QUTWOB 52DY-1695WH-1L

QUTWOB 52-inch Wood Ceiling Fan with Lights and Remote Control User Manual

MODEL: 52DY-1695WH-1L

Brand: QUTWOB

Introduction

Thank you for choosing the QUTWOB 52-inch Wood Ceiling Fan. This manual provides essential information for the safe and efficient installation, operation, and maintenance of your new ceiling fan. Please read it thoroughly before use and retain it for future reference.

This ceiling fan features a quiet DC inverter motor, three solid wood blades, and an integrated LED light kit. It offers multiple speed settings, reversible airflow for year-round comfort, and a convenient memory function for light and fan settings. Designed for both indoor and outdoor use, it is suitable for various spaces including living rooms, bedrooms, offices, and patios.

Setup and Installation

Proper installation is crucial for the safe and optimal performance of your ceiling fan. If you are unsure about any steps, consult a qualified electrician.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the packing list are present and undamaged.
2. **Assemble Fan Blades:** Attach the three solid wood blades to the motor housing using the provided screws. Ensure they are securely fastened.
3. **Attach Downrod:** Connect the chosen downrod (5", 10", or 14" options available) to the motor assembly. Secure with the provided pin and screws.
4. **Mount Hanging Bracket:** Securely attach the hanging bracket to a ceiling joist or a fan-rated electrical junction box. Ensure it can support the fan's weight.

5. **Wiring:** Carefully connect the fan's electrical wires to your household wiring according to the wiring diagram in the detailed instructions. Ensure all connections are secure and insulated.
6. **Hang Fan:** Lift the fan assembly and place the downrod ball into the hanging bracket.
7. **Install LED Light Kit:** Connect the LED light kit wires and secure the light assembly to the bottom of the fan motor housing.
8. **Final Checks:** Ensure all connections are tight and the fan is securely mounted before restoring power.

Operating Instructions

Your QUTWOB ceiling fan comes with a multifunctional remote control for convenient operation.

- **Power On/Off:** Press the power button to turn the fan and light on or off.
- **Fan Speed:** Select from 6 adjustable fan speeds (1-6) to customize airflow. Speed 1-2 is suitable for sleep, 3-4 for daily life, and 5-6 for exercise or strong cooling.
- **Light Control:** Turn the LED light on/off. The light is dimmable and offers 3 color temperatures: 3000K Warm White, 4500K Neutral White, and 6000K Cold White.
- **Memory Function:** The fan remembers your last light color temperature and fan speed settings after a power outage, resuming them upon restart.
- **Forward/Reverse Function (F/R):** Change the direction of the fan blades. Use forward mode (counter-clockwise) for downward airflow in summer to create a cooling breeze. Use reverse mode (clockwise) for upward airflow in winter to circulate warm air.
- **Timer Settings:** Set the fan to automatically turn off after 1, 4, or 8 hours.

Maintenance

Regular maintenance ensures the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan blades and motor housing. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Periodically check the fan blades for any signs of damage or warping. Ensure all blade screws are tight.
- **Tighten Connections:** Annually, check all electrical connections and mounting hardware to ensure they are secure.
- **Light Source:** The integrated LED light is designed for long life. If replacement is needed, contact customer support.

Troubleshooting

If you encounter issues with your ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power, loose wiring, remote control battery dead	Check circuit breaker, ensure wiring is secure, replace remote battery.
Fan is noisy	Loose screws, unbalanced blades, motor issue	Tighten all screws, check blade balance, contact support if motor noise persists.
Light does not work	Loose wiring, LED module failure	Check light kit wiring, contact support for LED module replacement.
Remote control not working	Dead battery, remote not paired	Replace remote battery, refer to pairing instructions in the full manual.

Specifications

Feature	Detail
Brand	QUTWOB
Model Number	52DY-1695WH-1L
Product Dimensions	52"D x 52"W x 13.5"H
Color	White + Raw wood
Material	Wood (Blades)
Number of Blades	3
Motor Type	DC Inverter Motor
Number of Speeds	6
Noise Level	Below 20DB (at max speed 185r/min)
Light Type	LED (1500 lumens, 18W)
Light Features	3-Color Temperature (3000K, 4500K, 6000K), Dimmable, Memory Function
Control Method	Remote Control
Timer Settings	1H, 4H, 8H
Indoor/Outdoor Usage	Indoor, Outdoor
Mounting Type	Ceiling Mount (Adjustable Height with various downrod options)
Item Weight	6.35 Kilograms

Warranty

QUTWOB provides a **10-year warranty** for the motor and a **1-year worry-free guarantee** for the entire machine. In case of a lost or damaged remote control, a free replacement will be provided. Your satisfaction is important to us.

Customer Support
