2. Setup

Connecting the Keyboard

1. Locate the USB-C port on the back of your SOLIDEE keyboard.
2. Connect the smaller end of the provided USB-C cable to the keyboard's USB-C port.
3. Connect the larger USB-A end of the cable to an available USB port on your computer or gaming console (PS5/PS4).
4. The keyboard is plug-and-play and should be recognized automatically by your operating system.

System Compatibility

The SOLIDEE 65% Mechanical Gaming Keyboard is compatible with a wide range of operating systems and devices, including:

- Windows (Win98/2000/7/8/10/XP/Vista)
- Mac OS
- PlayStation 5 (PS5)
- PlayStation 4 (PS4)

3. Operating Instructions

Basic Key Functions

The keyboard features a 68-key QWERTY layout. All standard alphanumeric and symbol keys function as expected. The

compact 65% layout optimizes desk space while retaining essential keys.

Special Functions (Fn Key Combinations)

The Function (Fn) key allows access to secondary functions printed on certain keycaps. Press and hold the **Fn** key, then press the desired key to activate its secondary function.

Backlight Control

The keyboard features a classic blue LED backlight with approximately 18 different lighting modes. Use the following Fn key combinations to control the backlight:

- **Fn + P**: Toggle backlight On/Off.
- **Fn +** \|: Switch between different backlight modes.

Image 3.2: Keys with shine-through design for clear LED visibility.

4. Maintenance

Cleaning the Keyboard

To maintain optimal performance and appearance, regularly clean your keyboard:

- Disconnect the keyboard from your device before cleaning.
- Use a soft, lint-free cloth lightly dampened with water or a mild cleaning solution to wipe the keycaps and chassis.
- For dust and debris between keys, use compressed air.

Keycap Removal and Switch Access

The included keycap puller can be used to safely remove keycaps for deeper cleaning or inspection of the mechanical switches. The keyboard features red linear mechanical switches.

5. Troubleshooting

Keyboard Not Responding

- Ensure the USB-C cable is securely connected to both the keyboard and your device.
- Try connecting the keyboard to a different USB port on your device.
- Test the keyboard on another computer or console to rule out device-specific issues.

Backlight Not Working or Incorrect

- Press **Fn + P** to ensure the backlight is not turned off.
- Cycle through backlight modes using **Fn +** \|.
- Perform a factory reset by pressing and holding **Fn + Esc** for 5 seconds.
