## MAINTENANCE

---

Proper care will ensure the longevity of your building block set.

- **Cleaning:** To clean the blocks, gently wipe them with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the plastic or printed details.
- **Drying:** Ensure all pieces are completely dry before storing them to prevent moisture damage.
- **Storage:** Store the blocks in a clean, dry place, away from direct sunlight and extreme temperatures. The original packaging or a dedicated storage container is recommended to keep all pieces together.

## TROUBLESHOOTING

---

If you encounter any issues during assembly or play, consider the following common solutions:

- **Missing Pieces:** Double-check the packaging and your workspace. If a piece is genuinely missing, contact MINISO customer support with your product details.
- **Difficulty Assembling:** Refer back to the step-by-step instruction manual. Ensure you are using the correct pieces for each step and that they are oriented correctly. Sometimes, a small adjustment can make a big difference.
- **Loose Connections:** Ensure pieces are firmly pressed together until they click into place. If a connection remains loose, check for any debris or manufacturing imperfections.
