Safety Information

To ensure safe operation and prevent injury or damage, please adhere to the following safety guidelines:

- **Maximum Load Capacity:** Do not exceed the maximum recommended load of 136 kg (approximately 299 lbs) per chair. Overloading can cause structural failure and injury.
- **Stability:** Always ensure the chairs are placed on a flat, stable, and even surface. Uneven ground can lead to tipping.
- **Reclining Positions:** Before sitting or adjusting, ensure that the backrest mechanism is fully engaged and locked into your desired position. Do not force the mechanism.
- **Children:** Keep children away from moving parts during adjustment. Adult supervision is recommended when children are near the chairs.
- **Inspection:** Regularly inspect the chairs for any signs of wear, damage, or loose components. Do not use if damaged.

Setup

The KOMFOTTEU Folding Garden Chairs require minimal setup. Follow these steps to prepare your chairs for use:

1. **Unpack:** Carefully remove the chairs from their packaging.
2. **Unfold:** Hold the top of the backrest and the front of the seat. Gently pull them apart until the chair fully extends and the locking mechanisms engage. Ensure all four legs are firmly on the ground.
3. **Check Stability:** Before sitting, gently press down on the seat and backrest to confirm the chair is stable and all joints are locked.

Operating Instructions

Your KOMFOTTEU Folding Garden Chair features an adjustable backrest for customized comfort:

1. **Adjusting the Backrest:** While seated or standing beside the chair, slightly lift both armrests. This action disengages the locking mechanism.
2. **Select Position:** Gently push or pull the backrest to your desired angle. The chair offers 7 reclining positions, ranging from 100° (upright) to 140° (reclined).
3. **Lock Position:** Once the desired angle is reached, release the armrests. Ensure the backrest mechanism clicks securely into place before applying full weight.

Maintenance

Proper care will extend the life and appearance of your garden chairs:

- **Cleaning the Frame:** Wipe the metal frame with a soft cloth dampened with water and a mild soap solution. Rinse thoroughly and dry completely to prevent rust.
- **Cleaning the Fabric:** For the fabric seat and backrest, use a soft brush or sponge with a mild detergent and water. Rinse well with clean water and allow to air dry completely before folding or storing. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, especially during adverse weather conditions or off-season, fold the chairs and store them in a dry, protected area. This helps prevent damage and prolongs their lifespan.
- **Headrest:** The headrest is removable for cleaning or preference. Reattach securely when needed.

Troubleshooting

If you encounter any issues with your chairs, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair feels unstable	Uneven surface; folding mechanism not fully engaged.	Move the chair to a flat, even surface. Ensure the chair is fully unfolded and all locking mechanisms are securely engaged.
Difficulty adjusting backrest	Mechanism obstructed; armrests not lifted sufficiently.	Check for any obstructions in the reclining mechanism. Ensure both armrests are lifted slightly to release the lock before attempting to adjust. Do not force the mechanism.

Chair does not fold easily	Mechanism stiff or obstructed.	Ensure the backrest is in the most upright position. Check for any debris or obstructions in the folding joints. Apply gentle, even pressure.
