Setup

1. Charging the Headphones

Before first use, fully charge your headphones. Connect the provided USB-C charging cable to the charging port on the neckband and plug the other end into a USB power source (e.g., computer, wall adapter). A full charge takes approximately 2 hours. For quick use, a 10-minute charge provides up to 15 hours of listening time.

2. Selecting Eartips

Choose the eartips that provide the most comfortable and secure fit for your ears. The package includes three sizes (S, M, L) to ensure a proper seal for optimal sound quality and noise isolation.

Customized Eartips

Soft silicon eartips options make it easy to find the right size. Feel like not wearing

Image: Illustration of the various eartip sizes (XL, L, M) available for customization.

3. Pairing with a Bluetooth Device

1. Ensure the headphones are charged and turned off.
2. Press and hold the multi-function button on the headphone control unit until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "Rythflo WH03" from the list of found devices.
5. Once connected, the LED indicator will flash blue slowly or turn off, depending on the model.

Operating Instructions

Power On/Off

- **Power On:** Press and hold the multi-function button until the LED indicator lights up.
- **Power Off:** Press and hold the multi-function button until the LED indicator turns off.

Music Playback

- **Play/Pause:** Press the multi-function button once.

- **Next Track:** Press and hold the Volume + button.
- **Previous Track:** Press and hold the Volume - button.

Volume Control

- **Volume Up:** Press the Volume + button.
- **Volume Down:** Press the Volume - button.

Call Management

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button.
- **Redial Last Number:** Double-press the multi-function button.

Magnetic Earbuds

The earbuds feature a magnetic design, allowing them to snap together when not in use. This helps prevent tangling and keeps them securely around your neck.

Maintenance

- **Cleaning:** Wipe the headphones and eartips with a soft, dry cloth. For the silicone parts, a slightly damp cloth can be used, but ensure they are completely dry before use or charging.
- **Eartip Care:** Regularly remove and clean the eartips to prevent wax buildup, which can affect sound quality.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. The magnetic earbuds help keep them tidy.
- **Water Resistance:** While IPX7 rated, avoid submerging the headphones in water for extended periods. Ensure the charging port is dry before connecting the charging cable.

Troubleshooting

Problem	Possible Cause	Solution
Headphones won't turn on	Low battery	Charge the headphones fully.
Cannot pair with device	Headphones not in pairing mode; Device Bluetooth off; Too far from device	Ensure headphones are in pairing mode (flashing blue/red). Turn device Bluetooth off/on. Move headphones closer to device (within 10 meters).
No sound	Volume too low; Not connected; Incorrect audio output selected on device	Increase headphone and device volume. Ensure headphones are connected. Check device's audio output settings.
Poor sound quality	Weak Bluetooth signal; Eartips not sealed properly; Earbuds dirty	Move closer to the device. Try different eartip sizes for a better seal. Clean the earbuds and eartips.
Headphones disconnect frequently	Interference; Out of range; Low battery	Avoid strong Wi-Fi signals or other Bluetooth devices. Stay within 10 meters of your device. Charge the headphones.
