3. SETUP

3.1. Installing the SIM Card(s)

1. Locate the back cover of the phone. Gently remove it by prying it from the designated notch.
2. If a battery is already installed, remove it by lifting it from the bottom edge.
3. Identify the SIM card slot(s). The Altice F3 supports Dual SIM.
4. Insert your SFR prepaid SIM card(s) into the designated slot(s) with the gold contacts facing down and the cut corner aligned as indicated on the phone.
5. Refer to the included SIM card activation guide for specific activation steps for your SFR prepaid SIM.

3.2. Installing the Battery

1. After inserting the SIM card(s), place the Lithium-ion battery into the battery compartment, ensuring the contacts align with those on the phone.
2. Press down gently until the battery is securely in place.
3. Replace the back cover, pressing firmly until it clicks into position.

3.3. Initial Charging

1. Connect the charger to the charging port on your phone.
2. Plug the charger into a standard electrical outlet.
3. Allow the phone to charge completely before its first use. The charging indicator on the screen will show the battery status.

4. OPERATING THE PHONE

4.1. Powering On/Off

- **To Power On:** Press and hold the Power/End Call button (usually marked with a red phone icon) until the screen lights up.
- **To Power Off:** Press and hold the Power/End Call button until the power-off options appear, then select 'Power Off' or confirm.

4.2. Making and Receiving Calls

- **To Make a Call:** Enter the phone number using the keypad and press the Call button (usually marked with a green phone icon).
- **To Receive a Call:** When the phone rings, press the Call button to answer. Press the End Call button to reject or end a call.
- **Dual SIM Selection:** If using two SIM cards, the phone may prompt you to select which SIM to use for outgoing calls or allow you to set a default.

4.3. Sending and Receiving Messages

- Navigate to the 'Messages' menu.
- Select 'New Message' or 'Create Message'.
- Enter the recipient's number and type your message using the keypad.
- Press 'Send'.

4.4. Bluetooth Pairing

- Go to 'Settings' > 'Bluetooth'.
- Turn Bluetooth 'On'.
- Select 'Search for devices' or 'Pair new device'.
- Choose the desired device from the list and follow the on-screen prompts to pair.

4.5. Using the Camera

- Access the 'Camera' application from the main menu.
- Frame your shot using the screen.
- Press the designated camera button or the center navigation key to take a photo.

4.6. Activating the Flashlight

The Altice F3 includes a built-in flashlight. Typically, this can be activated by a dedicated button on the side of the phone or by holding down a specific key on the keypad (e.g., the '0' key or a navigation key) from the home screen. Refer to your phone's on-screen prompts or quick guide for the exact method.

5. MAINTENANCE

5.1. Battery Care

- Avoid exposing the battery to extreme temperatures (hot or cold).
- Do not puncture, disassemble, or modify the battery.
- Use only the original charger provided with your phone.
- If the phone will not be used for an extended period, charge the battery to about 50% before storing it in a cool, dry place.

5.2. Cleaning Your Phone

- Use a soft, lint-free cloth to clean the screen and body of the phone.
- Avoid using harsh chemicals, abrasive cleaners, or aerosol sprays.
- Do not expose the phone to excessive moisture.

5.3. Storage

Store your phone in a dry environment, away from direct sunlight and extreme temperatures. Keep it away from dust and dirt to prevent damage to internal components.

6. TROUBLESHOOTING

Problem	Possible Solution
Phone does not power on.	• Ensure the battery is correctly installed and charged. • Connect the charger and try powering on after a few minutes. • Check if the battery is damaged.

Problem	Possible Solution
Cannot make or receive calls.	• Check if the SIM card is properly inserted and activated. • Ensure you have network coverage. • Verify that your prepaid credit is sufficient. • Restart the phone.
Battery not charging.	• Ensure the charger is correctly connected to both the phone and the power outlet. • Try using a different power outlet. • Check if the charger cable or adapter is damaged.
Bluetooth device not pairing.	• Ensure Bluetooth is enabled on both devices. • Make sure both devices are within range. • Check if the other device is in pairing mode.
