ASHATA J101

ASHATA J101 Language Translator Earbuds User Manual

Model: J101 (ASHATAbec4rafgzw)

1. PRODUCT OVERVIEW

The ASHATA J101 Language Translator Earbuds are designed to facilitate real-time communication across language barriers. These Bluetooth 5.1 earbuds offer instant voice translation capabilities, supporting a wide range of languages through a dedicated application.

Key Features:

- **Real-Time Translation:** Supports 144 online languages with high accuracy, powered by multiple translation engines.
- **Multiple Translation Modes:** Includes Touch Mode, Speaker Mode, and Free Talk Mode for various communication scenarios.
- **Long Battery Life:** Provides 4-5 hours of continuous use, with a charging case extending total usage to 24 hours. Standby time up to 7-10 days.
- **Clear Audio:** Binaural HD microphones ensure clear calls and effective voice pickup for translation.
- **Bluetooth 5.1 Connectivity:** Offers stable and efficient wireless connection.
- **Durable Design:** Features IPX5 water and sweat resistance.

2. PACKAGE CONTENTS

Please verify that all items are present in the package:

- ASHATA J101 Translator Earbuds (Left and Right)
- Charging Case
- USB Charging Cable (Type-C)
- User Manual (this document)

3. SETUP GUIDE

3.1 Charging the Device

1. Place both earbuds into the charging case.
2. Connect the USB charging cable to the charging port on the case and to a compatible USB power source.
3. The digital display on the charging case will indicate the charging status and battery percentage. Ensure the case and earbuds are fully charged before first use.

3.2 Pairing with a Smartphone

1. Ensure the earbuds are charged and removed from the charging case. They will automatically enter pairing mode.
2. On your smartphone, enable Bluetooth and search for available devices.
3. Select "J101" or a similar device name from the list to connect. A voice prompt will confirm successful pairing.

3.3 Downloading the Companion Application

To utilize the translation features, you must download and install the dedicated companion application on your smartphone. Refer to the QR code provided in the product packaging or search for the application name (usually mentioned in the quick start guide) in your device's app store (Google Play Store for Android, Apple App Store for iOS).

4. OPERATING INSTRUCTIONS

After successfully pairing the earbuds and installing the application, open the app to begin using the translation functions.

4.1 Understanding Translation Modes

The ASHATA J101 offers three distinct translation modes to suit different communication needs:

- **Touch Mode:** Each person wears one earbud. Tap or double-click the earbud to initiate translation. This mode is suitable for direct, two-way conversations.
- **Speaker Mode (Outgoing Mode):** One person wears an earbud, and the other person speaks into the smartphone. The translation is played through the earbud and the phone's speaker. This is useful when communicating with someone who does not have an earbud.
- **Free Talk Mode (Speech Mode):** Both individuals wear an earbud. The system automatically detects and translates speech in real-time, allowing for a more natural conversation flow without manual input.

Figure 4: Visual explanation of the three translation modes: Touch Mode, Free Talk Mode, and Speaker Mode, detailing how each mode facilitates communication.

4.2 Initiating Translation

1. Open the companion application on your smartphone.

2. Select your native language and the target language within the app.
3. Choose the desired translation mode (Touch, Speaker, or Free Talk).
4. Follow the on-screen instructions or earbud touch controls specific to the selected mode to begin speaking and receiving translations.

Multilingual Real-Time Translation

AFTER DOWNLOADING THE APP

SET THE LANGUAGE AND TARGET LANGUAGE

AND SAY WHAT YOU WANT TO EXPRESS CAN BE TRANSLATED.

Multi-Language Translations Without Fees

Supports 11 system languages, 144 languages online translation, powered by 6 top translation engines for 99% translation accuracy. Translation speed is only 0.2s.

Note: Free for one year only

Figure 6: A visual representation of the extensive language support, depicting a globe with various national flags, indicating the 144 languages available for online translation.

4.3 Voice Assistant Functionality

The earbuds are equipped with built-in microphones that support voice assistant commands. Once connected to your smartphone, you can activate your device's voice assistant (e.g., Siri, Google Assistant) through the earbuds to perform tasks such as playing music or making calls.

Built-in Mics In Both Sides Support Clear Call And Voice Assistant

5. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and optimal performance of your translator earbuds.

- **Cleaning:** Regularly wipe the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using abrasive materials or harsh chemicals.
- **Water Resistance:** The earbuds feature an IPX5 rating, meaning they are resistant to splashes and sweat. They are not designed for submersion in water. Avoid exposing them to heavy rain or showering.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage. Keep the device in a cool, dry place away from extreme temperatures.
- **Battery Care:** To maintain battery health, avoid fully discharging the earbuds and charging case frequently. Charge them regularly, even if not in constant use.

6. TROUBLESHOOTING

If you encounter issues with your ASHATA J101 translator earbuds, refer to the following common solutions:

Problem	Possible Solution
Earbuds not pairing with phone.	Ensure earbuds are charged and out of the case. Turn off and on your phone's Bluetooth. Forget the device in Bluetooth settings and try pairing again.
Translation is inaccurate or slow.	Check your internet connection. Ensure the correct source and target languages are selected in the app. Speak clearly and at a moderate pace. Update the app to the latest version.
No sound from earbuds.	Check earbud battery level. Ensure earbuds are properly connected to your phone. Adjust volume on your phone and within the translation app.
App requires subscription for full features.	Some translation applications may require a subscription for extended features or continued use after an initial free period. Refer to the app's terms of service for details.
Charging case not charging.	Ensure the charging cable is securely connected to both the case and the power source. Try a different USB cable or power adapter.

7. PRODUCT SPECIFICATIONS

Feature	Specification
Brand	ASHATA
Model Name	J101
Item Model Number	ASHATABec4rafgzw
Connectivity	Bluetooth 5.1
Supported Languages	144 (online translation)
Continuous Playtime	4-5 hours (earbuds)
