# Youhauchair Big and Tall Office Chair User Manual

Model: YC-7002BK

## 1. INTRODUCTION

---

Thank you for choosing the Youhauchair Big and Tall Office Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new chair. Please read these instructions carefully before use and retain them for future reference.

Figure 1: Youhauchair Big and Tall Office Chair

This image shows the Youhauchair Big and Tall Office Chair from a front-side angle, highlighting its ergonomic design and black PU leather finish.

## 2. SAFETY INFORMATION

---

For your safety and to prevent damage to the product, please adhere to the following guidelines:

- **Weight Capacity:** Do not exceed the maximum weight capacity of 500 pounds (approximately 227 kg). Exceeding

this limit may cause instability and damage to the chair, potentially leading to injury.

- **Assembly:** Carefully follow all assembly instructions. Ensure all screws and bolts are securely tightened before using the chair. Periodically check and re-tighten fasteners as needed.
- **Intended Use:** This chair is designed for indoor office or home use only. Do not use it outdoors or in environments with extreme temperatures or humidity.
- **Adjustable Features:** Use the adjustable features (seat height, tilt, armrests) smoothly and without excessive force. Avoid sudden movements or leaning heavily on the chair when adjusting.
- **Children and Pets:** Keep children and pets away from the chair during assembly. Do not allow children to play on or around the chair unsupervised.
- **Maintenance:** Perform regular maintenance as described in this manual. Do not use harsh chemicals or abrasive cleaners on the chair's surfaces.

### 3. PRODUCT OVERVIEW AND FEATURES

---

The Youhauchair Big and Tall Office Chair is engineered for comfort and durability, featuring a robust design suitable for extended use.

#### Key Features:

- **High-quality PU Leather:** Premium, wear-resistant, and easy-to-clean material for enhanced comfort and durability.
- **Superior Ergonomics:** Curved lumbar support, high-back design, waterfall thick padded seat, and flip-up armrests for optimal spinal alignment and comfort.
- **Adjustable Comfort:** Pneumatic seat height adjustment (17.71in to 20.87in), 20° tilt function, 90° flip-up armrests, and 360° swivel for personalized seating.
- **Heavy-Duty Performance:** SGS certified gas lift cylinder, sturdy 5-point metal base, and smooth-rolling nylon caster wheels, supporting up to 500 pounds.
- **Space-Saving Design:** Flip-up armrests allow the chair to slide easily under most desks.

This image highlights the plush cushioning and built-in high elastic pocket springs of the chair's seat, providing exceptional comfort.

#### 4. COMPONENTS LIST

Before assembly, please ensure all components are present and undamaged. If any parts are missing or damaged, contact customer service.

Part	Description	Quantity
A	Backrest	1
B	Seat Cushion	1
C	Armrests (Left & Right)	2
D	Gas Lift Cylinder	1

Part	Description	Quantity
E	Star Base	1
F	Caster Wheels	5
G	Mechanism Plate	1
H	Screws & Allen Wrench	1 Set

## 5. SETUP AND ASSEMBLY

---

Assembly is straightforward and typically takes 15-30 minutes. It is recommended to have a second person assist with attaching the backrest.

- 1. Attach Casters to Base:** Insert the five caster wheels (F) into the holes at the end of each leg of the star base (E). Push firmly until they click into place.
- 2. Install Gas Lift:** Place the gas lift cylinder (D) into the center hole of the assembled star base (E).
- 3. Attach Mechanism to Seat:** Secure the mechanism plate (G) to the underside of the seat cushion (B) using the provided screws (H). Ensure the front of the mechanism aligns with the front of the seat.
- 4. Connect Seat to Gas Lift:** Place the assembled seat cushion (B) onto the gas lift cylinder (D), ensuring the tapered end of the gas lift fits securely into the mechanism.
- 5. Attach Armrests to Seat:** Attach the armrests (C) to the sides of the seat cushion (B) using screws (H). Do not fully tighten yet.
- 6. Attach Backrest:** Align the backrest (A) with the armrests (C) and the seat cushion (B). Secure the backrest to the armrests and seat using the remaining screws (H). This step may be easier with assistance.
- 7. Tighten All Screws:** Once all parts are aligned and loosely attached, go back and fully tighten all screws using the Allen wrench (H).

