Ohuhu 4-Tier Greenhouse Shelves (Model GGH-17) Instruction Manual

Model: GGH-17

1. INTRODUCTION

Thank you for choosing the Ohuhu 4-Tier Greenhouse Shelves. This product is designed to provide a sturdy and space-saving solution for organizing your plants, whether in a greenhouse, on a balcony, or indoors. Constructed with durable, rustproof metal, these shelves offer reliable support for various potted plants, seed trays, and gardening tools.

This manual provides detailed instructions for assembly, usage, and maintenance to ensure you get the most out of your new plant stand.

2. PACKAGE CONTENTS

Before assembly, please ensure all components are present and undamaged. The package for the Ohuhu 4-Tier Greenhouse Shelves (2-pack) should contain the following:

- Metal Tubes (for vertical and horizontal frame)
- Metal Mesh Shelves (4 per unit)
- Plastic Connectors
- Extra Clips (for securing mesh shelves)

Stable metal rack

Clips to fix rack better

Thickened & rustproof poles

Durable plastic connector

3. SETUP AND ASSEMBLY

Assembly of the Ohuhu 4-Tier Greenhouse Shelves is straightforward and requires no tools. Follow these steps for quick setup:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble Frame:** Connect the metal tubes using the plastic connectors to form the vertical and horizontal frame of the shelf unit. Ensure all connections are secure.
3. **Install Shelves:** Slide each metal mesh shelf into place on the assembled frame.
4. **Secure Shelves:** Use the provided extra clips to firmly secure each metal mesh shelf to the frame. This enhances stability.
5. **Repeat for Second Unit:** If you have the 2-pack, repeat the process for the second shelving unit.

Ensure all connections are tight before placing items on the shelves to maintain stability.

Dimensions & Load Bearing

2 PACK

4. USAGE AND OPERATION

The Ohuhu 4-Tier Greenhouse Shelves are versatile and can be used in various settings:

- **Plant Display:** Ideal for organizing potted plants, herbs, flowers, and seed trays. Each shelf can safely hold up to 22 pounds (approximately 10 kg).
- **Greenhouse Integration:** Perfectly sized to fit within most walk-in greenhouses, maximizing vertical space for plant growth.
- **Outdoor Use:** Suitable for balconies, patios, and gardens due to its rustproof construction.
- **Indoor Storage:** Can also serve as a general storage shelf for household items in garages, utility rooms, or even as decorative shelving.

Important: Distribute weight evenly across each shelf to maintain stability and prevent tipping.

