Tramontina Primaware 15-Piece Non-Stick Cookware Set User Manual

Model: 80143/035DS

INTRODUCTION

Thank you for choosing the Tramontina Primaware 15-Piece Non-Stick Cookware Set. This set is designed to provide a versatile and efficient cooking experience for both new and experienced cooks. Crafted with durable aluminum and featuring a high-quality non-stick interior, this set ensures effortless food release and easy cleanup. Please read this manual thoroughly before first use to ensure proper care and optimal performance of your new cookware.

Included Components:

- 8-inch Fry Pan
- 11-inch Square Griddle
- 9-inch Open Deep Sauté Pan
- 1-Quart Covered Sauce Pan
- 2-Quart Covered Sauce Pan
- 4-Quart Covered Dutch Oven
- 6 Nylon Utensils

The complete Tramontina Primaware 15-Piece Non-Stick Cookware Set.

SAFETY INSTRUCTIONS

- **Heat Resistance:** While handles are designed to stay cool, always use oven mitts or pot holders when handling hot cookware, especially after prolonged cooking.
- **Cooktop Compatibility:** This cookware is compatible with gas, electric, and ceramic glass cooktops. It is **not** suitable for induction cooktops or oven use.
- **Heat Settings:** Use low to medium heat settings for most cooking tasks. High heat can damage the non-stick coating and may cause food to burn.
- **Utensil Use:** Always use nylon, wooden, or silicone utensils to protect the non-stick surface. Avoid metal utensils, which can scratch and damage the coating.
- **Lids:** Glass lids allow you to monitor cooking without lifting, helping to retain moisture and heat. Be cautious when removing hot lids, as steam can escape.
- **Children and Pets:** Keep hot cookware out of reach of children and pets.

SETUP

Before First Use:

1. Remove all packaging materials, labels, and tags from the cookware.
2. Wash each piece of cookware and all lids thoroughly with warm, soapy water.
3. Rinse well and dry completely with a soft cloth.
4. Condition the non-stick interior by rubbing a small amount of cooking oil over the entire surface with a paper towel. Wipe off any excess oil. This step helps to maintain the non-stick properties.

The Starflon MAX non-stick interior for easy cooking and cleaning.

OPERATING INSTRUCTIONS

Cooktop Compatibility:

Your Tramontina Primaware cookware is designed for use on the following cooktop types:

- Gas
- Electric
- Ceramic Glass

Ensure the cookware base is centered on the burner for even heat distribution. Avoid using on induction cooktops.

Cooktop compatibility and dishwasher-safe icon.

Cooking with Non-Stick:

1. **Heat Control:** Use low to medium heat settings. The aluminum construction provides excellent heat conductivity, so high heat is rarely necessary and can damage the non-stick coating.
2. **Oil/Butter:** While the non-stick surface allows for cooking with minimal oil or butter, a small amount can enhance flavor and browning.
3. **Utensils:** Always use heat-resistant nylon, wooden, or silicone utensils to prevent scratching the non-stick surface. Metal utensils are not recommended.
4. **Even Cooking:** The cookware is designed for even heat distribution, reducing hot spots and ensuring food cooks uniformly.

Ergonomic Handles and Glass Lids:

The ergonomically designed handles are made to stay cool during stovetop cooking, providing a secure and comfortable grip. The glass lids allow for easy monitoring of your food without releasing heat or moisture, and feature a coated topper for safe handling.

MAINTENANCE AND CARE

Cleaning:

This cookware set is dishwasher safe for convenient cleaning. For best results and to prolong the life of the non-stick coating, hand washing with warm, soapy water and a non-abrasive sponge is recommended. Avoid using harsh detergents, abrasive cleaners, or steel wool, as these can damage the non-stick surface.

Cookware is dishwasher safe for easy cleaning.

Storage:

When storing, place a soft cloth or paper towel between stacked pans to prevent scratching the non-stick surface. Store lids separately or carefully on top of pans to avoid damage.

TROUBLESHOOTING

- **Food Sticking:** If food begins to stick, ensure you are using a small amount of oil or butter and cooking on low to medium heat. Re-condition the non-stick surface with cooking oil after cleaning.
- **Discoloration:** Minor discoloration can occur over time due to heat or certain foods. This is normal and does not affect the performance of the cookware.
- **Warping:** Avoid extreme temperature changes (e.g., placing a hot pan under cold water) as this can cause warping. Allow cookware to cool before washing.

SPECIFICATIONS

Brand	Tramontina
Model Number	80143/035DS
Material	Aluminum
Non-Stick Coating	Starflon MAX
Number of Pieces	15
Color	Silver
Handle Material	Plastic (Stay-Cool)
