OKNIFE Otacle P1 11-in-1 Multi-Plier User Manual

Model: Otacle P1 | Brand: OKNIFE

INTRODUCTION

The OKNIFE Otacle P1 is a versatile 11-in-1 multi-plier designed for everyday carry (EDC). Its compact and lightweight design makes it an ideal companion for various tasks, from simple household fixes to outdoor activities. This manual provides comprehensive instructions on how to use and maintain your Otacle P1 multi-tool.

PRODUCT OVERVIEW

The Otacle P1 integrates 11 essential tools into a single, portable unit. Understanding each component is key to maximizing its utility.

OPERATING INSTRUCTIONS

Using the Pliers:

The pliers feature needle-nose, regular, and wire-cutting sections. Use the appropriate section for the task. The pliers are spring-assisted for ease of use. When closing, be mindful of the pinch point where the handles meet.

Other Tools:

Each tool is designed for its specific function. Always ensure the tool is fully deployed and stable before applying force. The lanyard hole allows for easy attachment to a keyring or bag for convenient access.

MAINTENANCE

- **Cleaning:** After each use, especially if exposed to dirt or moisture, clean the tool with a damp cloth. Dry thoroughly.
- **Lubrication:** Periodically apply a small amount of light machine oil to the pivot points of the tools to ensure

smooth operation.

- **Sharpening:** The knife blade can be sharpened using standard knife sharpening techniques.
- **Storage:** Store the Otacle P1 in a dry place to prevent rust and corrosion.

TROUBLESHOOTING

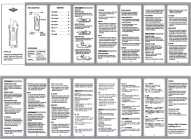

Issue	Possible Cause	Solution
Tools are stiff or hard to open/close.	Lack of lubrication or dirt accumulation.	Clean the tool thoroughly and apply a small amount of lubricant to pivot points.
Pliers handles pinch fingers.	Improper grip during opening/closing.	Always keep fingers clear of the central pivot point when opening or closing the pliers. Grip the handles closer to the ends.
Knife blade is dull.	Normal wear and tear from use.	Sharpen the blade using a suitable sharpening stone or tool.
