PEAKLIFT PEAKLIFT-2FT-LIGHTNING

PEAKLIFT 2 FT Lightning Cable Instruction Manual

Model: PEAKLIFT-2FT-LIGHTNING

1. INTRODUCTION

Thank you for choosing the PEAKLIFT 2 FT Braided USB to Lightning Cable. This cable is designed to provide reliable and efficient charging and data transfer for your Apple devices. Featuring MFi certification, a durable braided design, and optimal length for various uses, this cable ensures a secure and stable connection.

This manual provides essential information on how to properly set up, operate, maintain, and troubleshoot your new lightning cable.

2. SETUP

The PEAKLIFT Lightning Cable is designed for simple plug-and-play functionality. Follow these steps to connect your device:

1. **Connect to Power Source:** Insert the USB-A end of the cable into a compatible USB power adapter (e.g., wall charger, car charger) or a computer's USB port.
2. **Connect to Device:** Insert the Lightning connector end of the cable into the Lightning port of your Apple device (iPhone, iPad, iPod, AirPods).
3. **Verify Connection:** Your device should indicate that it is charging or connected for data transfer. The MFi certified chip ensures compatibility and prevents error messages.

MFI Certified Chips

✔ Safe charging and data transfer

3. OPERATING INSTRUCTIONS

3.1 Charging Your Device

This cable supports fast charging with a maximum current of 3 Amps. When connected to a compatible fast-charging power adapter, your device will charge efficiently.

- Ensure your power adapter supports fast charging for optimal performance.
- The cable is designed to protect your device from overcurrent and overvoltage.

Image 3: Visual representation of fast charging capability, showing a device reaching 50% charge in 30 minutes.

3.2 Data Transfer

The cable facilitates high-speed data transfer at up to 480 Mbps. This allows for quick synchronization of files, photos, videos, and other data between your Apple device and a computer.

- Connect your Apple device to a computer using the cable.
- Follow your device's instructions for initiating data transfer or synchronization.

Data Transfer

4. MAINTENANCE

To ensure the longevity and optimal performance of your PEAKLIFT Lightning Cable, follow these maintenance guidelines:

- **Handle with Care:** Avoid excessive bending or sharp angles, especially near the connectors.
- **Clean Connectors:** Periodically inspect and gently clean the Lightning and USB-A connectors to remove dust or debris that may hinder connection. Use a dry, soft cloth.
- **Storage:** Store the cable in a clean, dry place when not in use. Avoid tangling the cable excessively.
- **Avoid Extreme Conditions:** Do not expose the cable to extreme temperatures, direct sunlight for

prolonged periods, or corrosive liquids.

The cable features a durable braided exterior and reinforced connectors, designed to withstand over 45,000 bends and provide a longer service life.

5. TROUBLESHOOTING

If you encounter issues with your PEAKLIFT Lightning Cable, consider the following troubleshooting steps:

- **Device Not Charging:**
 - Ensure both ends of the cable are securely connected to the power source and your device.
 - Try a different power adapter or USB port.
 - Check your device's Lightning port for any debris that might obstruct the connection.

- Restart your Apple device.
- **Slow Charging:**
 - Verify that your power adapter supports fast charging.
 - Ensure your device is not running power-intensive applications in the background while charging.
- **Data Transfer Issues:**
 - Confirm that your computer recognizes the connected device.
 - Try connecting to a different USB port on your computer.
 - Ensure your device's operating system and iTunes (if applicable) are up to date.
- **"Accessory Not Supported" Message:**
 - This cable is MFi certified to prevent such messages. If you encounter this, ensure the cable is fully inserted and try restarting your device. If the issue persists, contact customer support.

6. SPECIFICATIONS

Feature	Description
Model Number	PEAKLIFT-2FT-LIGHTNING
Cable Length	2 Feet (0.6 meters)
Connector Type	Lightning (Male), USB Type A (Male)
Cable Material	Braided Nylon
Data Transfer Rate	Up to 480 Mbps
Maximum Current	3 Amps
Maximum Voltage	5 Volts (DC)
Special Features	MFi Certified, Fast Charging, Portable, Durable Braided Design
Compatibility	Apple devices with Lightning port (e.g., iPhone 14/13/12/11/X/8/7 series, iPad, AirPods)

7. WARRANTY AND SUPPORT

7.1 Warranty Information

The PEAKLIFT 2 FT Lightning Cable comes with a **12-month after-sales customer service** for any quality-related issues, as well as a **1-year manufacturer's warranty**. This warranty covers defects in materials and workmanship under normal use.

The warranty does not cover damage caused by misuse, accidents, unauthorized modifications, or external causes such as drops or liquid damage.

7.2 Customer Support

For technical assistance, warranty claims, or any questions regarding your PEAKLIFT Lightning Cable,

please contact our customer support team. Refer to your purchase documentation or the PEAKLIFT official website for contact details.

When contacting support, please have your product model number (PEAKLIFT-2FT-LIGHTNING) and proof of purchase readily available.
