Hifree LT-T6

Hifree Table Lamp Instruction Manual

Model: LT-T6

Brand: Hifree

1. INTRODUCTION

Thank you for choosing the Hifree Table Lamp, Model LT-T6. This touch-sensitive LED lamp is designed to provide versatile lighting for various environments, including bedrooms, living rooms, and offices. It features tunable warm white light with adjustable brightness and a dynamic RGB color-changing mode to suit your mood and needs.

Please read this manual thoroughly before using the product to ensure proper operation and to maximize its lifespan.

2. PACKAGE CONTENTS

Ensure all items are present and in good condition upon unboxing:

- 1 x Hifree LT-T6 LED Lamp with Touch Control
- 1 x Power Adapter
- 1 x Operating Manual (this document)

3. SETUP

1. Carefully remove the Hifree Table Lamp and all accessories from the packaging.
2. Place the lamp on a stable, flat surface.
3. Connect the power adapter to the lamp's power input port.
4. Plug the power adapter into a standard electrical outlet. The lamp is now ready for use.

4. OPERATING INSTRUCTIONS

The Hifree Table Lamp features a 360-degree touch-sensitive base for intuitive control.

4.1. Power On/Off and Brightness Adjustment (Warm White Light)

To control the warm white light settings:

- **Tap the touch-sensitive base:** A single tap will turn the lamp on or off.
- **Cycle through brightness levels:** When the lamp is on in warm white mode, tap the base repeatedly to cycle through three brightness levels: soft, medium, and bright.

4.2. RGB Color Changing Mode

To activate and control the RGB color mode:

- **Activate RGB mode:** From any warm white brightness setting, **tap and hold** the touch-sensitive base for approximately 2 seconds. The lamp will transition into an automatic color-changing mode, cycling through a spectrum of RGB colors.
- **Pause on a color:** While in automatic color-changing mode, **tap the base once** to pause the color cycle on the current color.
- **Resume color cycling:** If paused on a color, **tap the base once** again to resume the automatic color-changing mode.
- **Return to warm white:** To switch back to warm white light, **tap and hold** the touch-sensitive base for approximately 2 seconds while in RGB mode.

16 Millions of Colors

Suitable for every scene

5. KEY FEATURES

- **Versatile Lighting:** The lamp is ideal for creating a pleasant atmosphere and for reading. It is perfect for the bedroom, living room, and hallway, as well as for a relaxed office environment. Choose between warm white light and a wide variety of intense colors.
- **Adjustable Warm White Modes:** Simply tap the touch-sensitive foot to switch between three brightness levels of warm white light: soft, medium, and bright. The pleasant light is ideal for relaxing and, if necessary, bright

enough for reading.

- **Dynamic Color Variety:** Experience an automatic color change mode through a seemingly endless spectrum of RGB colors, or easily pause the cycle at your favorite color to set a specific mood.
- **360-Degree Touch Function Base:** The intuitive touch-sensitive base allows for easy setting of light modes, brightness, and colors, as well as simple switching on and off.

7. MAINTENANCE

- **Cleaning:** To clean the lamp, ensure it is unplugged from the power outlet. Use a soft, dry cloth to wipe down the surface. Do not use abrasive cleaners or solvents, as they may damage the finish.
- **Storage:** If storing the lamp for an extended period, unplug it and keep it in a cool, dry place away from direct sunlight and moisture.
- **General Care:** Avoid dropping the lamp or subjecting it to strong impacts. Do not disassemble the lamp, as this may void the warranty and could lead to electric shock.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in or power outlet issue.	Ensure the power adapter is securely plugged into both the lamp and a working electrical outlet. Try a different outlet.
Touch control is unresponsive.	Temporary electronic glitch or dirty touch surface.	Unplug the lamp for 30 seconds, then plug it back in. Ensure the touch surface is clean and dry.
Colors are not changing or stuck.	Incorrect touch input or temporary glitch.	Ensure you are tapping and holding the base correctly to activate/deactivate RGB mode. If stuck, unplug and replug the lamp.
Light flickers or dims unexpectedly.	Unstable power supply or internal issue.	Try plugging the lamp into a different power outlet. If the issue persists, contact customer support.

9. WARRANTY AND SUPPORT

The Hifree Table Lamp (Model LT-T6) comes with a **24-month warranty** from the date of purchase. This warranty covers manufacturing defects and issues arising from normal use.

The warranty does not cover damage caused by:

- Accidental damage, misuse, or abuse.
- Unauthorized repairs or modifications.
- Operating the device outside the specified environmental conditions.

For warranty claims, technical support, or any questions regarding your Hifree Table Lamp, please contact Hifree customer service through the retailer where you purchased the product or visit the official Hifree website for contact information.
