Dolgoro X148-052-06-BK

Dolgoro 6-Light Semi Flush Mount Ceiling Light Instruction Manual

Model: X148-052-06-BK

1. INTRODUCTION

Thank you for purchasing the Dolgoro 6-Light Semi Flush Mount Ceiling Light. This manual provides essential information for the safe installation, operation, and maintenance of your new lighting fixture. Please read these instructions thoroughly before beginning installation and retain them for future reference.

2. SAFETY INFORMATION

To reduce the risk of fire, electric shock, or personal injury, always follow these safety precautions:

- **WARNING:** Always turn off the electrical power at the main circuit breaker or fuse box before installation, servicing, or cleaning the fixture.
- Consult a qualified electrician if you are unsure about the installation process or electrical wiring.
- Use only E26 base bulbs with a maximum wattage of 40W per bulb. Do not exceed the recommended wattage.
- Ensure the fixture is properly grounded according to local electrical codes.
- Handle glass components with care to prevent breakage and injury.
- Do not connect the fixture to an ungrounded electrical system.
- This fixture is designed for indoor use only.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning installation. If any parts are missing or damaged, contact customer service.

- Light Fixture Body (1)
- Clear Glass Shades (6)
- Mounting Hardware (Mounting bracket, screws, wire nuts)
- Instruction Manual (1)

Note: E26 base bulbs are NOT included and must be purchased separately.

6-Light Flush Mount Ceiling Light

Compatible with all E26 base bulbs
(40W Max/Light)

Bulb Not Included

4. SETUP AND INSTALLATION

Follow these steps for proper installation. It is recommended to have two people for installation.

1. **Turn Off Power:** Locate the circuit breaker that supplies power to the light fixture location and turn it off. Ensure power is completely disconnected before proceeding.
2. **Prepare Mounting:** Attach the mounting bracket to the electrical junction box in the ceiling using the provided screws. Ensure the bracket is securely fastened.

3. **Wire Connections:** Connect the electrical wires from the fixture to the corresponding wires from the junction box using the provided wire nuts.
 - Connect the **black** wire (live) from the fixture to the **black** wire (live) from the junction box.
 - Connect the **white** wire (neutral) from the fixture to the **white** wire (neutral) from the junction box.
 - Connect the **ground** wire (bare copper or green) from the fixture to the **ground** wire from the junction box (or to the green grounding screw on the mounting bracket).

Ensure all connections are secure.

4. **Mount Fixture:** Carefully lift the fixture body and align it with the mounting bracket. Secure the fixture to the bracket using the provided screws.
5. **Install Glass Shades:** Gently screw each clear glass shade onto its respective socket on the fixture body. Do not overtighten.
6. **Install Bulbs:** Screw E26 base bulbs (not included, max 40W each) into each of the six sockets.
7. **Restore Power:** Once installation is complete and all components are secure, restore power at the main circuit breaker.

5. OPERATING INSTRUCTIONS

Once installed, operate your Dolgoro ceiling light as follows:

- **Power On/Off:** Use your standard wall switch to turn the light fixture on or off.
- **Bulb Requirements:** This fixture requires six (6) E26 base bulbs. Each bulb should not exceed 40 watts. Bulbs are not included.
- **Dimmable Functionality:** The Dolgoro 6-Light Semi Flush Mount Ceiling Light is dimmable. To utilize this feature, you must install dimmable E26 bulbs and connect the fixture to a compatible dimmer switch (both sold separately). The fixture itself does not have a built-in touch control; the 'Touch' specification refers to compatibility with touch-sensitive wall switches.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your light fixture.

- **Cleaning:** Before cleaning, ensure the power is turned off at the circuit breaker. Use a soft, dry cloth to wipe the metal frame and glass shades. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or glass.
- **Bulb Replacement:** Always turn off power before replacing bulbs. Allow bulbs to cool completely before handling. Replace with E26 base bulbs, not exceeding 40W.
- **Periodic Check:** Periodically check all electrical connections and mounting screws to ensure they remain secure.

7. TROUBLESHOOTING

If you encounter issues with your light fixture, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Bulb is faulty or loose. Incorrect wiring.	Check circuit breaker and wall switch. Ensure bulbs are screwed in tightly and are not burnt out. Replace if necessary. Verify wiring connections are correct and secure (refer to Section 4).
Light flickers.	Loose bulb. Incompatible dimmer switch or non-dimmable bulbs used with a dimmer. Loose wiring connection.	Tighten bulbs. Ensure both dimmer switch and bulbs are compatible and rated for dimming. Check wiring connections for security.
Glass shade is loose.	Shade not tightened sufficiently.	Gently tighten the glass shade onto its socket. Do not overtighten.

If troubleshooting steps do not resolve the issue, please contact Doltoro customer support.

8. SPECIFICATIONS

Feature	Detail
---------	--------

Feature	Detail
Brand	Dolgoro
Model Name	X148-052-06-BK
Type	Semi Flush Mount Ceiling Light
Color	Black
Material	Glass, Iron
Product Dimensions	20.5"L x 20.5"W x 7.9"H
