### Luxebath Blue and Green Loofah Set

# Luxebath Loofah Exfoliating Body Scrubber User Manual

Model: Blue and Green Loofah Set

## Introduction

Thank you for choosing the Luxebath Loofah Exfoliating Body Scrubber. This manual provides essential information for the proper use, care, and maintenance of your new loofah set. Designed for a luxurious and effective full-body exfoliation, the Luxebath loofah helps sweep away dead skin cells and impurities, leaving your skin smooth, refreshed, and radiant. Its plush netting creates a rich lather with minimal soap, making your daily shower routine a spa-like experience.
This set includes two loofahs and a portable traveling case, perfect for home use or on-the-go convenience.

## Safety Information

For your safety and to maintain product hygiene, please observe the following guidelines:

- Always rinse the loofah thoroughly with clean water after each use.
- Hang the loofah in a well-ventilated area to dry completely between uses. This is crucial to prevent bacterial growth and maintain hygiene.
- Do not share your loofah with others to avoid the spread of bacteria and skin conditions.
- Replace your loofah regularly, typically every 3-4 weeks, or sooner if it shows signs of wear or odor.
- If you experience any skin irritation, discontinue use immediately.

## Setup

Your Luxebath Loofah set comes ready for immediate use.

1. Remove the loofahs from the portable traveling case.
2. Before first use, rinse the loofah under warm water to soften its fibers.

## Operating Instructions

Follow these steps for an effective and refreshing cleansing experience:

1. **Wet the Loofah:** Hold the loofah under running water until it is thoroughly wet and softened.
2. **Apply Body Wash or Soap:** Squeeze a small amount of your preferred body wash or rub a bar of soap directly onto the wet loofah. The plush netting is designed to create a rich lather with minimal product.
3. **Gently Rub on Skin:** Using circular motions, gently rub the loofah over your skin. Focus on areas that require exfoliation. The loofah's texture will help remove dead skin cells and impurities, promoting smoother skin.
4. **Rinse Off:** After cleansing, rinse your body thoroughly with water to remove all soap residue.

## Maintenance and Care

Proper maintenance ensures the longevity and hygiene of your Luxebath Loofah:

- **Rinse Thoroughly:** After each use, rinse the loofah under warm, clean water until all soap and body wash residues are removed.
- **Hang to Dry:** Gently squeeze out excess water and hang the loofah in a well-ventilated area to air dry completely. Avoid leaving it in a damp shower environment, as this can promote bacterial growth. The integrated loop allows for easy hanging.
- **Cleaning the Travel Case:** The portable travel case can be wiped clean with a damp cloth and mild soap. Ensure it is dry before storing the loofahs.
- **Replacement:** For optimal hygiene and exfoliation, it is recommended to replace your loofah every 3 to 4 weeks, or sooner if it begins to fray, lose its texture, or develop an odor.

## Troubleshooting

If you encounter any issues with your Luxebath Loofah, consider the following:

| Problem | Possible Cause | Solution |
|---|---|---|
| Loofah not lathering well. | Insufficient water or body wash; loofah is old/worn. | Ensure loofah is fully wet. Apply a slightly larger amount of body wash. If the loofah is old, consider replacing it. |
| Loofah feels too rough. | Not fully wet; excessive pressure during use. | Ensure loofah is thoroughly soaked before use. Apply less pressure when scrubbing, using gentle circular motions. |
| Loofah develops an odor. | Not drying properly; bacterial growth. | Ensure the loofah is rinsed thoroughly and hung to dry completely in a well-ventilated area after each use. Replace the loofah immediately. |
