FEZIBO P02.02.GI.0001

FEZIBO Height Adjustable Electric Standing Desk User Manual

Model: P02.02.GI.0001

Introduction

Thank you for choosing the FEZIBO Height Adjustable Electric Standing Desk. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new desk. Please read this manual thoroughly before beginning assembly or operation to ensure proper use and to prevent damage or injury.

Safety Information

To ensure safe operation and prolong the lifespan of your desk, please observe the following safety precautions:

- Ensure all components are present and undamaged before assembly. Do not proceed with assembly if any parts are missing or damaged.
- Assembly should ideally be performed by two people due to the weight and size of the components.
- Keep children and pets away from the desk during operation to prevent injury.
- Do not overload the desk. The maximum weight capacity is 176 lbs (80 kg).
- Ensure there are no obstructions in the path of the desk's movement (up or down) to avoid collisions.
- Only use the provided power adapter and cables.
- Do not disassemble or modify the motor or control box. Contact customer support for repairs.
- Keep liquids away from electrical components.

Package Contents

Before assembly, verify that all the following components are included in your package:

- Desktop sections (Splice Board)
- Desk Legs (2)
- Crossbar/Frame components
- Motor and Control Box
- Keypad Controller
- Keyboard Tray
- Drawers (4)

- Monitor Stand/Storage Shelf
- Headphone Hook
- Cable Management Tray
- Adjustable Feet or Replaceable Lockable Casters
- Assembly Hardware (screws, bolts, tools)
- Instruction Manual

Setup and Assembly

Follow these steps carefully for proper assembly. It is recommended to have a second person assist with assembly.

