IkeeRuic Flashlights High Lumens

IkeeRuic Rechargeable High Lumens Tactical Flashlight User Manual

Model: Flashlights High Lumens

INTRODUCTION

The IkeeRuic Rechargeable High Lumens Tactical Flashlight is designed for versatile illumination needs, offering powerful brightness for various applications including emergencies, camping, and hiking. This manual provides essential information for the proper setup, operation, and maintenance of your flashlight.

Figure 1: IkeeRuic Rechargeable High Lumens Tactical Flashlight overview highlighting key features.

PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- 1 x Flashlight High Lumen

- 1 x Rechargeable Battery
- 1 x Type-C Charging Cable
- 1 x Dry Battery Fix Bracket
- 1 x Packing Box
- 1 x Carrying Lanyard

SETUP

Battery Installation

The flashlight supports both the included rechargeable battery and dry batteries (not included) using the provided fix bracket.

1. Rotate out the rear cover of the flashlight.
2. Distinguish the positive (+) and negative (-) polarity of the battery.
3. Insert the battery into the tube, ensuring correct polarity.
4. Rotate in the rear cover to secure the battery.

Figure 2: Step-by-step guide for battery installation.

Charging the Flashlight

Before first use, fully charge the flashlight. The flashlight features a fast-charging Type-C port.

- Connect the Type-C charging cable to the flashlight's charging port.
- Connect the other end of the cable to a compatible USB power source.
- The four power indicators will illuminate to show the charging progress. All four lights indicate a full charge.
- A full charge provides up to 12 hours of operation.

OPERATING INSTRUCTIONS

Power On/Off and Mode Switching

The flashlight features a single button for power control and mode selection.

- Press the power button once to turn the flashlight ON.
- Subsequent presses of the power button will cycle through the five lighting modes: High, Medium, Low, Strobe, and SOS.
- To turn the flashlight OFF, press and hold the power button for approximately 2 seconds, or cycle through all modes until it turns off.

Adjustable Focus (Zoom Function)

The flashlight's beam can be adjusted from a wide floodlight to a focused spotlight.

- To achieve a wide floodlight for illuminating a larger area, gently pull the head of the flashlight outwards (zoom in).
- To achieve a focused spotlight for longer distance illumination, gently push the head of the flashlight inwards (zoom out).

ADJUSTABLE FOCUS & 5 MODES

Figure 4: Illustration of adjustable focus and lighting modes.

