NineHorse IDW13 Compatible Bands

NineHorse Smart Watch Bands Instruction Manual

Model: IDW13 Compatible Bands

INTRODUCTION

This manual provides instructions for the NineHorse Smart Watch Bands, designed for compatibility with TOOBUR IDW13, VRPEFIT IDW13, and Amzhero IDW13 smartwatches. Please read carefully for proper installation, usage, and maintenance.

COMPATIBLE SMARTWATCH MODELS

- TOOBUR IDW13
- VRPEFIT IDW13
- Amzhero IDW13

PRODUCT FEATURES

- **High-Performance Silicone Material:** Made from eco-friendly, durable, waterproof, lightweight, flexible, and soft silicone. Resistant to fading, dirt, sweat, and irritation.
- **Adjustable Size:** Fits most adult wrists, suitable for sizes 5.5 to 7.8 inches.
- **Easy Installation:** Quick-release pins allow for tool-free band changes.
- **Stylish Design:** Multiple fashionable patterns and colors available, suitable for unisex adults.

PACKAGE CONTENTS

- 6x NineHorse Smart Watch Bands

SETUP GUIDE

1. Choosing the Correct Size

Measure your wrist circumference to ensure the band fits comfortably within the 5.5 to 7.8-inch range. You can also measure the lug width of your smartwatch to ensure compatibility (e.g., 18mm, 19mm, 20mm,

22mm).

Image: A visual guide for measuring watch lug width to determine the correct band size.

2. Installing the Watch Band

The bands feature quick-release pins for easy attachment and removal.

1. Locate the quick-release pins on your existing smartwatch band.
2. Gently slide the pin to detach the old band from the watch lugs.
3. Align the new NineHorse band with the watch lugs.
4. Insert one end of the quick-release pin into the lug hole, then slide the other end to fit into the opposite lug hole. Release the pin to secure the band.
5. Tug gently on the band to ensure it is securely attached.

3. Adjusting the Band for Comfort

The silicone band is designed with an aluminum buckle and multiple holes for precise adjustment.

1. Place the smartwatch on your wrist.
2. Thread the band through the buckle.
3. Select a hole that provides a snug yet comfortable fit, ensuring the watch sensors maintain contact with your skin for accurate readings.

OPERATING YOUR SMARTWATCH (WITH NINEHORSE BANDS)

While the NineHorse bands provide comfort and style, the smartwatch itself offers various functionalities. This section covers general operation relevant to the band's use.

App Connectivity

Download the companion app (e.g., "VeryFit" as seen in some compatible watch models) to your smartphone (Android or iOS). The app allows you to sync data, customize watch faces, and manage notifications.

Your browser does not support the video tag.

Video: Overview of the TOOBUR Smart Watch DR06, demonstrating its features and app integration.

Health Tracking

Your smartwatch, when worn with the NineHorse band, can track various health metrics including steps, heart rate, blood oxygen levels, and sleep patterns. Refer to your smartwatch's specific manual for detailed instructions on activating and interpreting these features.

Notifications and Calls

Once paired with your phone, the smartwatch can display notifications for calls and messages. Some models may also allow you to answer calls directly from the watch.

Customization

Many smartwatches allow you to change watch faces and settings via the companion app to personalize your experience.

MAINTENANCE

Care and Cleaning

The silicone bands are washable and durable.

1. Remove the band from your smartwatch.
2. Wash the band with mild soap and water.
3. Rinse thoroughly and allow to air dry completely before reattaching to your smartwatch.
4. Avoid harsh chemicals or abrasive materials that could damage the silicone.

TROUBLESHOOTING

If you encounter any issues with your NineHorse Smart Watch Bands, please refer to the following common solutions:

- **Band not fitting:** Ensure you have measured your wrist correctly and selected the appropriate size. The adjustable buckle allows for fine-tuning.
- **Difficulty installing:** Verify that the quick-release pins are properly aligned with the watch lugs. If issues persist, refer to the installation video or contact support.
- **Skin irritation:** Although made from skin-friendly silicone, if irritation occurs, ensure the band is clean and not worn too tightly. Discontinue use if irritation persists.