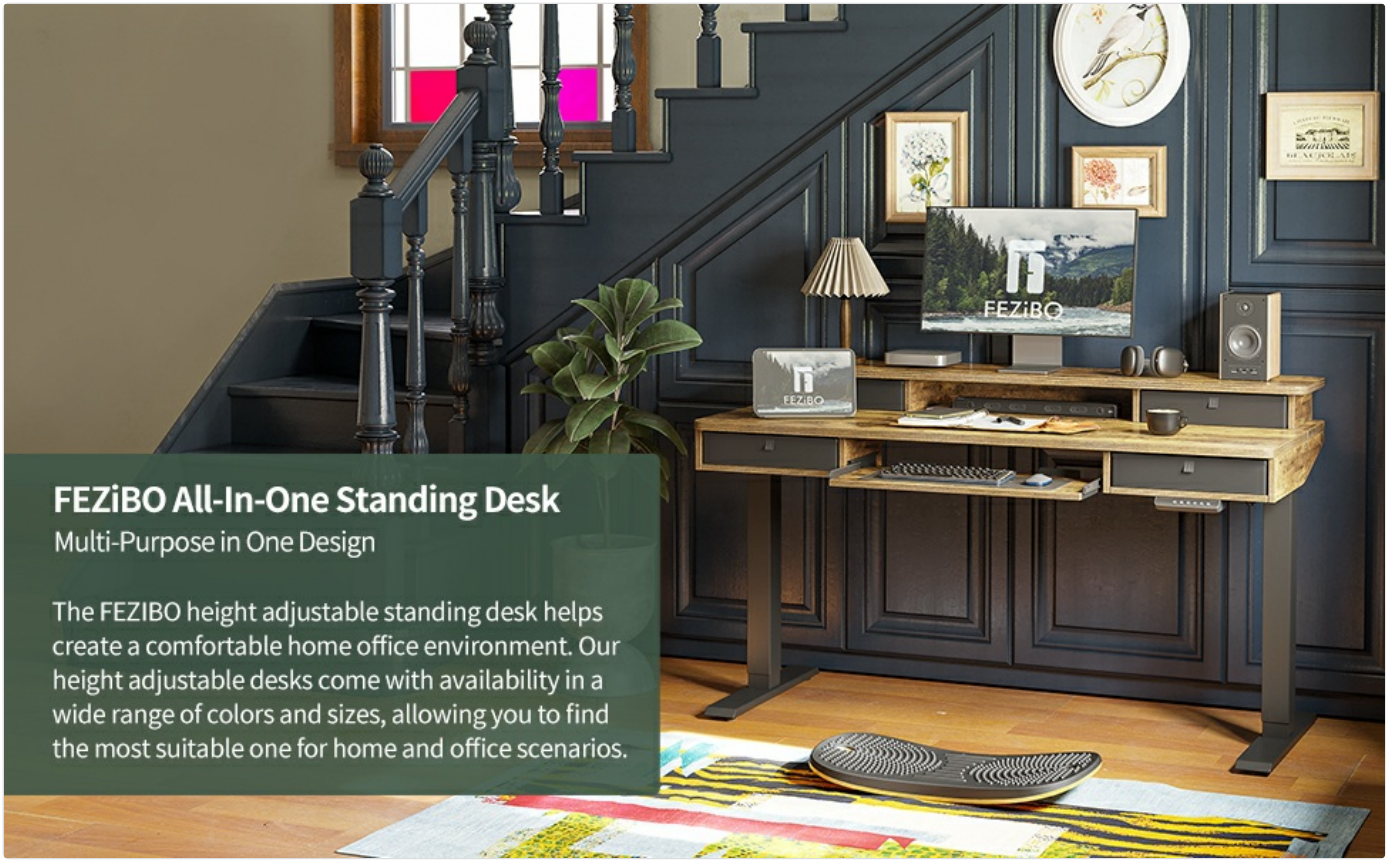

Image: Two individuals collaborating on the assembly of the desk frame, highlighting the benefit of team assembly.

1. **Prepare the Workspace:** Clear a spacious area for assembly. Lay out all components and hardware, organizing them for easy access.
2. **Assemble the Desk Frame:** Attach the desk legs to the crossbar components. Ensure all connections are secure. Pay close attention to the alignment of the sync rod if your model includes one, as misalignment can prevent proper height adjustment.
3. **Attach Desktop Sections:** Securely fasten the desktop sections to the assembled frame using the provided screws.
4. **Install Keyboard Tray:** Mount the slide-out keyboard tray according to the instructions, ensuring smooth gliding tracks.
5. **Install Drawers and Monitor Stand:** Place the four fabric drawers into their designated compartments. Secure the monitor stand/storage shelf to the top of the desk.
6. **Mount Keypad Controller:** Attach the keypad controller to the underside of the desk in an easily accessible location.
7. **Connect Electrical Components:** Connect the motor and keypad controller to the control box. Plug the power adapter into the control box and then into a power outlet.
8. **Cable Management:** Utilize the included cable management tray and clips to organize and secure all cables, preventing tangles and ensuring safety.
9. **Final Check:** Before first use, double-check all screws and connections to ensure they are tight and secure.

Operating Instructions

Your FEZIBO standing desk features an intuitive keypad controller for easy height adjustment and memory presets.

