vidaXL Bistro Table in Smoked Oak - Instruction Manual

Model: 815102-19

INTRODUCTION

Thank you for purchasing the vidaXL Bistro Table in Smoked Oak. This manual provides essential information for the safe assembly, proper use, and effective maintenance of your new table. Please read these instructions carefully before beginning assembly and retain them for future reference.

This table is designed for indoor use and is suitable for dining purposes. It features a square design with a smoked oak finish, constructed from engineered wood.

SAFETY INFORMATION

- Always assemble the table on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before using the table. Periodically check and re-tighten as necessary.
- Do not stand or sit on the table. It is designed for dining and light decorative use only.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Use caution when moving the table to avoid injury or damage. Lift, do not drag.
- This product is intended for indoor use only. Exposure to outdoor elements may cause damage.

PACKAGE CONTENTS

Before assembly, please verify that all components listed in the assembly guide (included in the package) are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact vidaXL customer support for assistance.

Note: Assembly tools are not included. You will need a screwdriver and possibly a hammer for assembly.

SETUP AND ASSEMBLY

Assembly is recommended for one person. Follow the steps below carefully.

Step 1: Identify Components and Dimensions

This diagram illustrates the main components and overall dimensions of the bistro table: a square tabletop (60 cm x 60 cm / 23.6 inches x 23.6 inches), a central support column, and a square base (40 cm / 15.7 inches wide). The total height of the assembled table is 75 cm (29.5 inches). Familiarize yourself with these parts before proceeding.

Step 2: Assemble the Central Column

Carefully connect the individual panels that form the central support column using the provided fasteners. Ensure the panels are aligned correctly according to the assembly guide's illustrations. Do not overtighten screws at this stage.

Step 3: Attach the Column to the Base

Position the assembled central column onto the square base. Align the pre-drilled holes and secure the column to the base using the appropriate screws. Tighten these connections firmly to ensure stability.

Step 4: Secure the Tabletop

Place the square tabletop upside down on a soft, protected surface. Carefully position the column and base assembly onto the tabletop, aligning the mounting points. Attach the tabletop to the column using the remaining screws. Ensure all connections are tight and secure.

Step 5: Final Check and Placement

Once fully assembled, carefully turn the table upright. Check all connections again to ensure they are tight.

Place the table in its desired indoor location. Ensure the table is level and stable before use.

The image above shows the fully assembled bistro table, ready for use in an indoor setting.

USAGE AND OPERATION

The vidaXL Bistro Table is designed for general indoor dining and casual use. It can comfortably seat up to four people. Avoid placing excessively heavy items on the tabletop to prevent damage. Do not use the table as a step stool or for purposes other than its intended design.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the table surface with a damp cloth. Avoid using harsh chemicals, abrasive cleaners,

or excessive moisture, as these can damage the engineered wood finish.

- **Spills:** Clean up spills immediately to prevent staining or water damage.
- **Protection:** Use coasters under drinks and placemats under hot dishes to protect the surface from heat and moisture.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the finish.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Table is wobbly	Loose fasteners; uneven floor.	Check and tighten all assembly screws. Move the table to a level surface or use furniture pads to stabilize.
Parts do not fit	Incorrect orientation; manufacturing defect.	Review the assembly instructions to ensure parts are oriented correctly. If parts are defective, contact customer support.
Surface scratches	Sharp objects; abrasive cleaning.	Use coasters and placemats. Avoid dragging objects across the surface. For minor scratches, furniture repair kits may be used.

SPECIFICATIONS

Feature	Detail
Brand	vidaXL
Model Number	815102-19
