Zerone Zerone6vsc3fp195

Zerone Bluetooth Cassette Adapter User Manual

Model: Zerone6vsc3fp195

1. Introduction

The Zerone Bluetooth Cassette Adapter transforms your traditional cassette player into a modern wireless audio system. This device allows you to stream music from any Bluetooth-enabled device, such as smartphones or tablets, directly through your car's or home's cassette player. Enjoy your favorite digital audio without the need for complicated wiring or tangled cables.

2. Package Contents

- 1 x Cassette Player Adapter
- 1 x USB Data Cable

3. Product Features

- **Wireless Audio Streaming:** Converts your cassette player into a Bluetooth receiver.
- **Bluetooth 5.0:** Ensures stable and efficient wireless connection.
- **Built-in Rechargeable Battery:** 140mAh Lithium Battery for extended use.
- **Compact Design:** Fits seamlessly into standard cassette decks.
- **Integrated Microphone:** Supports hands-free calling.
- **Easy Operation:** Simple pairing and use.

Image 1: The Zerone Bluetooth Cassette Adapter shown with its included USB charging cable. The adapter is black, resembling a standard audio cassette, with "Bluetooth Cassette Adapter" and "THIS SIDE UP" printed on it. An 'off-on' switch is visible on the side.

4. Setup and Pairing

Follow these steps to set up and pair your Zerone Bluetooth Cassette Adapter with your device:

1. **Power On and Enter Pairing Mode:** Press and hold the switch (on/off) on the side of the adapter for a few seconds until the indicator lights begin to flash blue and red alternately. This indicates the adapter is in pairing mode.
2. **Enable Bluetooth on Your Device:** On your smartphone, tablet, or other audio device, navigate to the Bluetooth settings menu.
3. **Select the Adapter:** In the list of available Bluetooth devices, select "zhx-088" to initiate pairing.
4. **Confirm Pairing:** Once pairing is successful, the blue indicator light on the adapter will flash once every 5 seconds.

Image 2: The Bluetooth Cassette Adapter positioned in front of a car's dashboard, illustrating its use for streaming music wirelessly. The image emphasizes the convenience of streaming without cables.

5. Operating Instructions

After successful pairing, you can begin using your adapter:

1. **Insert into Cassette Player:** Carefully insert the Bluetooth Cassette Adapter into your car's or home's cassette player. Ensure the "THIS SIDE UP" text is facing the correct direction for your player.
2. **Press Play:** On your cassette player, press the "Play" button. The adapter will now transmit audio from your paired device.
3. **Control Music:** Select and control music playback directly from your paired Bluetooth device (e.g., smartphone).
4. **Hands-Free Calling:** If your device supports it, you can use the integrated microphone for hands-free calls. The switch and microphone button can be positioned outside your recorder for easier access.

Image 3: The Bluetooth Cassette Adapter shown within the context of a car's interior, highlighting how it converts a traditional cassette player into a wireless audio source.

6. Charging and Battery Life

The adapter features a built-in rechargeable battery. Use the provided USB data cable to charge the device. You can continue to enjoy music while the adapter is charging.

- **Battery Capacity:** 140mAh Lithium Battery
- **Charging Current:** 80mA
- **Working Voltage:** 3.3-4.2V

Image 4: A close-up side view of the Bluetooth Cassette Adapter, clearly showing the 'off-on' switch and the Micro USB charging port.

7. Maintenance

To ensure the longevity and optimal performance of your Zerone Bluetooth Cassette Adapter, please observe the following:

- Keep the device dry and away from moisture.
- Avoid extreme temperatures.
- Clean the exterior with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- Store in a cool, dry place when not in use.

8. Troubleshooting

Problem	Possible Cause	Solution
Device does not power on.	Battery is depleted.	Charge the adapter using the provided USB cable.
Cannot pair with Bluetooth device.	Adapter not in pairing mode; device Bluetooth off; too far from adapter.	Ensure adapter is flashing blue/red; turn on Bluetooth on your device; bring devices closer (within 10m/32.8ft).
No audio output from cassette player.	Cassette player not in play mode; volume too low; adapter not fully inserted.	Press play on your cassette player; increase volume on both device and player; ensure adapter is fully inserted.

Problem	Possible Cause	Solution
Poor audio quality or disconnections.	Interference; distance from paired device; low battery.	Move away from other wireless devices; reduce distance to paired device; charge the adapter.

9. Specifications

Item Type	Cassette Player Adapter