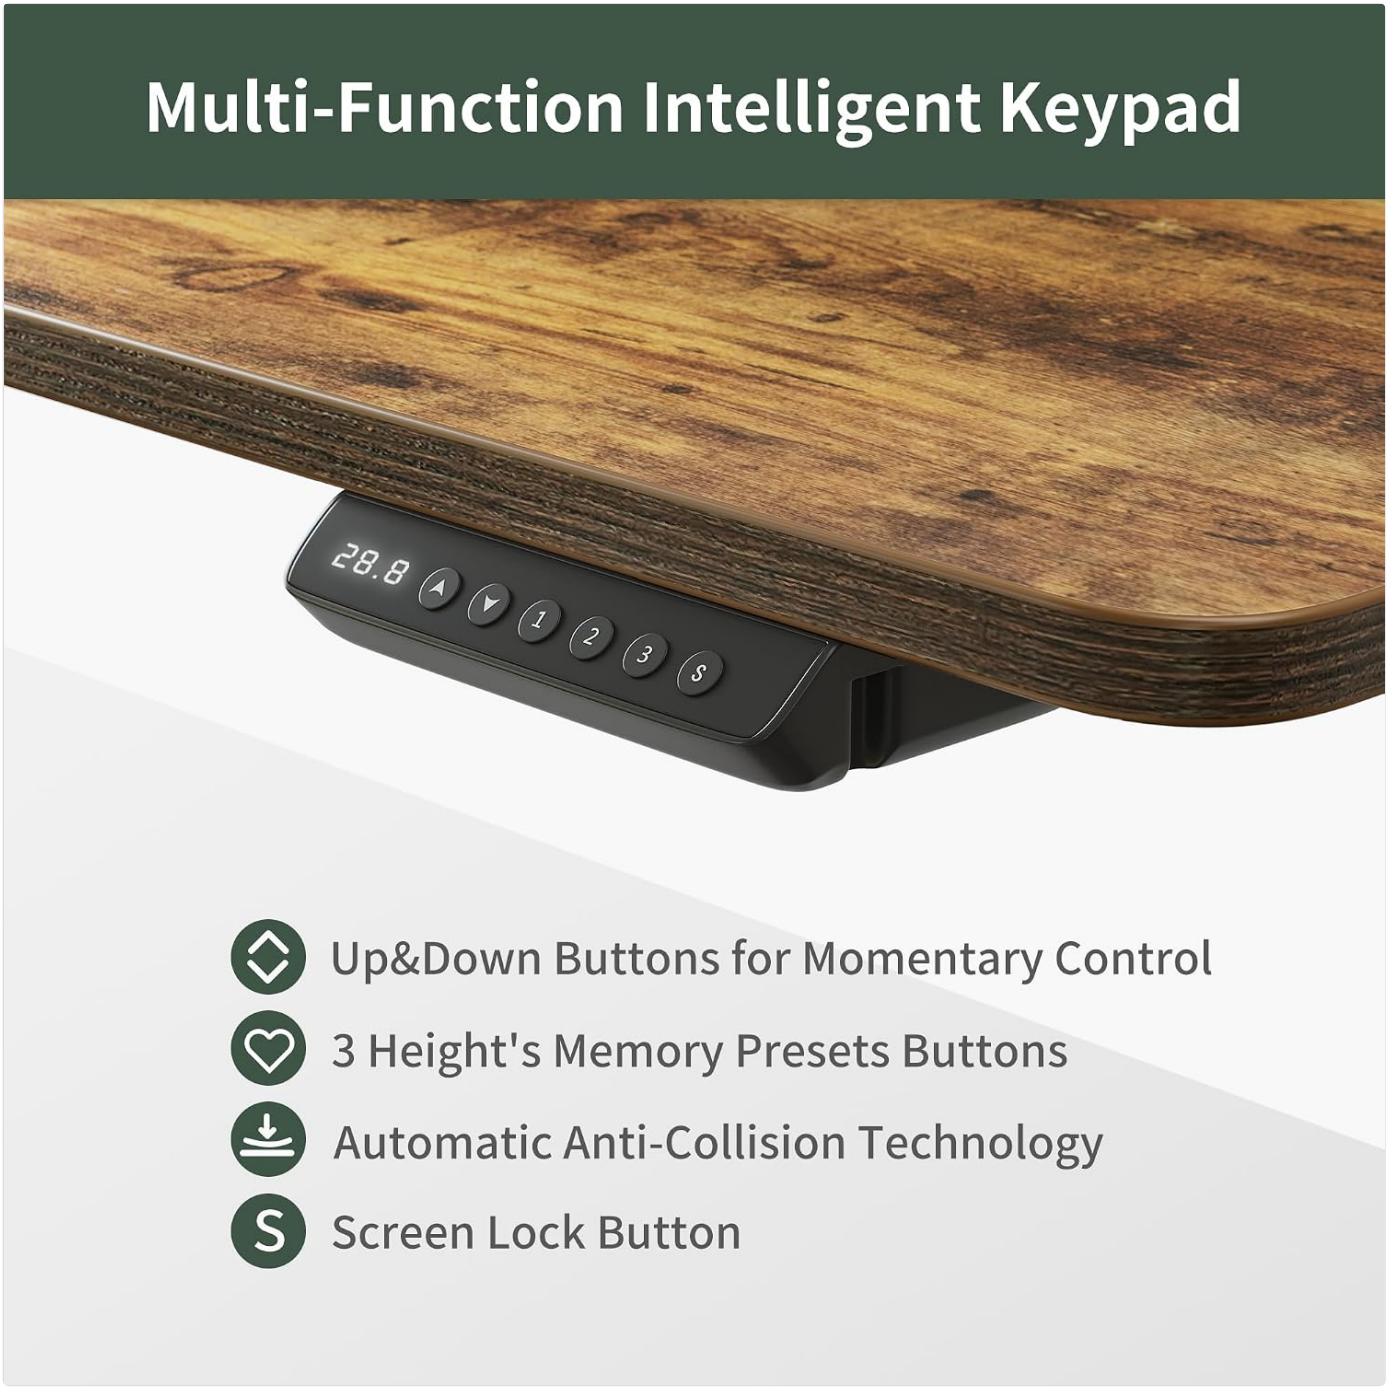

Image: Detailed view of the desk's control panel, featuring up/down buttons, memory presets, and a screen lock button.