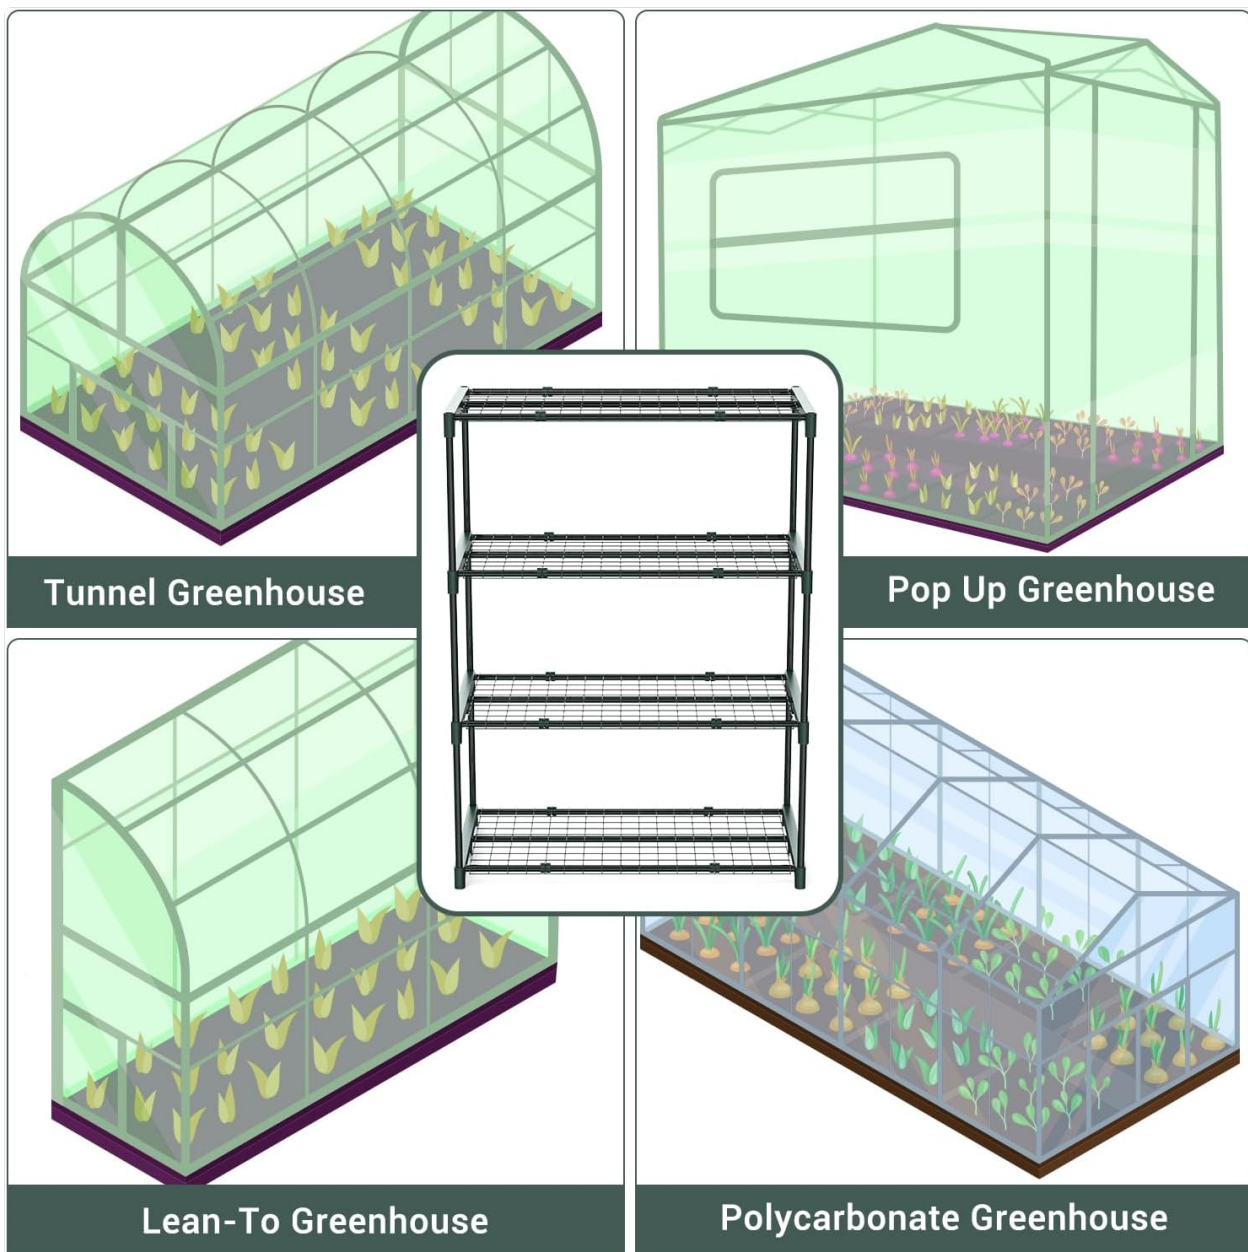

Image 4.3: Compatibility with different greenhouse structures.

5. MAINTENANCE

To ensure the longevity and appearance of your Ohuhu Greenhouse Shelves, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the shelves and frame with a dry cloth to remove dust and dirt. For stubborn grime, a slightly damp cloth can be used, followed by immediate drying.
- **Inspection:** Periodically check all connections and clips to ensure they remain secure. Tighten any loose connections as needed.
- **Rust Prevention:** Although designed to be rustproof, prolonged exposure to extreme moisture without proper drying can affect metal. Ensure the shelves are kept as dry as possible, especially after watering plants.

6. TROUBLESHOOTING

If you encounter any issues with your Ohuhu Greenhouse Shelves, consider the following common solutions:

- **Shelf Instability:**

- Ensure all metal tubes are fully inserted into the plastic connectors.
- Verify that all extra clips are properly attached to secure the mesh shelves.
- Check if the weight on the shelves is evenly distributed and does not exceed the 22 lbs (10 kg) per shelf limit.
- Place the unit on a flat, level surface.

- **Difficulty Assembling:**

- Refer back to Section 3: Setup and Assembly. Ensure you are using the correct tubes and connectors for each part.
- Apply gentle, firm pressure when connecting tubes. Avoid excessive force.

7. SPECIFICATIONS

Feature	Detail
Model Number	GGH-17
Material	Spray-painted Steel Tubes, Metal Mesh
Dimensions (L x W x H)	80 x 45 x 106 cm (31.5 x 17.7 x 41.7 inches)
Number of Tiers	4
Weight Capacity per Shelf	Up to 22 lbs (approx. 10 kg)
Finish Type	Painted
Special Features	Durable, Portable, Space Saving, Rustproof
Assembly Required	Yes (Tool-free)
Product Care	Wipe with Dry Cloth
