MORENTO MR4102

MORENTO 4.5L Top Fill Cool Mist Humidifier

Model: MR4102

INTRODUCTION

Thank you for choosing the MORENTO 4.5L Top Fill Cool Mist Humidifier. This manual provides essential information for the safe operation, effective use, and proper maintenance of your new humidifier. Please read this manual thoroughly before use and retain it for future reference.

PRODUCT FEATURES

- **2-in-1 Cool Mist Humidifier & Aroma Diffuser:** Utilizes advanced ultrasonic mist technology to increase air moisture and combines ions for fresher air. Features an essential oil tray for aromatherapy.
- **4.5L Large Capacity & 50 Hours Runtime:** A generous 4.5-liter water tank provides up to 50 hours of continuous cool mist on the lowest setting, covering rooms up to 322 sq.ft (30 m²).
- **Constant Humidity Mode & 3 Mist Levels:** Built-in humidistat allows setting humidity levels from 40% to 80%. The device automatically adjusts operation to maintain the desired humidity. Choose from low, medium, or high mist output.
- **Timer Setting & Soft Night Light:** Program the humidifier to operate for 2, 4, or 8 hours. A soothing night light provides comfort, ideal for bedrooms or nurseries. Operates quietly at 30dB.
- **Top-Fill Design & Detachable Water Tank:** Convenient top-fill opening for easy refills. The water tank is also detachable for thorough cleaning.
- **360° Rotatable Mist Nozzle:** Easily adjust the direction of the mist output.
- **Remote Control:** Operate all functions conveniently from a distance.

SETUP INSTRUCTIONS

1. **Unpacking:** Carefully remove all components from the packaging. Ensure all parts are present: humidifier base, water tank, top cover, and remote control.
2. **Placement:** Place the humidifier on a flat, stable, and water-resistant surface at least 6 inches (15 cm) away from walls and furniture. Do not place it directly on carpet or towels.
3. **Filling the Water Tank:**

Description: A hand is shown pouring water directly into the wide top opening of the humidifier's water tank, demonstrating the convenient top-fill design.

Remove the top cover. Pour clean, cool tap water directly into the water tank through the wide opening. Do not exceed the maximum water level indicator. Replace the top cover securely.

4. Adding Essential Oils (Optional):

Description: A woman is shown in a relaxed pose next to the humidifier, highlighting its use as an aroma diffuser. An inset image shows a hand adding drops of essential oil to the dedicated aroma tray on the side of the humidifier. Locate the aroma tray on the side of the humidifier base. Pull out the tray and add a few drops of your preferred essential oil onto the aroma pad. Slide the tray back into place. Do not add essential oils directly into the water tank.

5. **Power Connection:** Plug the power cord into a standard electrical outlet.

OPERATING INSTRUCTIONS

Your humidifier can be operated using the touch panel on the front or the included remote control.

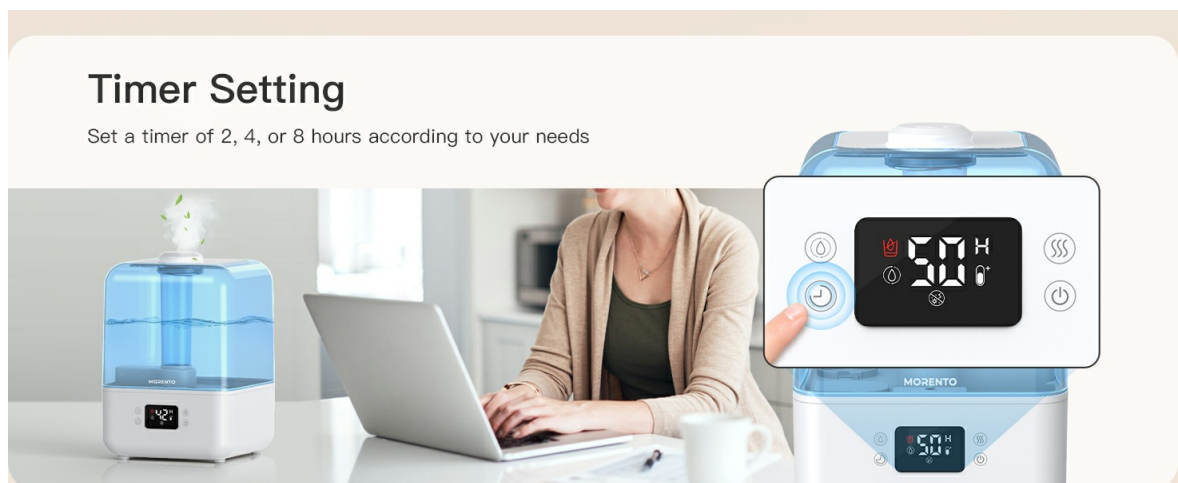

Using the Control Panel / Remote Control

Description: A hand holds the remote control, pointing it towards the humidifier. An enlarged inset displays the remote's buttons, including power, mist level, timer, humidity setting, and night light.

