Shark WV201CO

Shark WV201CO WANDVAC Cordless Handheld Vacuum Instruction Manual

Model: WV201CO | Brand: Shark

INTRODUCTION

The Shark WV201 WANDVAC is a lightweight, cordless handheld vacuum cleaner designed for quick clean-ups. It offers powerful suction, a detachable dust cup for easy emptying, and includes essential tools for versatile cleaning.

Key Features:

- **Ultra-Lightweight:** At just 1.4 lbs, the hand vacuum is designed for maneuverability and easy cleaning.
- **Easy to Maintain:** Hand vacuum maintenance is simple with a detachable dust cup and easily removable filter housing.
- **Filtration Technology:** Filtration technology captures dust and large debris.
- **Always Charging:** Sleek charging dock designed for quick access and fast charging.
- **One-Touch Empty:** Empty debris with the single touch of a button—no getting your hands dirty.
- **LED Indicator:** LED light on control panel indicates charging status and remaining battery life.
- **Ergonomic Handle Design:** Ergonomic handle design provides comfortable cleaning and heightened control.
- **What's Included:** WANDVAC Cordless Handheld Vacuum, charging dock*, duster crevice tool, and multi-surface pet tool. (*Charging dock does not include onboard accessory storage tray.)

The Shark WV201CO WANDVAC Cordless Handheld Vacuum in its sleek, compact design.

SETUP

Unpacking

- Carefully remove all components from the packaging.
- Verify all included accessories are present: WANDVAC Cordless Handheld Vacuum, Charging Dock, Duster Crevice Tool, Multi-Surface Pet Tool.

Initial Charge

Before first use, fully charge the vacuum. Place the vacuum onto the charging dock. The LED indicator will illuminate to show charging status.

The Shark WANDVAC handheld vacuum placed on its charging dock, indicating it is ready for charging.

