# ADEQWAT USB-C Car Charger and Magnetic Mount User Manual

## 1. PRODUCT OVERVIEW

The ADEQWAT USB-C Car Charger with Magnetic Mount is designed to provide convenient power and secure phone placement in your vehicle. It features an integrated USB-C cable for fast charging and a magnetic mount for easy attachment and detachment of your smartphone. This device ensures your mobile devices remain charged and accessible during your travels.

**Figure 1:** The ADEQWAT USB-C Car Charger and Magnetic Mount, showing the charger unit, integrated USB-C cable, and the magnetic air vent mount.

## 2. PACKAGE CONTENTS

---

Please check the package for the following items:

- 1 x ADEQWAT USB-C Car Charger
- 1 x Integrated USB-C Cable with Magnetic Connector
- 1 x Magnetic Air Vent Mount
- 1 x Metal plate for phone (if applicable)

## 3. SETUP AND INSTALLATION

---

### 3.1 Installing the Magnetic Air Vent Mount

1. Locate a suitable air vent in your vehicle that does not obstruct your view or interfere with driving controls.
2. Gently push the clip of the magnetic mount onto one of the air vent blades until it is securely attached. Ensure the mount is stable and does not wobble.
3. Adjust the angle of the mount for optimal viewing.

**Figure 2:** The ADEQWAT car charger and magnetic mount installed in a vehicle's cigarette lighter socket and air vent, with a phone connected for charging.

### **3.2 Connecting the Car Charger**

1. Insert the car charger unit firmly into your vehicle's 12V cigarette lighter socket.
2. Ensure the charger is fully seated and stable.

### 3.3 Preparing Your Phone for Magnetic Mounting

If your phone does not have built-in magnetic capabilities, you will need to attach a metal plate to the back of your phone or inside its case. Refer to the instructions provided with your metal plate for proper attachment.

**Figure 3:** A user holding the ADEQWAT car charger and its integrated USB-C cable, demonstrating its compact design.

## 4. OPERATING INSTRUCTIONS

### 4.1 Charging Your Device

1. Connect the integrated USB-C cable from the car charger to your compatible device (e.g., iPhone/iPad/iPod with a USB-C to Lightning cable, or Android device with USB-C).
2. The device will begin charging automatically.
3. The charger also features an additional USB port for charging a second device simultaneously using your own USB cable.

### 4.2 Mounting Your Device

1. Once the metal plate is attached to your phone, simply bring the back of your phone close to the magnetic surface

of the air vent mount.

2. The magnets will securely hold your phone in place.
3. To remove your phone, gently pull it away from the magnetic mount.

**Figure 4:** A phone securely mounted on the ADEQWAT magnetic mount and charging, while another phone is being used, demonstrating multi-device capability.

## 5. MAINTENANCE AND CARE

- Keep the charger and mount clean by wiping them with a soft, dry cloth.
- Avoid using harsh chemicals or abrasive cleaners.
- Ensure the cigarette lighter socket and USB ports are free of dust and debris for optimal connection.
- Do not expose the product to extreme temperatures or direct sunlight for prolonged periods.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Device not charging.	Charger not fully inserted into socket. Vehicle's 12V socket is not active. Faulty cable or device.	Ensure charger is firmly seated. Check vehicle's ignition or fuse. Try a different cable or device to isolate the issue.
Phone not holding securely on mount.	Metal plate not properly attached or too thick case. Mount not securely attached to vent.	Ensure metal plate is correctly positioned and adhered. Consider a thinner phone case. Re-attach mount firmly to air vent.
Slow charging.	Using a non-compatible cable. Device drawing too much power (e.g., running GPS, streaming).	Use the integrated USB-C cable or a high-quality, compatible charging cable. Close unnecessary background apps on your device.

## 7. SPECIFICATIONS

**Brand:** ADEQWAT  
**Model:** 8007777  
**Color:** Black  
**Input Voltage:** 12 Volts  
**Connectivity Technology:** USB  
**Connector Type:** USB (USB-C integrated, additional USB-A port)  
**Total USB Ports:** 2  
**Compatible Devices:** iPhone/iPad/iPod, USB-C compatible devices  
**Special Feature:** Short-circuit protection  
**Mounting Type:** Air Vent Mount (Magnetic)

## 8. SAFETY INFORMATION

- Do not disassemble or modify the product.
- Keep out of reach of children.
- Avoid dropping or subjecting the product to strong impacts.
- Ensure the product is used within the specified voltage range (12 Volts).
- If the product shows signs of damage or malfunction, discontinue use immediately.
- Do not block the vehicle's airbags or driver's view with the mounted device.
