Under-Desk Shelves

In addition to the drawers, the desk includes a 2-tier under bookshelf and a dedicated computer tower stand, maximizing vertical storage space and keeping your essentials neatly organized.

MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Spills:** Promptly clean up any spills to prevent staining or damage to the engineered wood surface.
- **Stability:** Periodically check and tighten all screws and connections to ensure the desk remains stable and secure.
- **Weight Distribution:** Distribute weight evenly across the desktop and shelves to prevent stress on any single area. The maximum weight recommendation is 125 pounds.

TROUBLESHOOTING

- **LED Lights Not Working:**
 - Ensure the power cord for the LED strip is securely plugged into a working outlet.
 - Check the connection between the LED strip and its controller.
 - Verify that the power outlet on the desk is receiving power.
- **Drawers Not Sliding Smoothly:**
 - Inspect the drawer glides for any obstructions or debris.
 - Ensure the drawers are correctly aligned on their tracks.
 - While the fabric drawers are lightweight, avoid overloading them with excessively heavy items.
- **Assembly Fit Issues (Gaps/Misalignment):**
 - Double-check that all pieces are oriented correctly as per the instruction manual. Some parts may appear similar but have specific alignments.
 - Loosen screws slightly on connected parts, adjust alignment, then re-tighten.
 - Ensure you are using the correct screws for each connection point.