- **Adjusting Height:** Use the **Up** and **Down** buttons for momentary control of the desk height. The desk moves smoothly at a speed of 1 inch per second with low noise (under 50 dB).
- **Setting Memory Presets:** Your desk has 3 memory preset buttons. Adjust the desk to your desired height, then press the **M** button followed by the desired preset number (**1**, **2**, or **3**). The height will be saved. To recall a saved height, simply press the corresponding preset number.
- **Anti-Collision Technology:** The desk is equipped with automatic anti-collision technology. If the desk encounters an obstacle during movement, it will stop and reverse slightly to prevent damage.
- **Screen Lock:** Use the **S** button to lock the screen, preventing accidental adjustments.

Key Features

The FEZIBO Height Adjustable Electric Standing Desk is designed with several features to enhance your workspace:

- **Spacious Monitor Stand:** The integrated top shelf with drawers elevates your monitors to eye level, promoting better posture and reducing neck and back strain. It also helps keep your desktop organized.

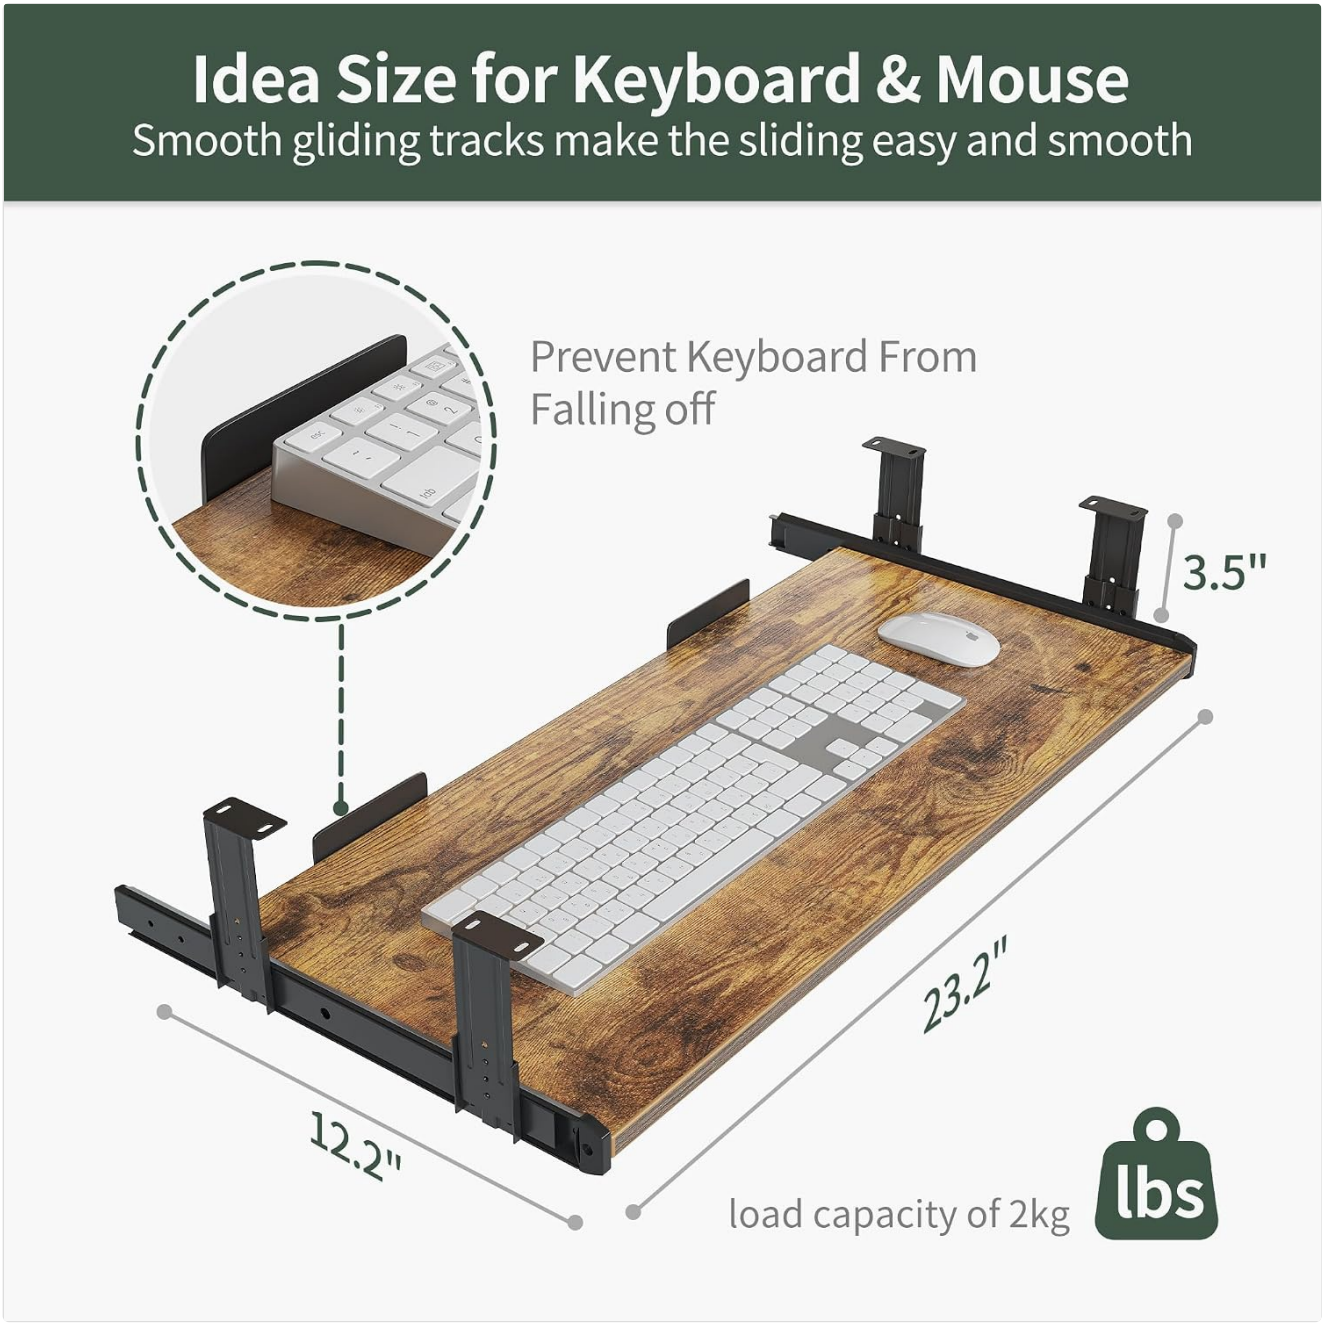

Image: Detailed view of the desk's integrated storage solutions, including four drawers and a central cubicle.

- **Four Drawers:** The desk includes four convenient drawers, offering ample storage space for office supplies, documents, and personal items, contributing to a tidier workspace.
- **Exclusively Designed Keyboard Tray:** A special slide-out keyboard tray provides dedicated space for your keyboard and mouse, freeing up the main desktop surface.

Maintenance

Proper care and maintenance will ensure the longevity of your FEZIBO standing desk:

- **Cleaning:** Wipe the desk surfaces with a damp cloth to remove dust and spills. For stubborn marks, use a mild cleaner. Avoid abrasive cleaners or harsh chemicals.
