SETUP INSTRUCTIONS

Assembly is required for this dining set. It is recommended to have two people for assembly.

1. Table Assembly

1. Unpack all table components and lay them on a protected surface.
2. Attach the table legs to the tabletop using the provided bolts and tools. Ensure all connections are firm.
3. Carefully flip the table upright.

OPERATING INSTRUCTIONS

Umbrella Operation

The umbrella features an ergonomic crank handle for easy opening and closing, and an auto-tilt function.

1. **To Open:** Turn the crank handle clockwise until the umbrella canopy is fully extended.
2. **To Tilt:** Continue turning the crank handle clockwise after the umbrella is fully open. The canopy will automatically tilt to your desired angle. To adjust the tilt, turn the crank counter-clockwise to bring it back to the upright position, then clockwise again to tilt in a different direction.
3. **To Close:** Turn the crank handle counter-clockwise until the canopy is fully retracted. Secure the canopy with the attached strap.

Stacking Chairs

The chairs are designed to be stackable for convenient storage and to optimize space when not in use.

1. Lift one chair and carefully place it on top of another chair, aligning the legs and seats.
2. Ensure the chairs are stable when stacked to prevent tipping.

Stackable Dining Chairs

Space-saving • Easy to transport • Versatile & Practical

MAINTENANCE

- **Cleaning:** Wipe surfaces with a damp cloth for general cleaning. For stubborn dirt, use a mild soap solution and rinse thoroughly. Dry with a clean, dry cloth.
- **Stability Check:** Regularly check the stability of all components. Tighten any loose screws or bolts as needed to maintain structural integrity.
- **Umbrella Care:** Keep the umbrella clean and dry when not in use. Store it in a protected area during harsh weather conditions or off-season to prolong its lifespan.
- **Frame Protection:** The metal frame features an e-coating for rust and weather resistance. Avoid using abrasive cleaners or tools that could damage this protective layer.

TROUBLESHOOTING

- **Wobbly Table/Chairs:** Check all assembly bolts and screws. Tighten them firmly and evenly. Ensure the furniture is on a flat, stable surface.
- **Umbrella Not Opening/Closing Smoothly:** Inspect the crank mechanism for any obstructions. Ensure the pole is correctly inserted and not bent.
- **Umbrella Tipping:** An umbrella base is crucial for stability. Ensure you are using an appropriate, weighted base (not included) for the umbrella size. Always close the umbrella in windy conditions.
