Gosei Gattai Dairen'Oh Model Kit Instruction Manual

Brand: BANDAI | Model: Dairen'Oh

1. INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your BANDAI Gosei Gattai Dairen'Oh Model Kit. This highly detailed plastic model kit allows you to recreate the iconic Gosei Gattai Dairen'Oh from the 'Gosei Sentai Dairanger' series, featuring multiple transformation and combination modes. Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

2. SAFETY INFORMATION

- **Small Parts Warning:** This kit contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- **Sharp Edges:** Exercise caution when handling plastic runners and cut parts, as some edges may be sharp. Use appropriate tools for cutting.
- **Ventilation:** If using paints, glues, or other modeling supplies, ensure adequate ventilation in your workspace.
- **Adult Supervision:** Adult supervision is recommended for younger builders.

3. PACKAGE CONTENTS

Your Gosei Gattai Dairen'Oh Model Kit package should contain the following items:

- Main unit components (plastic runners for 3 pieces)
- 1 Lamune sweet (for consumption)
- Detailed assembly instruction booklet (within the box)

Please verify all contents upon opening the package. If any parts are missing or damaged, refer to the 'Warranty and Support' section.

4. ASSEMBLY INSTRUCTIONS

Detailed assembly instructions are provided within the kit's instruction booklet. Please follow these steps carefully:

1. **Preparation:** Lay out all parts and tools (e.g., nippers, hobby knife, tweezers) on a clean, well-lit surface.
2. **Part Identification:** Refer to the parts list in the instruction booklet to identify each component.
3. **Cutting Parts:** Carefully cut parts from the runners using nippers. Trim any excess plastic (nubs) with a hobby knife for a clean finish.
4. **Assembly Steps:** Follow the numbered steps in the instruction booklet precisely. Pay attention to part orientation and connection points.
5. **Decals/Stickers:** Apply any included decals or stickers as indicated in the manual for added detail.

5. TRANSFORMATION AND COMBINATION

The Gosei Gattai Dairen'Oh model kit is designed to replicate the various forms seen in 'Gosei Sentai Dairanger'. The primary combination involves the individual Dairanger mecha:

- **Dairen'Oh Combination:** The Dragon Star Oh, Star Leo, Star Tenma, Star Qilin, and Star Phoenix combine to form the mighty Dairen'Oh. Refer to the instruction booklet for specific steps on how to achieve this combined form.

- **RyuseiOh Wushin Change:** The RyuseiOh can perform a 'Wushin Change' to its Kiden Wushi mode.
- **Tenku Kiden Palace Formation:** The Star Leo, Star Tenma, Star Qilin, and Star Phoenix can combine to form the Heavenly Chi Palace (Tenku Kiden Palace). This mode also serves as a base for storing optional accessories.

Ensure all joints are properly aligned and secured during transformation to prevent damage.

6. POSING AND DISPLAY

Once assembled, your Dairen'Oh model features articulation for dynamic posing. Consider the following for display:

- **Stable Poses:** Experiment with different poses, ensuring the model is balanced to prevent it from falling.
- **Display Base:** Utilize any included display bases or stands for enhanced stability and dynamic presentation.
- **Environment:** Display your model in a cool, dry place away from direct sunlight to prevent material degradation or color fading.

7. MAINTENANCE

Proper maintenance will help preserve the appearance and longevity of your model kit:

- **Cleaning:** Gently dust the model regularly with a soft brush or microfiber cloth. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** If storing the model for extended periods, disassemble it into larger components and store in a sealed container to protect from dust and environmental factors.
- **Joint Care:** If joints become loose over time, a thin layer of clear nail polish or hobby-specific joint tightener can be applied to the peg to increase friction.

8. TROUBLESHOOTING

Should you encounter any issues during assembly or with the completed model, consider the following:

- **Parts Not Fitting:** Double-check the instruction booklet to ensure you are using the correct parts and that they are oriented correctly. Sometimes, a small amount of plastic flashing may need to be trimmed.
- **Loose Joints:** Refer to the 'Joint Care' tip in the Maintenance section.
- **Missing/Damaged Parts:** If you discover missing or damaged parts upon opening the kit, please contact BANDAI customer support as detailed in the 'Warranty and Support' section.
