Audizio Padova

Audizio Padova DAB Radio User Manual

Model: Padova

INTRODUCTION

This user manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your Audizio Padova DAB Radio. Please read this manual thoroughly before using the device to ensure proper functionality and to maximize your listening experience.

SAFETY INFORMATION

Always follow basic safety precautions when using this product to reduce the risk of fire, electric shock, and injury to persons. Keep this manual for future reference.

- Do not expose the device to rain or moisture.
- Do not disassemble the unit. Refer all servicing to qualified personnel.
- Ensure proper ventilation around the unit.
- Use only the power adapter supplied with the device.
- Avoid placing the unit near heat sources or in direct sunlight.

PACKAGE CONTENTS

Verify that all items are present in the package:

- Audizio Padova DAB Radio Unit
- Remote Control
- USB Cable
- Power Adapter
- User Manual (this document)

PRODUCT OVERVIEW

Familiarize yourself with the main components of your Audizio Padova DAB Radio.

Front view of the Audizio Padova DAB Radio with its remote control. The radio features a speaker on the left, a TFT color display on the right, and control buttons below the display. The remote control is shown next to the unit.

Rear view of the Audizio Padova DAB Radio, showing the telescopic antenna, DC 7.5V power input, USB port, and AUX In port.

Close-up of the Audizio Padova DAB Radio remote control, displaying various buttons for power, mute, number keys, menu, mode, navigation, volume, recall, info, scan, dimmer, sleep, and alarm settings.

SETUP

1. Power Connection

Connect the supplied power adapter to the DC 7.5V input port on the rear of the radio and plug the adapter into a wall outlet. The radio will power on and display the Audizio logo.

2. Antenna Setup

Extend the telescopic antenna fully for optimal DAB+ and FM radio reception. Adjust its position to improve signal strength if needed.

3. Initial Scan (DAB+)

Upon first power-on, the radio will automatically perform a full scan for DAB+ stations. This process may take a few minutes. Once complete, the radio will store all found stations and tune to the first available station.

4. Setting Time and Date

The time and date are usually synchronized automatically via DAB+ or FM signals. If manual adjustment is required, navigate to the system settings menu using the 'Menu' button on the remote or the 'MENU/INFO' button on the unit, then select 'Time/Date'.

OPERATING INSTRUCTIONS

Power On/Off

Press the **POWER** button on the unit or remote control to turn the radio on or off.

Mode Selection

Press the **MODE** button on the unit or remote control to cycle through available modes: DAB+, FM, Bluetooth, USB (MP3 Player), and AUX In.

DAB+ Radio Operation

1. Select DAB+ mode using the **MODE** button.
2. To perform a full scan for new stations, press the **MENU/INFO** button, then navigate to 'Full Scan' and confirm.
3. Use the **TUNE/SELECT** knob or the **Up/Down** arrows on the remote to browse available stations. Press the knob or **Select** button on the remote to confirm your selection.
4. To save a station as a preset, press and hold one of the preset buttons (1-5) on the unit, or use the remote's preset function (refer to remote control section for details). The radio supports 60 presets.

FM Radio Operation

1. Select FM mode using the **MODE** button.
2. To auto-scan for FM stations, press the **SCAN** button on the remote. The radio will scan and save stations.
3. Manually tune by rotating the **TUNE/SELECT** knob or using the **Left/Right** arrows on the remote.
4. Save FM stations as presets similar to DAB+ stations.

Bluetooth Operation

1. Select Bluetooth mode using the **MODE** button. The display will show "Bluetooth Pairing".
2. Enable Bluetooth on your mobile device (smartphone, tablet, etc.) and search for "Audizio Padova".
3. Select "Audizio Padova" from the list of available devices to pair. Once connected, the radio will confirm the connection.
4. You can now stream audio wirelessly from your device to the radio. Control playback (play/pause, skip tracks) from your connected device or using the radio's controls.

USB MP3 Player Operation

1. Insert a USB flash drive containing MP3 audio files into the USB port on the rear of the radio.
2. Select USB mode using the **MODE** button. The radio will automatically detect and begin playing audio files.
3. Use the **Previous/Next** buttons or the **TUNE/SELECT** knob to navigate through tracks.

AUX In Operation

1. Connect an external audio device (e.g., smartphone, MP3 player) to the AUX In port on the rear of the radio using a 3.5mm audio cable (not supplied).
2. Select AUX In mode using the **MODE** button.
3. Audio from the connected device will now play through the radio's speakers. Control playback and volume from the external device.

Alarm and Sleep Timer

- **Alarm Function:** The radio features an alarm with weekly and weekend settings. Press the **Alarm 1** or **Alarm 2** button on the remote to set up alarms. Follow the on-screen prompts to configure alarm time, source (DAB/FM/Buzzer), and recurrence.
- **Sleep Timer:** To set a sleep timer, press the **Sleep** button on the remote. Repeatedly press to cycle through available sleep times (e.g., 15, 30, 45, 60 minutes, Off). The radio will automatically turn off after the selected duration.

Display and Dimmer

The TFT color display shows station information, time, and other details. Use the **Dimmer** button on the remote to adjust the display brightness.

MAINTENANCE

Cleaning

Wipe the radio's surface with a soft, dry cloth. Do not use abrasive cleaners, waxes, or solvents as they may damage the finish. Ensure the unit is unplugged before cleaning.

Storage

If storing the radio for an extended period, unplug it from the power outlet and store it in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Power adapter not connected or faulty outlet.	Ensure the power adapter is securely connected to the radio and a working power outlet. Try a different outlet.
Poor DAB+/FM reception	Antenna not extended or poor signal area.	Fully extend the telescopic antenna. Try repositioning the radio or the antenna. Perform a full scan for DAB+ stations.
Bluetooth not pairing	Bluetooth not enabled on device, radio not in pairing mode, or device too far.	Ensure Bluetooth is enabled on your device and the radio is in Bluetooth mode. Move your device closer to the radio. Forget "Audizio Padova" on your device and try pairing again.
USB playback issues	Unsupported file format, corrupted USB drive, or drive not properly inserted.	Ensure audio files are in MP3 format. Try a different USB drive. Reinsert the USB drive.
Remote control not working	Batteries are dead or line of sight is blocked.	Replace the batteries in the remote control. Ensure there are no obstructions between the remote and the radio's IR sensor.