This image displays the Youhauchair office chair from both front and back perspectives, providing a complete view of the assembled product.

## 6. OPERATING INSTRUCTIONS

---

Your Youhauchair office chair offers several adjustable features to customize your seating experience.

### Adjustable Functions:

- **Seat Height Adjustment:**

Locate the lever on the right side under the seat. To raise the seat, lift the lever while taking your weight off the chair. To lower the seat, lift the lever while remaining seated. Release the lever at the desired height. The height range is 17.71 inches to 20.87 inches.

- **Tilt Function and Lock:**

The same lever used for height adjustment also controls the tilt lock. Push the lever inwards to lock the chair in an

upright position. Pull the lever outwards to enable the tilt function, allowing the chair to recline up to 20 degrees.

- **Tilt Tension Adjustment:**

Under the front of the seat, there is a round knob. Turn this knob clockwise to increase the tension, making the chair harder to recline. Turn it counter-clockwise to decrease the tension, allowing for easier reclining.

- **Flip-up Armrests:**

The armrests can be flipped up 90 degrees. Simply lift the armrests upwards until they lock into the vertical position. To lower them, gently pull them down. This feature allows the chair to be easily stored under a desk.

- **360° Swivel:**

The chair is equipped with a 360-degree swivel function, allowing for easy rotation and movement without needing to reposition the entire chair.

- **Nylon Caster Wheels:**

The smooth-rolling nylon caster wheels allow for effortless movement across various floor surfaces without causing damage.

Figure 5: Adjustable Functions Diagram

This diagram illustrates the various adjustable functions of the chair, including tilt, height adjustment, and mute nylon casters.

## Premium Ergonomics

Figure 6: Chair with Flip-up Armrests Under Desk

This image demonstrates how the chair's flip-up armrests allow it to be neatly tucked under a desk, saving space.

## 7. MAINTENANCE

Proper maintenance will extend the life and appearance of your Youhauchair office chair.

- **Cleaning:**

Wipe clean with a soft, damp cloth. For tougher stains on the PU leather, use a mild soap solution and then wipe dry immediately. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the material.

- **Regular Inspection:**

Periodically check all screws and bolts to ensure they are tight. Re-tighten any loose fasteners to maintain stability and safety.

- **Caster Care:**

Keep the caster wheels free of hair, dust, and debris to ensure smooth rolling. You can periodically remove the wheels and clean the axles if necessary.

- **Avoid Direct Sunlight:**

Prolonged exposure to direct sunlight can cause the PU leather to fade or crack. Position the chair away from direct sunlight or use window coverings.

- **Weight Distribution:**

Distribute your weight evenly on the chair. Avoid standing on the chair or using it as a step stool.

## 8. TROUBLESHOOTING

---

If you encounter any issues with your chair, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Chair does not raise or lower.	Gas lift cylinder malfunction or lever not engaged.	Ensure the height adjustment lever is fully engaged. If the issue persists, the gas lift may need replacement. Contact customer service.
Chair is wobbly or unstable.	Loose screws or improper assembly.	Check and tighten all assembly screws, especially those connecting the seat, backrest, and armrests. Ensure the star base and gas lift are securely connected.
Caster wheels do not roll smoothly.	Debris caught in wheels or damaged casters.	Remove any hair, dust, or debris from the wheels. If a wheel is damaged, it may need to be replaced.
Chair makes squeaking noises.	Loose connections or friction between parts.	Tighten all screws. Apply a small amount of silicone lubricant to moving parts or connections if the noise persists.
Tilt function is too stiff or too loose.	Tilt tension knob needs adjustment.	Adjust the tilt tension knob located under the seat. Turn clockwise to increase tension, counter-clockwise to decrease.

## 9. SPECIFICATIONS

---

Attribute	Detail
Brand	Youhauchair
Model Number	YC-7002BK
Colour	Black
Material	Faux Leather
Product Dimensions (L x W x H)	69 x 68 x 118 cm (27.17 x 26.77 x 46.46 inches)
