BUFFBEE AK5

Buffbee Sound Machine with Night Light User Manual

Brand: BUFFBEE | Model: AK5

INTRODUCTION

The Buffbee Sound Machine with Night Light is designed to create a soothing environment for improved sleep and relaxation. It features 20 non-looping sleep sounds, customizable glow lights with 10 colors, and can be powered by battery or AC adapter, making it suitable for various settings including nurseries, bedrooms, and travel.

SAFETY INFORMATION

For safe use of your Buffbee Sound Machine, please observe the following guidelines:

- Always inspect the power cord for any signs of fraying or damage before use. Do not use if damaged.
- Use only the recommended batteries (3 AAA, not included) or the provided AC adapter for power.
- Keep the device away from water or any liquids to prevent electric shock or damage.
- This product is not a toy. Ensure children do not play with the device or its components.
- Do not disassemble, repair, or modify the device yourself. Contact customer support for assistance.
- Place the device on a stable, flat surface to prevent it from falling.

SETUP

The Buffbee Sound Machine offers flexible power options for your convenience.

Powering the Device:

1. **AC Adapter Power:** Connect the included AC adapter to the device's power input port and then plug it into a standard wall outlet. This is recommended for continuous use.
2. **Battery Power:** For portable use, insert 3 AAA batteries (not included) into the battery compartment located at the bottom of the device. Ensure correct polarity.

Grab and Go - Sleep well ANYTIME!

3 AAA batteries not included

This compact gear helps sleeping ANYWHERE by power outlet or batteries.

Figure 2: The compact design allows for easy portability, powered by batteries for on-the-go use.

OPERATING INSTRUCTIONS

Familiarize yourself with the control buttons on the front of the device for optimal use.

Simple to Use

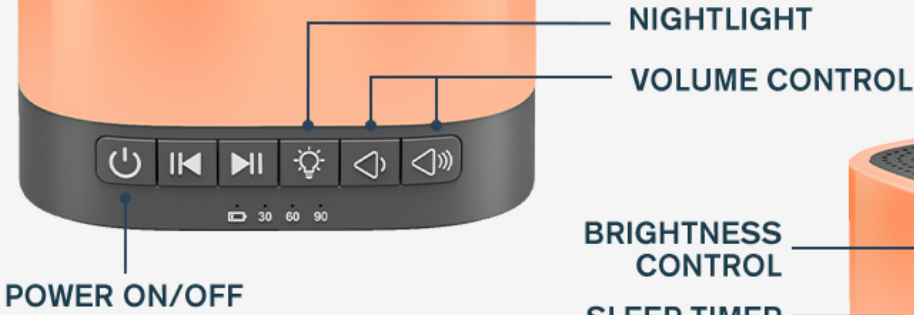

Figure 3: The sound machine offers a selection of 20 soothing sounds, including various white noises, fan sounds, and nature sounds.

Controls Overview:

Nursery Night Light

Comfort baby and family

With 5 levels brigtness & off settings.

