

Generic QILIVE Smartphone 6.2 Q3 20 6.2 pouces

User Manual for Generic Cell Phone Basic Case

Model: QILIVE Smartphone 6.2 Q3 20 6.2 pouces Compatible Case

1. OVERVIEW

This manual provides essential information for the proper installation, use, and maintenance of your Generic Cell Phone Basic Case, designed specifically for the QILIVE Smartphone 6.2 Q3 20 6.2 pouces. This case offers robust protection and enhanced functionality for your device.

2. PRODUCT FEATURES

- **360° Rotatable Ring Holder:** Provides a secure grip and functions as a convenient kickstand for hands-free viewing.
- **Precision Cutouts:** Ensures full access to all ports, buttons, and speakers without removing the case.
- **Durable Material:** Constructed from TPU material and a PC backplane, offering scratch-proof, fingerprint-proof, and comfortable tactile properties.
- **Stylish Design:** Features a high-definition pattern printing with a marble texture that resists fading.
- **Magnetic Car Mount Compatibility:** Includes a built-in metal plate for direct adsorption to magnetic car mount holders (mount not included).
- **Shockproof Protection:** Soft silicone frame with thickened corners and a silicone buffer layer provides enhanced drop protection, with raised edges to protect the screen and camera.

Overall view of the case, highlighting the integrated 360-degree rotatable ring holder.

SHOCKPROOF

Soft silicone frame + hard PC backplane, thickened four corners, and a silicone buffer layer in the middle, which is higher than the screen and camera design.

Close-up showing the shockproof design with thickened corners and raised edges for screen and camera protection.

**Different angles will show
different reflection effects**

Thickened anti-drop

Illustrates how the case's surface reflects light differently from various angles, showcasing its stylish design.

360° Rotation, You can choose the right angle

Demonstration of the 360-degree rotation capability of the integrated ring holder.

A hand utilizing the ring holder for a secure grip on the phone.

Depicts the case's compatibility with magnetic car mounts, showing the integrated metal plate.

3. SETUP (INSTALLATION)

Follow these steps to properly install the case on your smartphone:

1. Ensure your QILIVE Smartphone 6.2 Q3 20 6.2 pouces is clean and free of dust or debris.

2. Align the phone with the case, starting by inserting one side of the phone into the case.
3. Gently press the phone into the case, ensuring all corners are securely fitted and the phone is fully seated within the case.
4. Verify that all ports, buttons, and camera cutouts align correctly with your phone's features.

4. OPERATING INSTRUCTIONS

Using the 360° Rotatable Ring Holder

- To use the ring holder, gently pull the ring outwards from the back of the case until it extends.
- Rotate the ring to your desired angle for a comfortable and secure grip, or to position your phone as a kickstand for hands-free viewing of videos and other media.
- When not in use, fold the ring flat against the case to maintain a slim profile.

Utilizing the Magnetic Car Mount Feature

- The case features a built-in metal plate designed for compatibility with magnetic car mount holders (magnetic car mount not included).
- Simply attach your phone with the case directly to a magnetic car mount. No additional patches or adhesives are required on the phone or case.
- This feature allows for convenient and secure placement of your phone for GPS navigation or hands-free music playback while driving.

5. MAINTENANCE

Proper care will extend the life and appearance of your phone case:

- To clean your phone case, gently wipe it with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these may damage the case's finish, material, or printed design.
- Ensure the case is completely dry before reattaching it to your phone.
- Periodically remove the case to clean any dust or debris that may accumulate between the phone and the case.

6. TROUBLESHOOTING

If you encounter any issues with your phone case, refer to the following common solutions:

- **Case does not fit properly or cutouts are misaligned:** Ensure you have the correct model of phone (QILIVE Smartphone 6.2 Q3 20 6.2 pouces). Gently adjust the phone within the case to ensure proper seating. If issues persist, verify the case model number against your phone's specifications.
- **Ring holder feels loose or does not stay in position:** The ring holder is designed for smooth rotation. If it becomes excessively loose, ensure it is not obstructed by debris. Avoid applying excessive force when rotating or using it as a kickstand.
- **Magnetic car mount not holding securely:** Ensure your magnetic car mount is strong enough and properly installed. The case's integrated metal plate is designed for standard magnetic mounts. Clean both the case's back and the mount's surface to ensure good contact.
- **Case appears dirty or stained:** Refer to the Maintenance section for proper cleaning instructions. For

stubborn stains, a mild soap solution on a soft cloth may be used, followed by thorough drying.
