Finishing Touch Flawless Body Touch Up Electric Razor User Manual

Model: 022600423867

INTRODUCTION

The Finishing Touch Flawless Body Touch Up is a rechargeable electric razor designed for convenient and effective body hair removal. This device provides a close shave for stubble and body hair, leaving skin smooth without nicks, bumps, or cuts. Its discreet and portable design makes it suitable for use anytime, anywhere, on various body parts including legs and arms. The device is dermatologist approved and engineered for sleek precision on dry skin.

SAFETY INFORMATION

Please read all safety instructions before using this product. Failure to follow these instructions may result in injury or damage to the device.

- This product is compliant with California Proposition 65.
- Keep the device away from water when charging.
- Do not use the device if it appears damaged.
- Keep out of reach of children.
- Use only for its intended purpose of hair removal.

PRODUCT OVERVIEW AND FEATURES

The Finishing Touch Flawless Body Touch Up electric razor is designed for ease of use and portability. It features an 18 karat gold-plated head for gentle hair removal and a built-in LED light for enhanced visibility.

SETUP

Before first use, ensure the device is fully charged.

1. Connect the charging cable to the device and a suitable power source.
2. Allow the device to charge completely. The charging indicator light will provide status.

OPERATING INSTRUCTIONS

Follow these steps for effective and gentle hair removal:

1. Ensure the device is charged.
2. Turn on the electric razor.
3. Gently press the gold-plated heads against your dry skin.
4. Make slow, circular motions over the desired area for hair removal (e.g., legs, arms, armpits, bikini area).
5. No soap, water, or lotion is required during use.

6. The built-in LED light will help illuminate fine hairs for precise removal.
7. After use, turn off the device.

- ① Charge
- ② Turn on
- ③ Trace over skin in circular motion

A woman is shown using the electric razor on her armpit, illustrating the recommended circular motion for effective hair removal. The device's built-in light is visible, illuminating the skin.

MAINTENANCE

Regular cleaning ensures optimal performance and hygiene.

1. After each use, turn off the device.
2. Use the provided cleaning brush to remove any accumulated hair from the shaving head.
3. Ensure the device is dry before storing or recharging.

TROUBLESHOOTING

If you encounter issues with your device, refer to the following common solutions:

- **Device not turning on:** Ensure the device is fully charged. Connect it to the charger and wait for the charging indicator.
- **Reduced performance:** Clean the shaving head thoroughly with the provided brush to remove any

hair debris.

- **Irritation after use:** Ensure you are using the device on clean, dry skin. Avoid pressing too hard. If irritation persists, discontinue use.
