Hiibo Dog Camera with Treat Dispenser User Manual

Brand: GULIGULI | Model: B0C368C2SZ

PRODUCT OVERVIEW

The GULIGULI Hiibo Dog Camera is a smart companion robot designed to keep you connected with your pets while you're away. It offers dynamic protection and companionship with its mobile capabilities, allowing you to monitor your entire home. Capture adorable moments in 1080p HD, day or night, and interact with your pets using the built-in 2-way talk feature. The device also includes a fun treat dispenser and a cat laser for entertainment. Enjoy all features without any subscription fees.

The Hiibo Dog Camera with Treat Dispenser, designed to keep you connected with your pets.

SETUP GUIDE

1. Charge the Device

Before first use, fully charge your Hiibo camera. The device is powered by a battery and offers up to 15 days of endurance on a full charge. Use the provided USB-C cable for charging.

The Hiibo camera boasts a 15-day long endurance battery life.

2. Download and Connect to GLPets App

The Hiibo camera is controlled via the GLPets app. Scan the QR code below or search for 'GLPets' in your app store to download. Follow the in-app instructions to sign up, log in, and connect your camera to your home Wi-Fi network. **Important: The camera only supports 2.4Ghz Wi-Fi. It does not support 5Ghz networks.**

FREE	GULIGULI	OTHERS

SAY GOODBYE TO SUBSCRIPTION FEES.

Enjoy pure joy and unforgettable moments with your furry friend!

Scan the QR code to download the GLPets app and follow the setup steps.

3. Fill the Treat Dispenser

Open the lid on top of the robot to access the treat compartment. Fill it with your pet's favorite treats (suitable for 6mm to 18mm size). Close the lid securely.

OPERATING INSTRUCTIONS

Mobile Monitoring and Navigation

Control the Hiibo camera's movement directly from the GLPets app. Its wheels allow it to navigate your home, finding your pet wherever they are. The 1080p HD camera provides clear video feed, even with infrared night vision for low-light conditions.

Whole House Move Freely

Take the initiative to find your pet

The Hiibo camera's mobile capabilities allow it to move freely and find your pet anywhere in the house.

2-Way Talk

Use the built-in microphone and speaker to communicate with your pets in real-time. This feature helps reduce pet anxiety when you're away.

2-Way Audio

Reduce pet anxiety

Engage with your pet using the 2-way audio feature to reduce their anxiety.

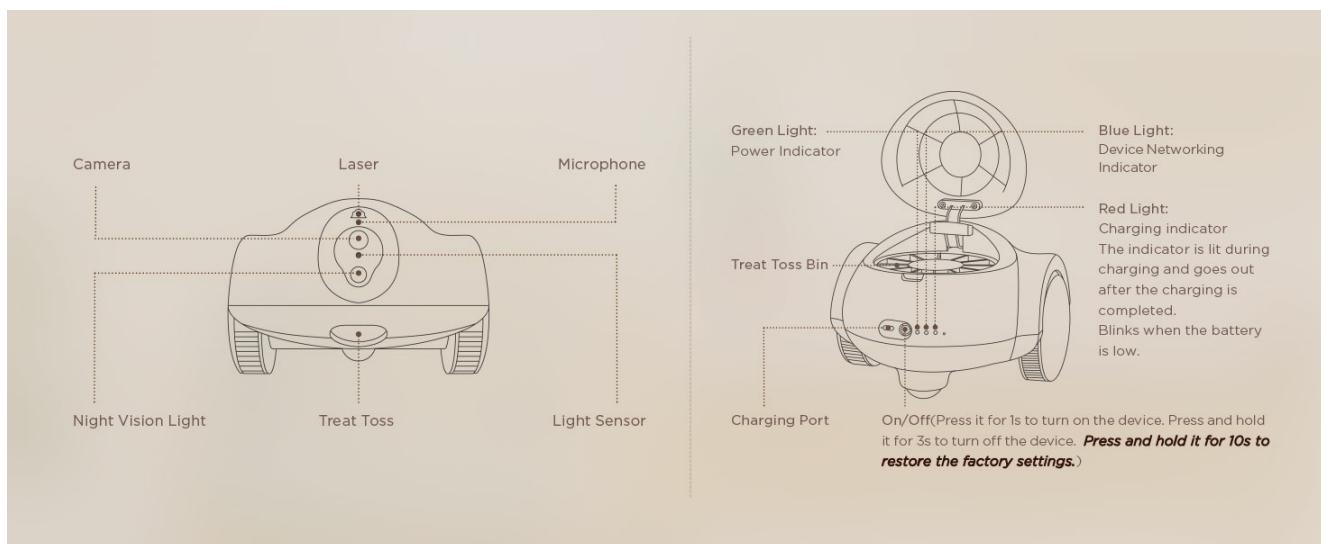

Treat Dispensing and Laser Play

Dispense treats remotely to reward or play with your pet. The camera also features a cat laser for interactive play. You can set up automatic play modes for continuous entertainment.

	GULIGULI	OTHERS
Move freely	✓	✗
No Monthly Fee	✓	✗
Cat Laser	✓	✗
Multi-People Share	✓	✗

Remote treat tossing feature allows you to reward your pet from anywhere.

The built-in camera supports infrared night vision for clear viewing in the dark.

Sharing Access

Share access to the Hiibo camera and GLPets app with family and friends, allowing multiple users to interact with your pets. No subscription fees are required for this feature.

Remote Treat Tossing

Suitable for 6mm → 18mm

Share happiness by inviting family and friends to access the pet camera and GLPets app.

MAINTENANCE

Regularly clean the treat dispenser and the camera lens to ensure optimal performance. The device's battery lasts up to 15 days, so ensure it is charged as needed. For detailed cleaning instructions, refer to the full user manual.

TROUBLESHOOTING

Wi-Fi Connection Issues

If you experience difficulty connecting the camera to your Wi-Fi, ensure your router is set to 2.4Ghz. Some users have found success by setting up a dedicated guest network on the 2.4Ghz band for the device.
