Sembo Block Technique Centennial Sports Car Building Blocks Model 8609 User Manual

Model: 8609 | Pieces: 1294

1. INTRODUCTION

Thank you for choosing the Sembo Block Technique Centennial Sports Car Building Blocks, Model 8609. This set allows you to construct a detailed replica of a Centennial Sports Car using 1294 high-quality building blocks. This manual provides essential information for assembly, operation, maintenance, and safety to ensure an enjoyable building experience.

2. SAFETY INFORMATION

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age.
- **Recommended Age:** Manufacturer recommended age is 6 - 18 years. Adult supervision is recommended, especially during assembly.
- Keep all packaging materials away from children to prevent suffocation.
- Do not ingest any parts. If parts are swallowed, seek immediate medical attention.

3. SETUP AND ASSEMBLY

3.1 Unboxing

Carefully open the product packaging. Ensure all bags of building blocks and the instruction booklet are present. It is advisable to sort the blocks by color and type before beginning assembly to facilitate the building process.

3.2 Assembly Instructions

Follow the step-by-step pictorial instructions provided in the separate assembly booklet. Each step illustrates the blocks required and their placement. Pay close attention to the orientation of the blocks.

- Begin by identifying the base components as shown in the first steps of the manual.
- Ensure blocks are firmly connected to prevent the model from falling apart.
- If a step seems unclear, review the previous steps or consult the next diagram for context.

4. OPERATING FEATURES

Once assembled, the Sembo Block Technique Centennial Sports Car Model 8609 offers several interactive features:

- **Opening Parts:** The rear cover, front cover, and doors of the sports car model can be opened, revealing interior details.
- **Steering Linkage:** The steering wheel rotation is linked to the front wheel rotation, allowing for manual steering.
- **Upgradeability:** The model can be upgraded into a remote control building block car model. This requires additional components (9V L motor, Medium Motor, Lithium battery box, Remote Control, Charging wire) which are sold separately.

5. MAINTENANCE

5.1 Cleaning

To clean the assembled model, gently wipe it with a soft, dry cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Avoid using harsh chemicals or abrasive cleaners.

5.2 Storage

Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation. If disassembling for storage, keep all parts in a sealed container to prevent loss.

6. TROUBLESHOOTING

- Missing Parts:** If you find any parts missing upon unboxing, please contact Sembo Block customer support with proof of purchase and the specific part number (if identifiable from the manual).
- Assembly Difficulties:** If you encounter difficulties during assembly, re-examine the instruction booklet

carefully. Ensure all blocks are oriented correctly and firmly pressed into place. Online communities or instructional videos may also provide helpful tips.

- **Loose Connections:** If parts of the model feel loose, gently press them together to ensure a secure connection.
