# ADEQWAT Magnetic Wall Charger with USB-C Cable Instruction Manual

Model: 8005668

## INTRODUCTION

This manual provides essential information for the safe and efficient use of your ADEQWAT Magnetic Wall Charger with USB-C Cable. Please read these instructions carefully before using the product and retain them for future reference.

## SAFETY INFORMATION

- Do not expose the charger to water, moisture, or extreme temperatures.
- Do not attempt to disassemble, repair, or modify the charger. This may void the warranty and pose safety risks.
- Keep out of reach of children.
- Ensure the charger is plugged into a compatible power outlet.
- Disconnect the charger from the power outlet when not in use or during electrical storms.
- Avoid dropping or subjecting the charger to strong impacts.

## PACKAGE CONTENTS

Verify that all items are present in the package:

- ADEQWAT Magnetic Wall Charger
- Integrated USB-C Cable
- Additional Metallic Plate (for magnetic attachment)

## SETUP

1. **Unfold the Plug:** Gently pull out the retractable plug from the back of the charger until it locks into place.

*Image: Back view of the charger with the retractable plug extended.*

- 2. Connect to Power Outlet:** Insert the charger's plug into a standard wall power outlet.

*Image: The charger plugged into a wall outlet, demonstrating its use with a smartphone and tablet.*

3. **Optional: Attach Metallic Plate:** If you wish to use the magnetic feature with a device that is not inherently magnetic, attach the provided metallic plate to the back of your smartphone or its case. Ensure the plate is securely positioned.

## OPERATING

---

1. **Charging with USB-C Cable:** Connect the integrated USB-C cable to your compatible device's USB-C port. Charging will begin automatically.

*Image: Close-up of the charger, highlighting the integrated USB-C cable and an additional USB-A port.*

- 2. Charging with USB-A Port:** For devices requiring a USB-A connection, use your own USB-A cable and plug it into the USB-A port on the charger.
- 3. Using the Magnetic Feature:** Once the charger is plugged into a wall outlet, you can magnetically attach your smartphone (with or without the metallic plate) to the charger's surface for convenient holding while charging.

## MAINTENANCE

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use, store the charger in a cool, dry place, away from direct sunlight and extreme temperatures. The retractable plug can be folded back into the charger for compact storage.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging.	Charger not properly plugged in. Device cable faulty. Device incompatible.	Ensure the charger is fully inserted into the wall outlet. Try a different cable. Verify device compatibility with USB charging standards.
Magnetic attachment is weak.	Device not magnetic. Metallic plate not properly attached.	Ensure your device has a magnetic back or use the provided metallic plate. Re-position or re-attach the metallic plate securely.
Charger feels warm.	Normal operation. Overload.	A slight warmth during charging is normal. If it becomes excessively hot, disconnect immediately and contact support. Avoid charging multiple high-power devices simultaneously if it causes overheating.

## SPECIFICATIONS

<b>Brand</b>	ADEQWAT
<b>Model Number</b>	8005668
<b>Color</b>	Black
<b>Connections</b>	USB (Integrated USB-C Cable, 1x USB-A Port)
<b>Special Feature</b>	Magnetic
<b>Total USB Ports</b>	1 (USB-A) + 1 (Integrated USB-C)
<b>Compatible Devices</b>	Cellular Phones, Tablets