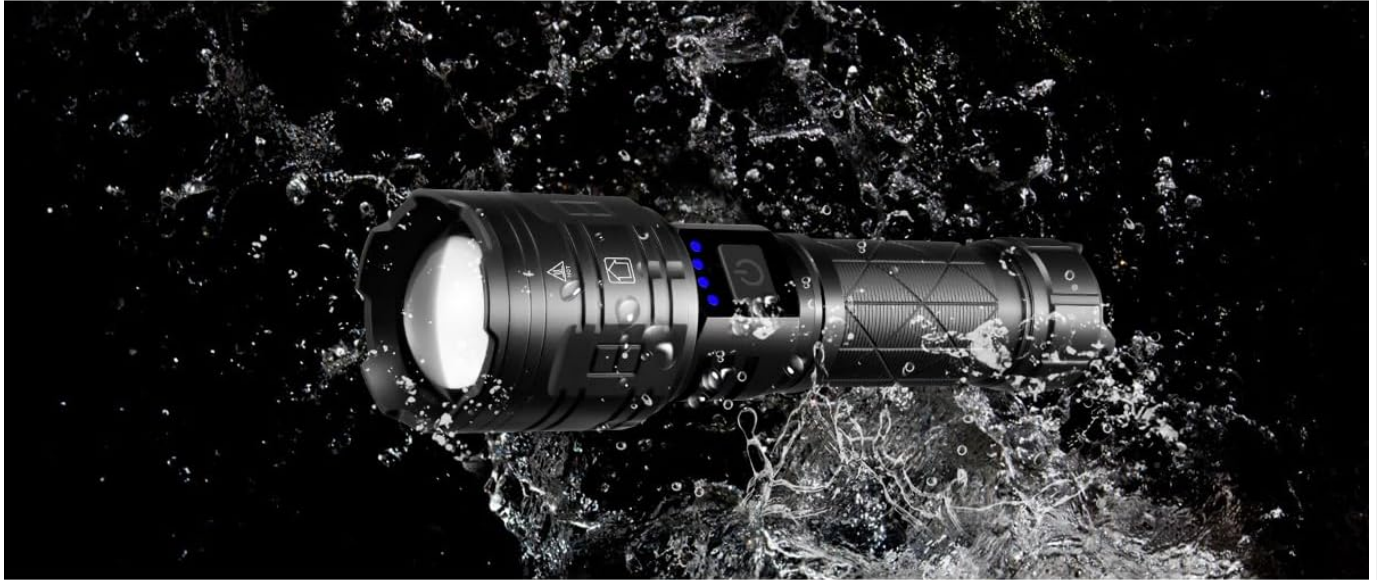

FEATURES

- **High Lumens Output:** Equipped with a super bright P70.2 LED chip, providing high lumens brightness for various illumination needs, from lighting large areas to long distances.
- **Rechargeable & Power Bank Function:** Features an upgraded large capacity battery, offering up to 12 hours of use on a full charge. Includes a fast-charging Type-C port and a USB output port to charge other electronic devices.
- **Adjustable Focus & 5 Lighting Modes:** Easily switch between a wide floodlight and a focused spotlight by stretching the flashlight head. Five modes (High/Medium/Low/Strobe/SOS) cater to multifunctional use.
- **Durable & Waterproof Design:** Constructed from aviation-grade aluminum alloy with a sealed design, making it waterproof and shatter-resistant.

- **Multi-functional Design:**

- USB output port for charging electronic devices.
- Head cusp design allows use as a safety hammer for emergencies.
- Dry battery function provides an alternative power source for emergencies.

WATERPROOF RESISTANT

EMERGENCY SAFETY HAMMER

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your flashlight.

- **Cleaning:** Wipe the flashlight body with a soft, damp cloth. Do not use abrasive cleaners or solvents. Keep the lens clean for optimal light output.
- **Storage:** Store the flashlight in a cool, dry place away from direct sunlight and extreme temperatures. If storing for extended periods, remove the battery to prevent leakage.
- **Battery Care:** Recharge the battery regularly, even if not in frequent use, to maintain its health. Avoid fully

discharging the battery before recharging.

- **Lubrication:** Periodically apply a thin layer of silicone grease to the O-rings and threads to maintain water resistance and smooth operation.

TROUBLESHOOTING

If you encounter issues with your IkeeRuic flashlight, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Flashlight does not turn on.	Low battery; Incorrect battery installation; Loose connections.	Charge the battery; Ensure battery is inserted with correct polarity; Tighten all parts of the flashlight.
Light output is dim or flickers.	Low battery; Dirty lens; Loose connections.	Charge the battery; Clean the lens; Tighten all parts of the flashlight.
Flashlight does not charge.	Faulty charging cable; Damaged charging port; Battery issue.	Try a different Type-C cable; Ensure cable is fully inserted; Contact customer support if port is damaged or battery is not holding charge.
Zoom function is stiff.	Lack of lubrication; Dirt/debris.	Clean the sliding mechanism; Apply a small amount of silicone grease.

SPECIFICATIONS

Feature	Detail
Brand	IkeeRuic
Model Number	Flashlights High Lumens
Light Source Type	LED (P70.2 LED chip)
Brightness	1000 Lumens (White Brightness)
Light Path Distance	300 Feet
Power Source	Battery Powered (Rechargeable Lithium Ion)
Battery Cell Composition	Lithium Ion
Runtime	Up to 12 hours
Charging Port	Type-C
Material	Aviation Grade Aluminum
Color	Black
Water Resistance Level	Waterproof

Feature	Detail
Product Dimensions	6.6"D x 1.8"W x 1.8"H
Item Weight	11.2 ounces (318 Grams)
Special Features	Adjustable Focus, Adjustable Light Modes, High Power, Rechargeable, USB Output (Power Bank), Safety Hammer
