ENERGETIC SMARTER LIGHTING LED Desk Lamp Instruction Manual

Model: MTS1001AYS

Brand: E ENERGETIC LIGHTING

IMPORTANT SAFETY INSTRUCTIONS

Please read and understand all instructions before using this product. Keep this manual for future reference.

- Do not operate the lamp with a damaged cord or plug. If damaged, contact customer support.
- Do not disassemble the lamp. The LED light source is integrated and not user-replaceable.
- Avoid direct eye exposure to the LED light source for prolonged periods.
- Ensure the lamp is placed on a stable, flat surface to prevent tipping.
- Keep the lamp away from water or other liquids.
- This lamp is designed for indoor use only.

PRODUCT OVERVIEW

The ENERGETIC SMARTER LIGHTING LED Desk Lamp is designed to provide efficient and eye-friendly illumination for various tasks. It features a flexible gooseneck for adjustable lighting direction and an easy-to-use on/off switch.

Figure 2: Detailed dimensions of the desk lamp, including height, shade size, base diameter, and cord length.

Figure 3: Close-up of the lamp's base, showing the integrated on/off rocker switch for convenient control.

PACKAGE CONTENTS

- 1 x ENERGETIC SMARTER LIGHTING LED Desk Lamp (with integrated LED light source)
- 1 x Power Cord (attached)

SETUP

1. Unpacking

Carefully remove the desk lamp and all packaging materials from the box. Inspect the lamp for any signs of damage.

2. Placement

Place the lamp on a stable, flat surface such as a desk, table, or nightstand. Ensure there is adequate space around the lamp for ventilation and adjustment.

3. Power Connection

Plug the power cord into a standard AC 120V electrical outlet.

Video 1: Demonstrates plugging in the LED desk lamp and turning it on. The flexible gooseneck is also shown being adjusted.

OPERATING INSTRUCTIONS

1. Turning On/Off

Locate the rocker switch on the lamp's base. Press the switch to the 'ON' position to turn on the light, and to the 'OFF' position to turn it off.

2. Adjusting the Light

The lamp features a flexible gooseneck. Gently bend and twist the gooseneck to direct the light beam to your desired area. The gooseneck is designed to hold its position once adjusted.

Figure 4: The flexible gooseneck allows for easy and precise adjustment of the lamp head to illuminate your workspace.

Video 2: Shows the brightness of the lamp and the flexibility of its gooseneck, demonstrating how easily the light can be repositioned.

MAINTENANCE

1. Cleaning

To clean the lamp, ensure it is unplugged from the power outlet. Use a soft, dry cloth to wipe down the exterior surfaces. Do not use abrasive cleaners or solvents.

2. Bulb Replacement

This lamp features an integrated LED light source that is designed for long-term use and does not require bulb replacement. Do not attempt to open or replace the LED module.

Note: No bulb to replace ever

Figure 5: The lamp's design with an integrated LED light source, eliminating the need for bulb replacement.

TROUBLESHOOTING

- **Lamp Does Not Turn On:** Check if the power cord is securely plugged into the outlet and the lamp. Ensure the wall outlet is

functioning correctly.

- **Light Flickers:** Ensure the lamp is connected to a stable power source. If flickering persists, unplug the lamp and plug it back in. If the issue continues, contact customer support.
- **Gooseneck Does Not Hold Position:** The gooseneck is designed to be flexible yet firm. If it consistently fails to hold its position, inspect for any visible damage.

SPECIFICATIONS

Model Number	MTSL1001AYS
