3. PRODUCT FEATURES

- **Advanced LED Technology:** Equipped with an upgraded XHM77.2 LED chip for stable and powerful illumination, capable of penetrating dust and fog.
- **High Brightness:** Delivers up to 1,000,000 lumens, illuminating large areas effectively.
- **LCD Power Display:** Unique LCD screen shows the precise remaining battery percentage.
- **Rechargeable Battery:** Optimized battery for extended life and up to 12 hours of runtime in low mode.
- **USB Output Function:** Can be used as an emergency power bank to charge mobile devices via its USB interface.
- **5 Lighting Modes:** High, Medium, Low, Strobe, and SOS. Modes transition gradually to protect eyes.
- **Adjustable Zoom:** Extend the flashlight head to switch between a powerful spotlight for long-range and a wide floodlight for broad area illumination.
- **Durable Construction:** Made from aerospace-grade aluminum alloy, offering excellent shock resistance (up to 10 feet impact) and IP67 waterproof rating.
- **Mini COB Keychain Light:** A compact, multi-functional accessory with 800 lumens, a 180-degree foldable handle, magnet, carabiner, and bottle opener.

4. OPERATING INSTRUCTIONS

4.1. Initial Setup and Charging

1. **Battery Installation:** The main flashlight comes with a rechargeable battery. For the mini COB light, ensure the included AAA batteries are correctly inserted if not pre-installed.
2. **Charging the Main Flashlight:**
 - Connect the provided USB charging cable to the flashlight's USB-C port.
 - Plug the other end into a standard USB power adapter (not included) or a computer's USB port.
 - The LCD display will show the charging progress. A full charge is indicated by 100%.
 - The flashlight can also act as a power bank. Connect your mobile device to the flashlight's USB output port to charge it in emergencies.

4.2. Power On/Off and Mode Selection (Main Flashlight)

- **Power On/Off:** Press the power button once to turn the flashlight on. Press it again to cycle through the modes. To turn off the flashlight from any mode, press and hold the power button for 3 seconds.
- **Mode Cycling:** Each short press of the power button will cycle through the 5 modes in the following order: High > Medium > Low > Strobe > SOS.
- **Eye Protection:** The brightness changes gradually between modes to prevent sudden eye irritation.

Image: Visual representation of the five lighting modes: High, Medium, Low, Strobe, and SOS, demonstrating their varying light intensities and patterns.

4.3. Zoom Function

- To adjust the beam focus, simply push or pull the head of the flashlight.
- **Pushing the head forward** creates a narrow, focused spotlight for long-distance illumination (up to 1000 meters).
- **Pulling the head back** creates a wide floodlight for illuminating a broad area.

4.4. Using the Mini COB Keychain Light

- **Power On/Off:** Press the power button on the mini COB light to turn it on and cycle through its modes.
- **Multi-functional Design:**
 - Use the integrated magnet to attach it to metal surfaces for hands-free lighting.
 - Attach it to your keys or bag using the carabiner.
 - The foldable handle allows for various positioning options or hanging.
 - It also features a bottle opener for convenience.

5. MAINTENANCE

- **Cleaning:** Wipe the flashlight body with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Battery Care:**

- For optimal battery life, charge the flashlight regularly, even if not in frequent use.
- Avoid fully discharging the battery for extended periods.
- Store the flashlight in a cool, dry place when not in use.
- **Water Resistance:** The flashlight is IP67 waterproof, meaning it is protected from dust and can withstand immersion in water up to 1 meter for 30 minutes. Ensure all caps and covers are securely closed before exposure to water.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Flashlight does not turn on.	Low or depleted battery.	Charge the flashlight fully using the provided USB cable.
Light is dim or flickers.	Low battery charge.	Recharge the battery.
Flashlight not charging.	Cable or adapter issue; dirty charging port.	Try a different USB cable or power adapter. Ensure the charging port is clean and free of debris.
Zoom function is stiff.	Dirt or debris in the mechanism.	Clean the zoom mechanism gently. Avoid forcing it.

If you encounter issues not listed here or if the problem persists, please contact Shadowhawk customer support.

7. SPECIFICATIONS

Feature	Detail
Model Number	MXK-FR-S1695 (S1695)
Light Source Type	XHM77.2 LED
Luminosity	Up to 1,000,000 Lumens
Beam Distance	Up to 1000 meters
Lighting Modes	High, Medium, Low, Strobe, SOS (5 modes)
Power Source	Battery Powered (Lithium-ion)
Battery Life (Low Mode)	Up to 12 hours
Charging Port	USB-C
Output Function	USB (for charging external devices)
Material	Aerospace-grade Aluminum Alloy
Waterproof Rating	IP67
Dimensions (L x W x H)	17P x 5I x 3.5H centimeters (approx. 170L x 50W x 35H millimeters)

Feature	Detail
Mini COB Light Weight	45 Grams
Mini COB Light Luminosity	Up to 800 Lumens

8. SAFETY INFORMATION

- Do not shine the flashlight directly into eyes. The high intensity light can cause temporary vision impairment or permanent damage.
- Keep out of reach of children.
- Do not disassemble or modify the flashlight. This may cause damage and void the warranty.
- Avoid exposing the flashlight to extreme temperatures or direct sunlight for prolonged periods.
- Use only the recommended battery type and charging methods.

- Dispose of batteries according to local regulations.

9. WARRANTY AND SUPPORT

Shadowhawk ensures that all items are carefully inspected before shipping to ensure proper functionality. If you have any questions or encounter issues with your Shadowhawk S1695 LED Flashlight, please contact our customer service team for assistance. We are committed to providing the best solution within 24 hours. For support, please visit the official Shadowhawk store on Amazon or contact us directly through the platform.