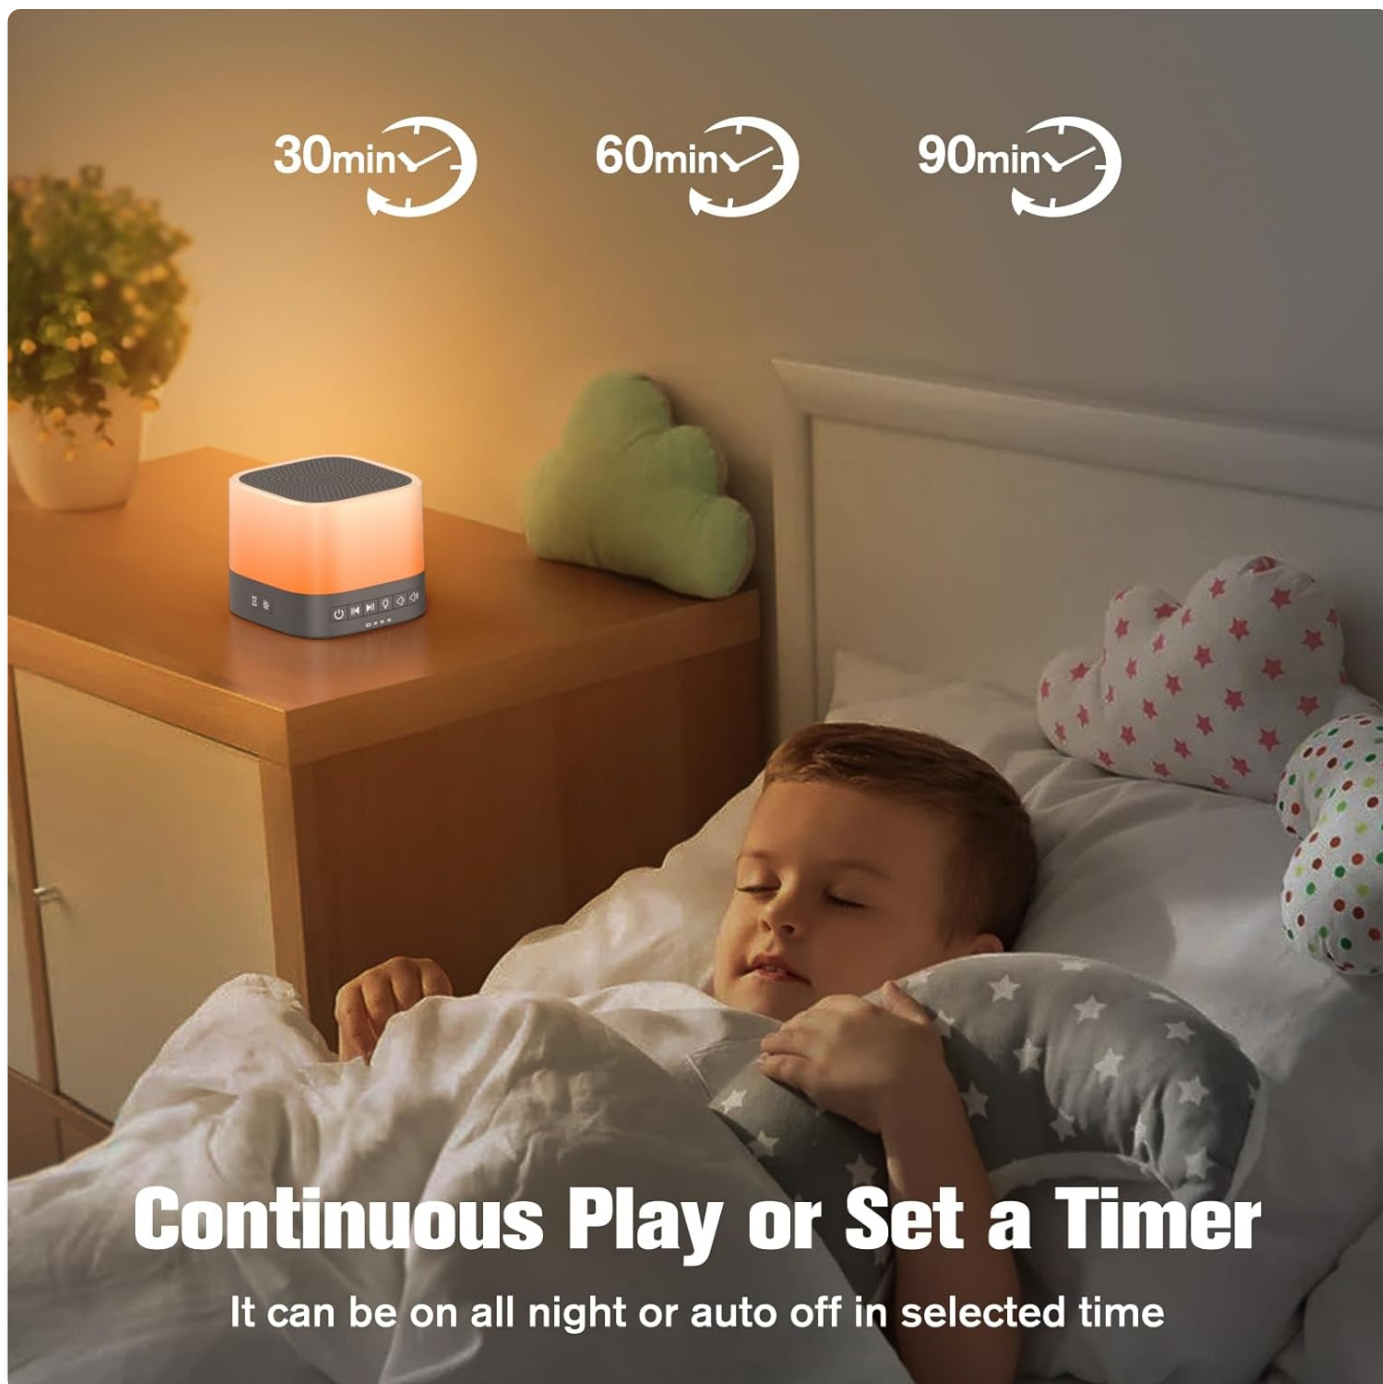

Figure 5: Detailed view of the control panel, indicating functions for each button.

- **Power Button** (): Press to turn the device ON or OFF.
- **Sound Selection** (/): Use these buttons to cycle through the 20 available sleep sounds.
- **Light Button** (): Press to turn the night light ON/OFF or to change between the 10 available colors.
- **Brightness Control** (*): Adjust the brightness of the night light.
- **Volume Control** (/): Increase or decrease the sound volume.
- **Sleep Timer** (): Set the device to automatically turn off after 30, 60, or 90 minutes. You can also choose continuous play.

Step-by-Step Operation:

1. **Turn On:** Press the Power button () to activate the sound machine and night light.
2. **Select Sound:** Use the Sound Selection buttons (/) to browse through the 20 soothing sounds until you find your preferred one.
3. **Adjust Volume:** Use the Volume Control buttons (/) to set the desired sound level.
4. **Control Night Light:**
 - Press the Light button () to turn the light on or off.
 - Press the Light button repeatedly to cycle through the 10 available colors.
 - Use the Brightness Control button (*) to adjust the light intensity.
5. **Set Sleep Timer:** Press the Sleep Timer button () to select a shut-off time (30, 60, or 90 minutes) or to enable continuous play. The indicator lights will show the selected timer setting.
6. **Turn Off:** Press the Power button () again to turn off the device.

Continuous Play or Set a Timer

It can be on all night or auto off in selected time

Figure 6: The sleep timer function allows for automatic shut-off after a set duration, or continuous play.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your sound machine.

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use abrasive cleaners, solvents, or immerse in water.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place, away from direct sunlight and extreme temperatures. Remove batteries if storing for a long time.
- **Battery Replacement:** Replace AAA batteries when the device's performance diminishes or if it fails to power on with batteries.

TROUBLESHOOTING

If you encounter issues with your Buffbee Sound Machine, try the following troubleshooting steps:

Problem	Possible Cause	Solution
Device does not turn on.	No power, dead batteries, or faulty adapter.	Ensure AC adapter is securely plugged in. If using batteries, replace with fresh ones.
No sound or low volume.	Volume too low or sound not selected.	Increase volume using the volume up button. Ensure a sound is selected.
Night light not working.	Light turned off or brightness set to minimum.	Press the Light button to turn it on. Adjust brightness using the brightness control.
Sound quality is poor.	Interference or device placement.	Move the device away from other electronic devices that may cause interference. Ensure it's on a stable surface.

If the issue persists after attempting these steps, please contact Buffbee customer support for further assistance.
