Yaheetech Cat Litter Box Furniture Instruction Manual

Model: YT-00121622

INTRODUCTION

Thank you for choosing the Yaheetech Cat Litter Box Furniture. This versatile enclosure is designed to discreetly house your cat's litter box while serving as a stylish piece of furniture, such as a side table or nightstand. Its thoughtful design ensures both functionality for your pet and seamless integration into your home decor.

SETUP & ASSEMBLY

Assembly is required for this product. Please follow the instructions carefully to ensure proper construction and stability. All necessary hardware is included.

Assembly Video Guide

Your browser does not support the video tag.

Video Description: This official Yaheetech assembly video provides a detailed, step-by-step visual guide for constructing your cat litter box enclosure. It demonstrates how to connect each panel, install hinges, and secure all components, ensuring a sturdy and correct setup.

Key Assembly Steps & Features

- Door Hinge Installation:** Attach the hinges to the cabinet doors using the provided screws. Ensure they are securely fastened for smooth operation.
- Panel Connection:** Connect the side, back, and bottom panels using the cam locks and dowels. Ensure all connections are tight and flush.
- Top Panel Attachment:** Secure the top panel to the assembled frame. The raised edges on the top provide a convenient tray-like surface.
- Removable Divider:** The enclosure includes a removable divider, allowing you to customize the interior space. This can create a separate area for a pet bed or additional storage, or be removed to accommodate a larger litter box.

Image Description: An interior view of the Yaheetech Cat Litter Box Furniture, highlighting its internal dimensions and the placement of a standard litter box. The image shows the removable divider and the cat entry hole.

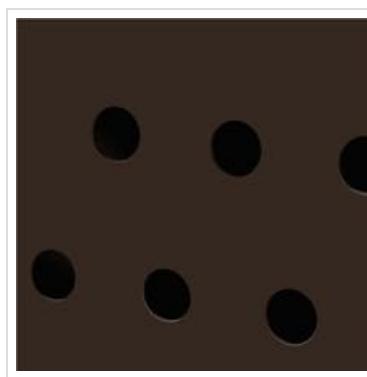

Image Description: A close-up of the rounded triangle cat hole design, emphasizing its spaciousness for cats of various sizes to easily enter and exit the enclosure.

OPERATING INSTRUCTIONS

- **Litter Box Placement:** Open the two front doors and slide your cat's litter box into the designated compartment. Ensure it fits comfortably within the interior dimensions.

- **Cat Entry/Exit:** Your cat can access the litter box through the dedicated cat hole on the side of the enclosure.
- **Side Rail Functionality:** The integrated side rail can be used as a handle for moving the enclosure or as a convenient towel rail.
- **Top Surface Use:** The wide and smooth tabletop can be used for placing ornaments, a pet bed with a cushion, or other home decor items.

MAINTENANCE

- **Cleaning:** The smooth surfaces of the enclosure are easy to clean. Simply wipe with a damp cloth and mild detergent as needed. Avoid abrasive cleaners.
- **Odor Control:** The back panel features ventilation holes to promote air circulation and help manage odors from the litter box.
- **Litter Box Access:** The two front doors provide easy access for scooping and changing the litter.

TROUBLESHOOTING

- Assembly Issues:** If you encounter difficulties during assembly, re-check the instruction manual and ensure all parts are correctly oriented and secured.
- Door Alignment:** If doors do not close properly, check hinge installation and adjust screws as necessary.
- Odor Persistence:** Ensure the litter box is regularly cleaned and that the ventilation holes are not obstructed. Consider using odor-absorbing litter or deodorizers.

For any persistent issues or concerns, please contact Yaheetech customer support.