- **Drying:** After cleaning with a damp cloth, immediately wipe the surface dry with a clean, dry cloth to prevent moisture damage.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Cable Management:** Ensure cables remain neatly organized and are not pinched or tangled, which could affect desk operation or cause damage.

Troubleshooting

If you encounter any issues with your FEZIBO standing desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Desk does not move or one leg is immobile.	Sync rod is not properly inserted or aligned.	Ensure the sync rod connecting the two legs is fully and correctly inserted into both leg mechanisms. Refer to assembly instructions for proper alignment. If unsure, gently pull the legs apart slightly to expose the rod, then push them back together ensuring the rod engages.
Desk stops moving or reverses unexpectedly.	Anti-collision sensor detected an obstacle.	Remove any objects obstructing the desk's movement. Check for cables or items caught underneath or around the desk legs.
Keypad display shows an error code.	Connection issue or system overload.	Unplug the desk from the power outlet for 10-15 seconds, then plug it back in. This may reset the system. If the error persists, contact customer support.
Desk wobbles or is unstable.	Loose connections or uneven floor.	Check and tighten all assembly screws, especially those connecting the frame and legs. Adjust the leveling feet or casters to ensure the desk is stable on an even surface.

Specifications

Feature	Detail
Brand	FEZIBO
Model Number	P02.02.GI.0001
Product Dimensions (D x W x H)	24"D x 48"W x 47"H
Color	Rustic Brown
Minimum Height	27 Inches
Maximum Height	47 Inches
Maximum Weight Capacity	176 Pounds (80 kg)
Number of Drawers	4
Lifting Mechanism	Electric
Base Material	Alloy Steel
Top Material Type	Wood (Laminated)
Product Care Instructions	Wipe with Damp Cloth, Wipe with Dry Cloth
Required Assembly	Yes
