging port on the main unit.
- **Charging the Battery Separately:** Remove the battery pack from the main unit and plug the charging adapter directly into the battery pack.

The battery indicator lights will show the charging status. Ensure the vacuum is fully charged before its first use to maximize battery life.

7. OPERATING INSTRUCTIONS

7.1 Using as a Stick Vacuum

Figure 7.1: Using the vacuum in stick mode on a carpet.

Figure 7.2: LED lights on the brush head for improved visibility.

1. Ensure the vacuum is fully assembled as a stick vacuum (Section 5.1).
2. Press the power button to turn on the vacuum cleaner.
3. Select your desired suction speed using the speed control button. The vacuum offers 3 different suction speeds for various cleaning needs.
4. The motorized floor brush features LED lights to illuminate dust and debris, especially in dimly lit areas or under furniture.
5. Move the vacuum cleaner slowly over the surface to be cleaned.

7.2 Using as a Handheld Vacuum

Figure 7.3: Using the vacuum in handheld mode on stairs.

1. Detach the extension tube and motorized floor brush from the main motor unit.
2. Attach the desired accessory directly to the main motor unit (e.g., crevice tool for tight spaces, dusting brush for delicate surfaces, or mini electric brush for upholstery/pet hair).
3. Press the power button to turn on the handheld vacuum.
4. Use the handheld unit for cleaning stairs, upholstery, car interiors, or other hard-to-reach areas.

8. MAINTENANCE AND CLEANING

Regular maintenance ensures optimal performance and extends the life of your vacuum cleaner.

8.1 Emptying the Dustbin

Figure 8.1: Emptying the vacuum's dustbin.

The dustbin has a capacity of 1.2 liters. It should be emptied regularly, ideally after each use or when the MAX fill line is reached, to maintain suction power.

1. Ensure the vacuum is switched off.
2. Press the dustbin release button to detach the dustbin from the main unit.
3. Position the dustbin over a trash can.
4. Press the dustbin release button (usually located at the bottom) to open the flap and empty the contents.
5. Close the flap and reattach the dustbin to the main unit until it clicks securely.

8.2 Cleaning the Filters

The Beldray Airgility uses a HEPA filter system. Filters should be cleaned regularly to prevent loss of suction and maintain air quality. The filters are washable and reusable.

1. Remove the dustbin as described above.
2. Twist or pull to remove the filter assembly from the dustbin.
3. Separate the HEPA filter and any pre-filters.

4. Tap the filters gently over a trash can to remove loose dust.
5. Rinse the filters under cold running water until the water runs clear. Do not use detergents.
6. Allow the filters to air dry completely for at least 24 hours before reassembling and placing them back into the vacuum. Do not use a dryer or direct heat.

8.3 Cleaning the Motorized Floor Brush

Periodically check the brush roll for tangled hair, threads, or debris that may reduce performance.

1. Ensure the vacuum is switched off.
2. Detach the motorized floor brush from the extension tube.
3. Locate the brush roll access cover (usually on the bottom of the brush head) and open it.
4. Remove the brush roll. Use the provided cleaning brush or scissors to cut and remove any tangled hair or debris.
5. Reinsert the brush roll and close the access cover securely.

9. TROUBLESHOOTING

Problem	Possible Cause	Solution
Vacuum does not turn on	Battery is not charged Battery not properly inserted	Charge the battery Ensure battery is securely clicked into place
Loss of suction	Dustbin is full Filters are clogged Brush roll is blocked Nozzle or tube is blocked	Empty the dustbin Clean or replace filters Remove debris from brush roll Check and clear any blockages
Motorized brush not spinning	Brush roll is jammed Connection issue	Clean debris from brush roll Ensure brush head is securely attached to the tube/main unit
Short runtime	Battery not fully charged Using high power mode continuously Battery degradation	Ensure battery is fully charged Use lower power mode for longer runtime Contact customer support for battery replacement options

10. SPECIFICATIONS

Brand: Beldray

Model Number: BEL0776IBVDE

Color: Blue

Product Dimensions (L x W x H): 22000 x 25000 x 117000 cm (Note: These dimensions appear unusually large and may refer to millimeters or a different unit in the original source. Please refer to product packaging for exact physical dimensions.)

Capacity: 1.2 Liters (Dustbin)

Power: 100 Watts

Voltage: 22.2 Volts

Material: Plastic

Runtime: Up to 40 minutes

Item Weight: 3.1 Kilograms

Filter Type: HEPA Filter

Surface Recommendation: Hard floors and carpets

Power Source: Battery powered

Included Components: Brush tool(s), HEPA Filter

Cordless: Yes

11. WARRANTY AND SUPPORT

The Beldray Airgility Cordless Vacuum Cleaner comes with a **3-year guarantee**. Please retain your proof of purchase for warranty claims.

For technical support, spare parts, or warranty inquiries, please contact Beldray customer service through their official website or the retailer where you purchased the product. Do not attempt to repair the appliance yourself.
