## 6. MAINTENANCE AND CARE

---

### 6.1 Cleaning

- **Lenses:** Use the provided microfiber cleaning cloth to gently wipe the lenses. For stubborn smudges, lightly dampen the cloth with water or a specialized eyewear cleaning solution. Avoid using paper towels, clothing, or harsh chemicals, as these can scratch the lenses.
- **Frame:** Wipe the frame with the cleaning cloth. For deeper cleaning, a mild soap and water solution can be used, followed by thorough rinsing and drying.

### 6.2 Storage

- Always store your sunglasses in the provided protective case when not in use. This prevents scratches and damage.
- Avoid leaving sunglasses in direct sunlight for extended periods, especially in hot environments like a car dashboard, as extreme heat can warp the frame or damage the lens coatings.

### 6.3 Handling

- Always handle your sunglasses by the frame, not the lenses, to avoid smudges and potential damage.
- When placing sunglasses down, ensure the lenses are facing upwards to prevent scratching.
