- **Built-in Microphone:** Enables clear hands-free calling.

- **IPX7 Waterproof:** Designed to withstand splashes and rain, ideal for outdoor use.
- **Portable Design:** Lightweight and durable, perfect for travel, parties, and outdoor activities.

40W Clear Powerful Bass Sound

Immersive sound with rich bass
deep high dynamic sound

Figure 2: High-fidelity sound components.

Gorgeous Colorful Light

7 colors & 11 modes, not only a speaker, but also a shiny party light

Figure 3: Dynamic RGB lighting.

The image features two cylindrical wireless speakers on a dark stage. Each speaker has a vertical oval light strip on its front that glows with a rainbow spectrum. A white Wi-Fi symbol is positioned above each speaker. In the center foreground, a tablet is propped up on a small stand, displaying a vibrant concert scene with a crowd and bright lights. A dotted white line with arrowheads at both ends connects the two speakers, indicating their pairing. The background is a large screen showing a concert crowd with their hands raised in the air under bright stage lights and falling confetti.

Connect 2 speakers together, enjoy 360° stereo surround sound

3. Package Contents

- AWEI Y885 Portable Wireless Bluetooth Speaker
- USB Type-C Charging Cable
- User Manual (this document)

4. Controls and Indicators

The AWEI Y885 speaker features intuitive controls located on the top panel for easy operation:

- **Power Button** (): Press and hold to power on/off. Short press to play/pause music.
- **Volume Up** (+): Short press to increase volume.
- **Volume Down** (-): Short press to decrease volume.
- **Light Mode Button** (*): Short press to cycle through 11 different light modes. Press and hold to turn lights off/on.
- **Previous Track** (<<): Press and hold Volume Down (-) button.
- **Next Track** (>>): Press and hold Volume Up (+) button.

- **Bluetooth/TWS Pairing Button:** (Often integrated with power or a dedicated button, refer to specific icon on your device if different from general controls).

5. Setup

5.1 Initial Charging

Before first use, fully charge the speaker. Connect the provided USB Type-C charging cable to the speaker's charging port and the other end to a USB power adapter (not included) or a computer's USB port. The charging indicator light will show charging status and turn off when fully charged.

5.2 Power On/Off

- **To Power On:** Press and hold the Power Button () for approximately 3 seconds until you hear an audible prompt and the lights activate.
- **To Power Off:** Press and hold the Power Button () for approximately 3 seconds until you hear an audible prompt and the lights turn off.

6. Operating Instructions

6.1 Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing light or audible prompt).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "AWEI Y885" from the list of devices.
4. Once successfully paired, you will hear a confirmation sound, and the light indicator will change.

6.2 True Wireless Stereo (TWS) Pairing

To achieve 80W stereo sound, you can pair two AWEI Y885 speakers together:

1. Ensure both Y885 speakers are powered on and not connected to any Bluetooth device.
2. On one speaker, short press the TWS pairing button (often indicated by a chain link icon or similar, or a double-press of the power button). The speaker will enter TWS pairing mode.
3. The two speakers will automatically connect to each other. You will hear a confirmation sound once TWS pairing is successful.
4. Now, connect your device to one of the speakers via Bluetooth as described in section 6.1. Both speakers will play audio in stereo.

6.3 Audio Playback

- **Bluetooth Mode:** After successful pairing, play music from your connected device. Use the speaker's volume and track control buttons, or control directly from your device.
- **Aux-in Mode:** Insert a 3.5mm audio cable (not included) into the speaker's Aux-in port and connect the other end to your audio source. The speaker will automatically switch to Aux-in mode.
- **TF Card Mode:** Insert a TF (MicroSD) card with audio files into the designated slot. The speaker will automatically detect and play music from the card.

6.4 Call Functions

When connected via Bluetooth, you can manage phone calls using the speaker's built-in microphone:

- **Answer Call:** Short press the Power Button ().
- **End Call:** Short press the Power Button () during a call.
- **Reject Call:** Press and hold the Power Button () for 2 seconds.

6.5 Light Modes

The speaker features dynamic RGB lighting with multiple modes:

- Short press the Light Mode Button (✱) to cycle through the 11 available light modes.
- Press and hold the Light Mode Button (✱) to turn the lights off or on.

7. Maintenance and Care

- Keep the speaker away from extreme temperatures, direct sunlight, and corrosive substances.
- Clean the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive materials.
- Ensure the charging port cover is securely closed when using the speaker near water to maintain its IPX7 waterproof rating.
- Store the speaker in a cool, dry place when not in use for extended periods.

8. Troubleshooting

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery; Power button not pressed long enough.	Charge the speaker; Press and hold the Power button for 3 seconds.
Cannot pair with Bluetooth device.	Speaker not in pairing mode; Device Bluetooth is off; Speaker already connected to another device.	Ensure speaker is in pairing mode; Turn on device Bluetooth; Disconnect from other devices.
No sound.	Volume too low; Incorrect input mode; Device not playing audio.	Increase volume on speaker/device; Check Aux/TF card connection; Ensure audio is playing on device.
TWS pairing failed.	Speakers too far apart; One speaker already paired to a device.	Ensure speakers are close; Disconnect both speakers from any devices before TWS pairing.