OPERATING INSTRUCTIONS

Powering On/Off

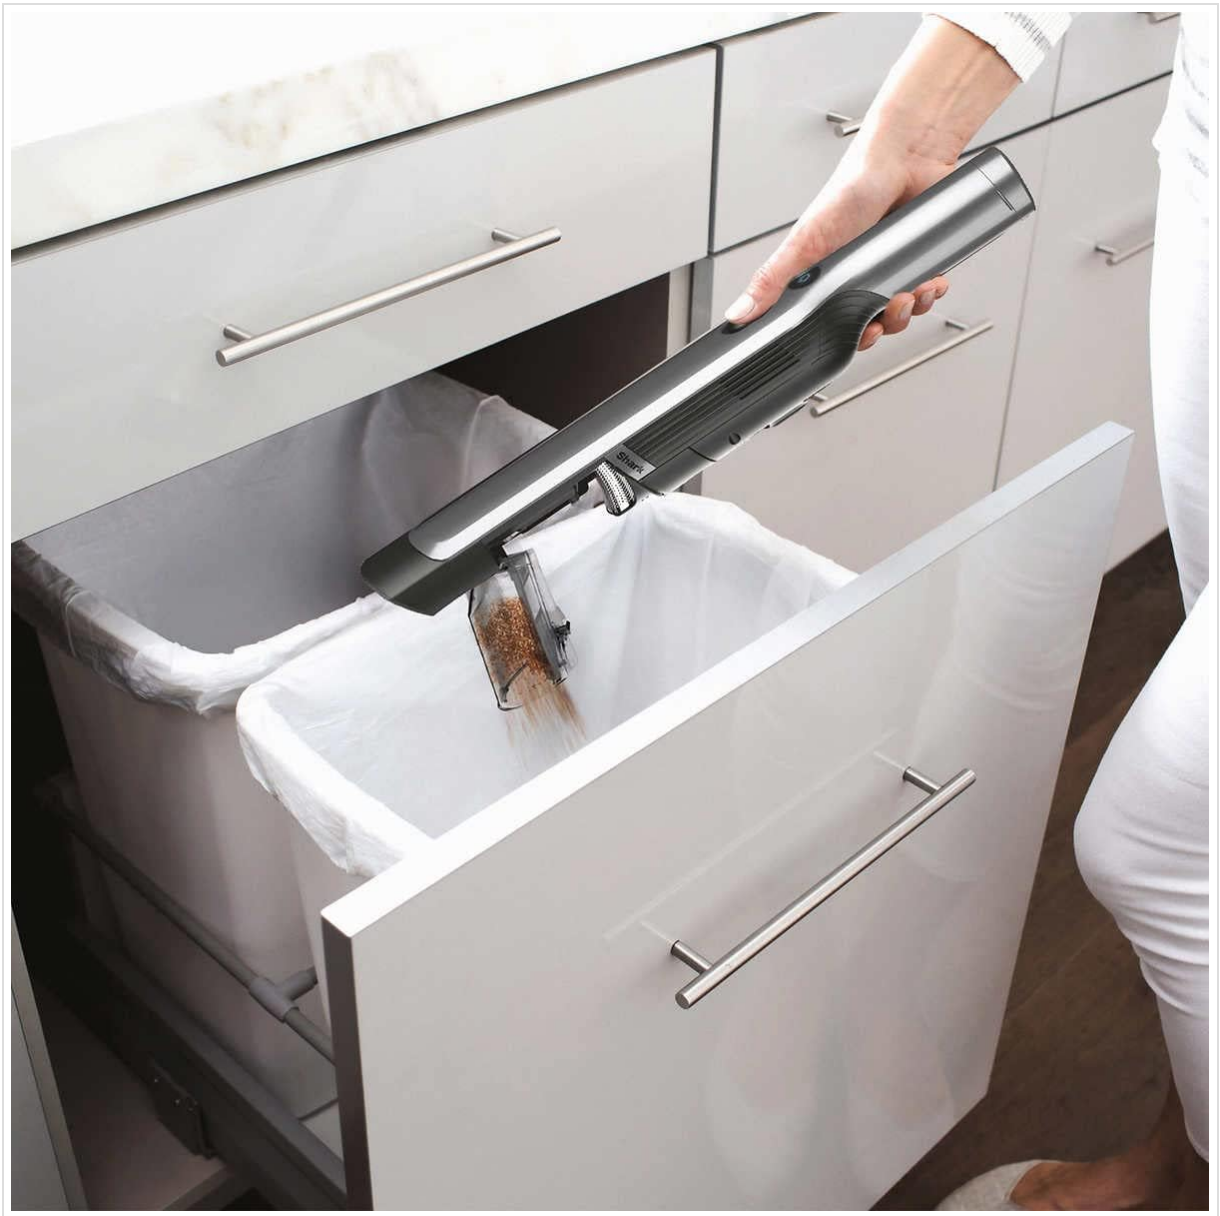

To turn the vacuum on, press the power button located on the handle. Press the button again to turn the vacuum off.

Using Attachments

The WANDVAC comes with a duster crevice tool and a multi-surface pet tool. These tools can be attached to the nozzle for specialized cleaning tasks, enhancing the vacuum's versatility.

MAINTENANCE

Emptying the Dust Cup

The dust cup can be emptied with a single touch of a button. Position the vacuum over a trash receptacle and press the release button to open the dust cup and release debris.

A user emptying the detachable dust cup of the Shark WANDVAC into a trash can.

Cleaning the Filter

The filter housing is easily removable for cleaning. Regularly clean the filter to maintain optimal suction performance. Refer to the full manual for detailed filter cleaning instructions.

TROUBLESHOOTING

Common Issues

- **No Power:** Ensure the vacuum is fully charged. Check if the charging dock is properly connected to a power source.
- **Reduced Suction:** Empty the dust cup. Clean or replace the filter. Check for any blockages in the nozzle or attachments.
- **Short Battery Life:** Ensure the vacuum is fully charged before each use. Battery performance may decrease over time with regular use.

For more detailed troubleshooting steps, please refer to the complete product manual or contact Shark customer support.
