Sembo Block 8604

Sembo Block Technique Bacati Car Building Blocks - Model 8604

Instruction Manual

INTRODUCTION

Thank you for choosing the Sembo Block Technique Bacati Car Building Blocks set. This high-quality assembly toy is designed to facilitate education through play, enhancing creativity and motor skills. It provides an engaging building experience that can also foster communication between parents and children.

This manual provides essential information regarding the setup, operation, maintenance, and specifications of your new building block model.

SAFETY INFORMATION

Please read and understand all safety warnings before beginning assembly or allowing children to play with the assembled model.

- **Choking Hazard:** This set contains small parts and is not suitable for children under 3 years of age. Keep all small components away from infants and young children.
- Parental supervision is highly recommended during assembly and play, especially for younger users within the recommended age range of 6-18 years.
- Do not put blocks in mouth or nose.
- Dispose of packaging materials properly and keep them away from children.

INCLUDED COMPONENTS

Your Sembo Block Technique Bacati Car Building Blocks set includes all the necessary components to construct the detailed car model. The set contains approximately 1355 pieces.

- Build Blocks (various shapes and sizes)
- Detailed Instruction Booklet (separate from this manual)

This detailed blue sports car is constructed from numerous building blocks, showcasing its intricate design and realistic features. The image also displays branding and technical specifications such as the piece count and scale.

ASSEMBLY INSTRUCTIONS (SETUP)

Assembly of the Sembo Block Technique Bacati Car is required. A comprehensive, step-by-step instruction booklet is included within your product packaging. Please refer to that booklet for detailed visual guides and instructions.

- **Preparation:** Unpack all components and organize them. It is often helpful to sort pieces by color, size, or type to streamline the building process.
- **Follow the Booklet:** Adhere strictly to the sequence of steps outlined in the dedicated instruction booklet. Each step builds upon the previous one.
- **Check Connections:** Ensure all blocks are firmly connected. A secure connection prevents the model from becoming unstable or falling apart during play.
- **Missing Parts:** In the rare event of missing parts, please refer to the 'Troubleshooting' section or contact the manufacturer's support.
- The model is designed at a 1:14 scale, offering a detailed and realistic building experience.

OPERATION

Once fully assembled, your Sembo Block Technique Bacati Car model is ready for display and interactive play. It features several simulated functions for an enhanced experience:

- **Opening Parts:** The rear cover, front cover, and doors of the car model can be opened, simulating real vehicle functions.
- **Steering Function:** The steering wheel rotation is designed to be linked with the front wheel rotation, allowing for simulated steering control.
- **Upgrade Capability:** This model can be upgraded into a remote control building block car model with additional components (sold separately). Refer to the manufacturer's website for details on compatible upgrade kits.

Note: This product does not require batteries for its standard operation.

MAINTENANCE

Proper care will ensure the longevity and appearance of your Sembo Block Technique Bacati Car model.

- **Cleaning:** To clean the blocks, gently wipe them with a soft, damp cloth. Do not use harsh chemicals, abrasive cleaners, or excessive water, as this may damage the plastic or printed details.
- **Storage:** Store the assembled model or disassembled blocks in a cool, dry place away from direct sunlight and extreme temperatures. This helps prevent warping or fading of the plastic.
- **Handling:** Handle the model with care to avoid accidental drops or impacts, which could cause pieces to detach or break.

TROUBLESHOOTING

If you encounter any issues with your Sembo Block Technique Bacati Car, please refer to the following common solutions:

- **Missing Pieces:** Double-check all packaging materials and the building area. If a piece is genuinely missing, contact Sembo Block customer support with your product model number and details of the missing part.
- **Difficulty Connecting Blocks:** Ensure the blocks are correctly oriented and aligned. Apply gentle, even pressure to snap them together. Avoid forcing blocks, as this can cause damage.
- **Model Instability:** Review the assembly steps in the instruction booklet, paying close attention to the connections. Loose or incorrectly placed blocks can affect the model's structural integrity. Re-secure any loose connections.
- **Damaged Parts:** If any parts are damaged upon arrival or during assembly, please contact customer support for assistance.

SPECIFICATIONS

Feature	Detail
Brand	Sembo Block
Model Number	8604 (Item Model Number: 2022)
Material Type	Polypropylene
Color	Multicolor
Assembly Required	Yes
Batteries Required	No
Recommended Age	6 - 18 years
Approximate Piece Count	1355 Pcs
Package Dimensions	62 x 42 x 9.5 cm
Item Weight	2 kg
Educational Objectives	Creativity, Motor Skills

WARRANTY AND SUPPORT

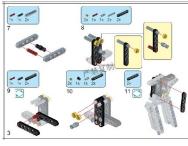

For detailed warranty information, product support, or inquiries regarding replacement parts, please refer to the separate warranty card that may be included with your purchase. Alternatively, visit the official Sembo Block website for the most up-to-date information and contact details for customer service.

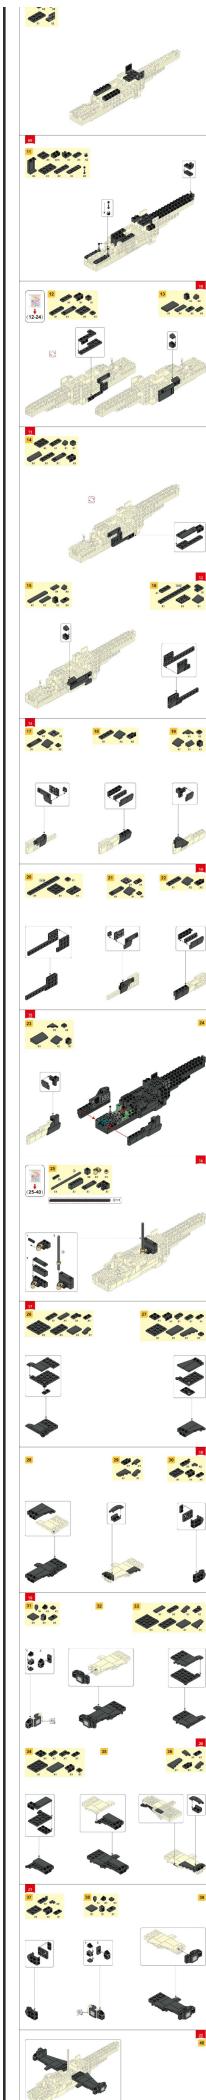

Contact information for customer support is typically provided on the product packaging or the manufacturer's official website.