Ensure the remote control has its battery tab removed before first use.

1. **Power On/Off:** Press the Power button () to turn the humidifier on or off.
2. **Adjusting Mist Levels:**

Description: The humidifier's display shows different mist levels (High, Medium, Low) with corresponding mist output. A hand is pressing the mist control button on the humidifier's panel.

Press the Mist button (SSS) repeatedly to cycle through Low, Medium, and High mist output settings.

3. **Setting Humidity:**

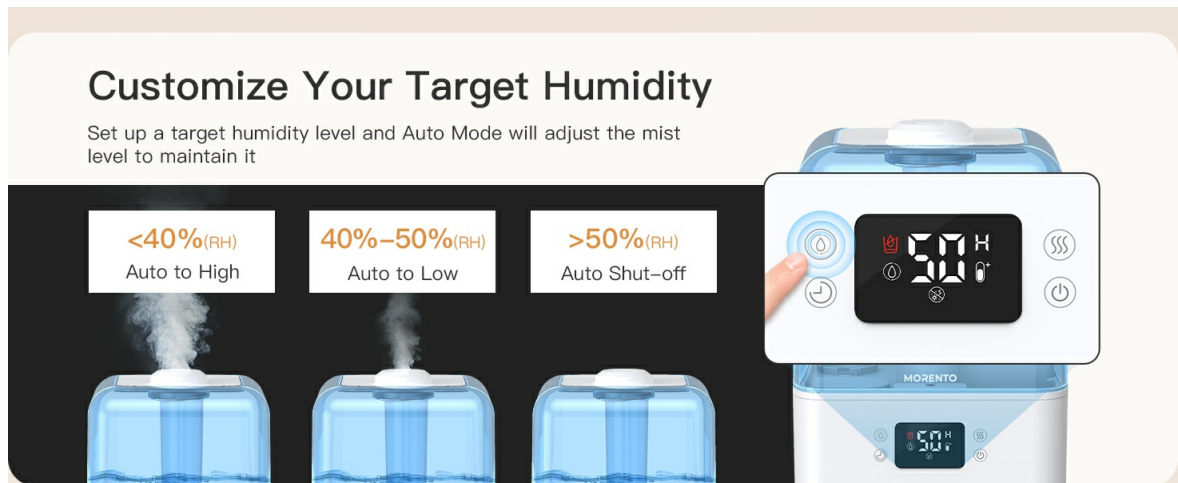

Description: The humidifier's display shows a target humidity level (e.g., 50%). A hand is pressing the humidity setting button on the control panel to adjust the desired humidity. The image also illustrates how the humidifier adjusts mist output based on current humidity relative to the target.

Press the Humidity button () to set your desired humidity level (40% to 80%). The humidifier will automatically

turn on or off to maintain this level.

4. Using the Timer:

Description: The humidifier's display shows a timer setting (e.g., 50H). A hand is pressing the timer button on the control panel to select a duration.

Press the Timer button () to set the operating time for 2, 4, or 8 hours. The humidifier will automatically shut off after the set time.

5. Night Light Function:

Description: A woman is shown sleeping peacefully in a bed, with the humidifier on a nearby nightstand emitting a soft blue night light, indicating its quiet operation and ambient lighting feature.

Press the Night Light button () to turn the night light on or off.

6. 360° Rotatable Mist Nozzle:

Description: A hand is shown rotating the mist nozzle on the top of the humidifier, illustrating its 360-degree adjustability for directing mist.

Manually rotate the mist nozzle on the top cover to direct the mist in your desired direction.

Video Demonstrations

MORENTO 4.5L Cool Mist Humidifier Overview

Description: An official video from MORENTO store showcasing the features and operation of the 4.5L Cool Mist Humidifier.

Essential Oils Compatibility

Description: A video demonstrating how to use essential oils with the MORENTO humidifier, highlighting the dedicated aroma tray.

Humidifier Runtime Demonstration

Description: A video illustrating the long runtime of the MORENTO humidifier on a full tank of water.

MAINTENANCE

Regular cleaning is crucial for optimal performance and hygiene. Always unplug the humidifier before cleaning.

Description: A hand is shown wiping the interior of the detachable water tank with a cloth, demonstrating the ease of cleaning. The base unit is also visible.

- 1. Daily Maintenance:** Empty and rinse the water tank daily. Allow all parts to air dry before refilling.
- 2. Weekly Cleaning:**
 - Remove the water tank from the base.
 - Fill the water tank with 1 cup of white vinegar and 1 cup of water. Let it soak for 30 minutes.
 - Use a soft brush or cloth to clean the inside of the tank and the nebulizer plate in the base.
 - Rinse all parts thoroughly with clean water until the vinegar smell is gone.
 - Wipe the exterior of the humidifier with a soft, damp cloth.
- 3. Aroma Pad Cleaning:** Replace the aroma pad in the essential oil tray regularly, or clean it with mild soap and water and allow it to dry completely before reuse.
