mojawa Run Plus

Mojawa Run Plus Bone Conduction Headphones User Manual

Brand: mojawa | Model: Run Plus

INTRODUCTION

The Mojawa Run Plus Bone Conduction Headphones are designed for active lifestyles, offering a unique open-ear listening experience. With IP68 waterproofing, a built-in 32GB MP3 player, and Bluetooth 5.2 connectivity, these headphones are perfect for running, swimming, cycling, and other workouts. Their secure fit and long battery life ensure continuous audio enjoyment while maintaining awareness of your surroundings.

The Mojawa Run Plus Bone Conduction Headphones, designed for comfort and durability.

WHAT'S IN THE BOX

- Mojawa Run Plus Bone Conduction Headphones
- Magnetic Charging Cable
- Earplugs (1 Pair)
- Carry Bag
- User Manual

PRODUCT OVERVIEW

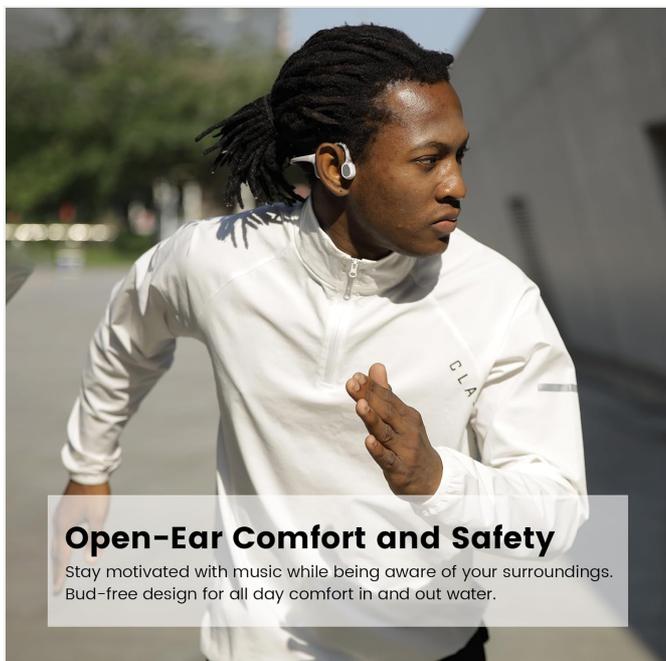

The Mojawa Run Plus headphones feature an open-ear design for comfort and situational awareness, making them ideal for various activities. Key features include:

IP68 Waterproof Rating

Submersion of up to 2 meters underwater for 2 hours
*Please switch to MP3 mode when swimming

The Run Plus headphones are fully IP68 waterproof, allowing submersion up to 2 meters for 2 hours, suitable for swimming.

Open-Ear Comfort and Safety

Stay motivated with music while being aware of your surroundings.
Bud-free design for all day comfort in and out water.

Experience open-ear comfort and safety, staying aware of your surroundings during activities like running.

