Alpha Digital Q80-W

Alpha Digital Q80-W Wireless Ear Clip Earbuds User Manual

Model: Q80-W

1. INTRODUCTION

Thank you for choosing the Alpha Digital Q80-W Wireless Ear Clip Earbuds. This manual provides essential information for the proper setup, operation, and maintenance of your new earbuds. Please read it thoroughly before use to ensure optimal performance and longevity of the product.

Package Contents:

- 2 x Alpha Digital Q80-W Wireless Ear Clip Earbuds
- 1 x Charging Case
- 1 x USB-C Charging Cable
- 1 x User Manual (this document)
- 1 x Earcaps (Note: The product description mentions '1 earcaps', which may refer to a pair or a single spare. Please verify upon unboxing.)

2. PRODUCT OVERVIEW

The Alpha Digital Q80-W earbuds feature an open-ear clip design for comfortable wear, Bluetooth 5.3 connectivity, and intuitive touch controls. The charging case includes a digital display for battery status.

Key Features:

- **Open-Ear Clip Design:** Comfortable and stable fit without inserting into the ear canal.
- **Bluetooth 5.3:** Provides stable and efficient wireless connectivity.
- **Extended Playtime:** Up to 5 hours on a single charge, with a total of approximately 18 hours using the charging case.
- **Digital Battery Display:** The charging case features an LED display showing the remaining battery percentage.
- **Touch Controls:** Manage music playback, calls, and voice assistant with simple taps.
- **Lightweight Construction:** Designed for prolonged comfortable wear.
- **ENC Double-Malt Voice Noise Reduction:** Enhances call clarity by reducing ambient noise.

CUT OUT THE NOISE

ENC Double-malt voice noise reduction technology, for you to show the pure sound

Before noise reduction

After noise reduction

Image 2.3: Illustration of the ergonomic clip-on design, showing how the earbud sits securely on the earlobe for comfort and stability.

Image 2.4: A single earbud demonstrating the noise reduction capability, with a visual representation of sound waves before and after noise reduction.

3. SETUP

3.1 Initial Charging

1. Place both earbuds into the charging case.
2. Connect the USB-C charging cable to the charging port on the case and the other end to a USB power source (e.g., wall adapter, computer USB port).
3. The LED digital display on the charging case will show the current battery level. Allow the case and earbuds to fully charge before first use. A full charge typically takes 1-2 hours.
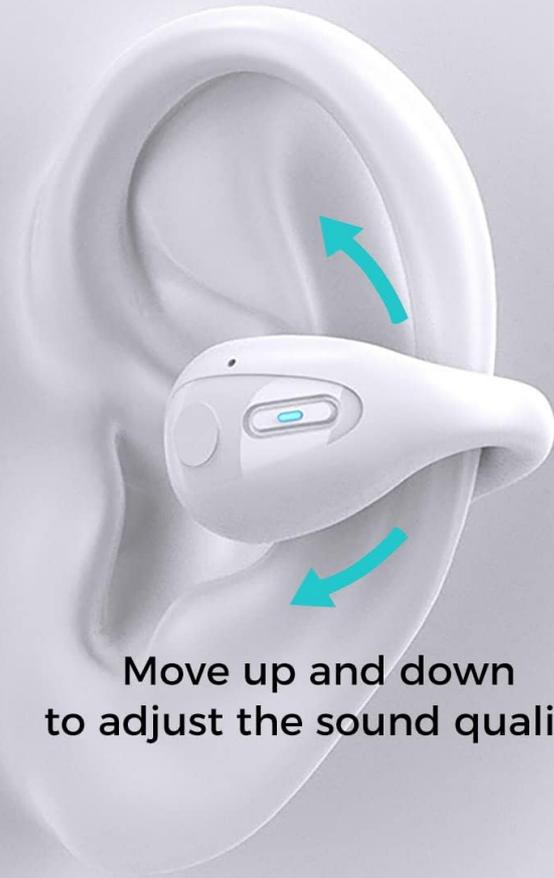

Image 3.1: Visual representation of the 350mAh battery capacity of the charging case, indicating extended playtime.

3.2 Bluetooth Pairing

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically power on and enter pairing mode.
3. On your device (smartphone, tablet, computer, etc.), enable Bluetooth.
4. Search for available Bluetooth devices and select "Q80-W" from the list.
5. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.
6. The earbuds will automatically reconnect to the last paired device when taken out of the case, if Bluetooth is enabled on the device.

WIDE COMPATIBILITY
Compatible with most Bluetooth-enabled devices

Image 3.2: Diagram illustrating the wide compatibility of the earbuds with various Bluetooth-enabled devices such as phones, tablets, notebooks, and computers.

4. OPERATING INSTRUCTIONS

4.1 Wearing the Earbuds

The Q80-W earbuds are designed to clip onto your earlobe. Gently place the earbud over your ear, ensuring the speaker is positioned towards your ear canal for optimal sound. Adjust for a comfortable and secure fit. The open-ear design allows you to remain aware of your surroundings.

4.2 Touch Controls

The earbuds feature sensitive touch controls on their outer surface. Refer to the diagram below for specific functions:

- **Power On/Off:** Automatic when removed/placed in case.
- **Play/Pause:** Click once on either L/R earbud.
- **Volume Up:** Click 3 times on the Left earbud.
- **Volume Down:** Click 3 times on the Right earbud.
- **Next Song:** Click once on the Right earbud for 1 second.

- **Previous Song:** Click once on the Left earbud for 1 second.
- **Answer/Hang Up Call:** Click twice on either L/R earbud.
- **Reject Call:** Long press either L/R earbud for 2 seconds.
- **Activate Voice Assistant (Siri/Google Assistant):** Click L/R for 5 seconds.

Note: Accidental touches may occur if the earbuds are adjusted frequently. Familiarize yourself with the touch areas.

5. MAINTENANCE

5.1 Cleaning

- Wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Keep charging contacts clean and free of debris.

5.2 Storage

- Store the earbuds in their charging case when not in use to protect them and keep them charged.
- Avoid extreme temperatures, humidity, and dust.

6. TROUBLESHOOTING

If you encounter issues with your earbuds, please refer to the following common solutions:

Problem	Possible Solution
Earbuds do not power on.	Ensure earbuds and charging case are fully charged. Place earbuds in the case and close, then open again.
Earbuds do not pair with device.	Ensure Bluetooth is enabled on your device. Turn off and on your device's Bluetooth. Forget "Q80-W" from your device's Bluetooth list and re-pair. Ensure earbuds are in pairing mode (LED indicator blinking).
Only one earbud is working.	Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid and take them out simultaneously. This should re-sync them.
Low volume or poor sound quality.	Adjust the volume on both your device and the earbuds. Ensure earbuds are positioned correctly on your ears. Check for any obstructions on the speaker grilles.
Charging case not charging.	Ensure the USB-C cable is securely connected to both the case and the power source. Try a different charging cable or power adapter.

7. SPECIFICATIONS

| Feature	Detail
Model Name	Q80-W
Brand	Alpha Digital
Connectivity Technology	Wireless (Bluetooth 5.3)
Battery Life (Earbuds)	Up to 5 hours
Total Playtime (with Case)	Approximately 18 hours