MP3 & Bluetooth Mode

MP3 Mode

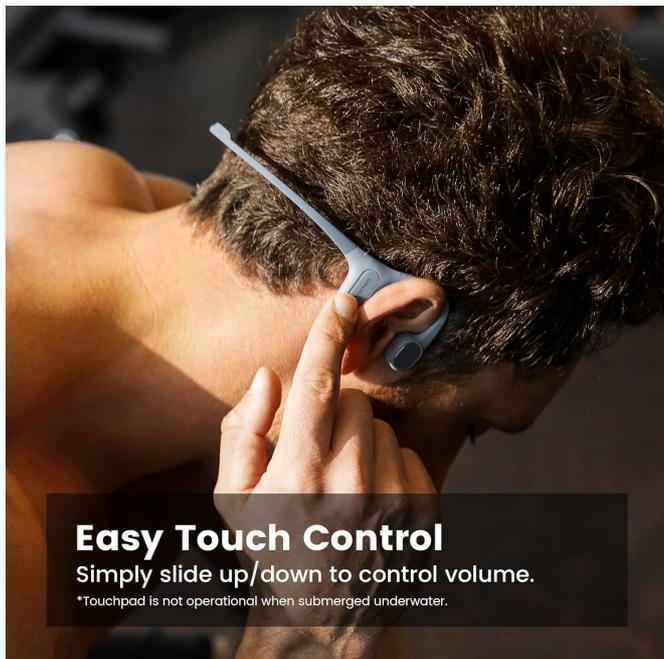

- 32G large storage
- Fast file transfer speed

Bluetooth Mode

- Enjoy audio from up to 2 devices
- Clear and stable phone calls

The headphones support both MP3 storage mode with 32GB built-in memory and Bluetooth mode for wireless connectivity.

Easy touch controls allow for simple volume adjustments. Note:
Touchpad is not operational when submerged underwater.

SETUP

Charging the Headphones

Connect the magnetic charging cable to the charging port on the headphones and plug the USB end into a power source. A full charge provides up to 8 hours of playtime. A 5-minute quick charge offers an additional 80 minutes of playtime.

Battery life and quick charge capabilities.

Powering On/Off

To power on, press and hold the power button until the indicator light turns on. To power off, press and hold the power button until the indicator light turns off.

OPERATING INSTRUCTIONS

Bluetooth Mode

The headphones connect via Bluetooth 5.2. To pair, ensure the headphones are powered on and in pairing mode (usually indicated by a flashing light). Search for "Mojawa Run Plus" on your device's Bluetooth settings and connect. You can enjoy audio from up to 2 devices and make clear phone calls.

MP3 Storage Mode

The headphones feature a 32GB built-in MP3 player, allowing you to store and play up to 8000 songs or audiobooks offline. To transfer files, connect the headphones to your computer using the magnetic charging cable. The headphones will appear as a removable drive, allowing you to drag and drop audio files. Switch to MP3 mode for offline listening, especially recommended for swimming.

Important Note for Swimming: When using the headphones for swimming, it is crucial to switch to MP3 mode. The touchpad controls are not operational when submerged. Some users have reported issues with accidental mode changes or disconnections if Bluetooth is active while swimming; turning off Bluetooth on your phone before swimming is recommended if you experience this.

Controls

- **Power Button/Multi-function Button:** Used for powering on/off and other functions (refer to full user manual for detailed functions).
- **Volume Slider:** Located on the side, slide up/down to control volume.
- **Touchpad:** Used for various controls. Note: Not operational when submerged underwater.
- **Locking Controls for Swimming:** Some users have found that quickly pressing the power button four times consecutively while in Bluetooth mode can lock the touch controls. A "plip" sound may indicate successful locking. Then switch to MP3 mode. This can help prevent accidental changes during swimming.

MAINTENANCE

- After swimming or intense workouts, rinse the headphones with fresh water to remove chlorine or sweat residue.

- Wipe the headphones dry with a soft cloth before charging or storing.
- Store the headphones in the provided carry bag to protect them from dust and scratches.
- Avoid exposing the headphones to extreme temperatures.

TROUBLESHOOTING

No Sound/Low Volume

- Ensure the headphones are powered on and charged.
- Check the volume level on both the headphones and your connected device.
- If in MP3 mode, ensure files are properly loaded.
- If swimming, ensure earplugs are used for optimal sound transmission.

Bluetooth Pairing Issues

- Ensure the headphones are in pairing mode.
- Turn off Bluetooth on other nearby devices to avoid interference.
- Forget the device on your phone/computer and try pairing again.

Controls Unresponsive Underwater

- This is normal. The touchpad is not operational when submerged. Ensure you are in MP3 mode before entering water.
- Consider using the button locking feature if available and effective for your unit.

SPECIFICATIONS

Feature	Detail
Model Name	M2101
Connectivity Technology	Wireless
Wireless Communication Technology	Bluetooth
Age Range (Description)	Adult
Material	Plastic
Charging Time	0.15 Amp Hours
