

MLILY BLADJ-12TX

MLILY EGOHOME Adjustable Bed Frame & 12-inch Memory Foam Mattress User Manual

Model: BLADJ-12TX

1. INTRODUCTION

Thank you for choosing the MLILY EGOHOME Adjustable Bed Frame and 12-inch Memory Foam Mattress. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new adjustable bed system. Please read all instructions carefully before use and retain this manual for future reference.

2. SAFETY INFORMATION

- **Weight Capacity:** The adjustable bed frame is designed to withstand a maximum weight of 850 pounds. Do not exceed this limit.
- **Children and Pets:** Keep children and pets away from the adjustable bed frame during operation to prevent injury.
- **Power Cord:** Ensure the power cord is not pinched or damaged. Do not operate the bed if the cord is compromised.
- **Clearance:** Maintain clear space around the bed frame to allow for proper movement of the adjustable components.
- **Mattress Inspection:** Inspect and test the product before opening the mattress cover.

3. PACKAGE CONTENTS

Your MLILY EGOHOME Adjustable Bed Frame and Mattress package includes:

- Foldable Adjustable Bed Base
- 12-inch Memory Foam Mattress (vacuum-compressed)
- Wireless Remote Control
- Adjustable Legs (5", 7", 12" options)

- Mattress Retainer Bar
- Power Adapter and Cord

4. ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your adjustable bed frame:

1. **Unpack the Bed Frame:** Carefully remove the folded bed frame from its packaging.
2. **Unfold the Frame:** Unfold the bed base completely. Ensure all moving parts are free from obstruction.
3. **Attach Legs:** Screw the desired height of adjustable legs into the designated corner brackets on the underside of the frame. Tighten securely.
4. **Install Retainer Bar:** Insert the mattress retainer bar into the grommets at the foot of the bed frame.
5. **Connect Power:** Plug the power adapter into the bed frame and then into a wall outlet.

Figure 1: Adjustable Bed Base Assembly Steps. This image illustrates the four main steps for assembling the bed base, including unpacking, unfolding, attaching legs, and installing the mattress retainer bar.

Adapt to body

Deeper sleep

Back Pain Relief

UNRIVALED COMFORT FOR A BETTER SLEEP

It adapts to your body shape, providing pressure relief and optimal support. Stay cool and comfortable all night long. Ideal for allergy sufferers, it complements any bedroom decor.

Figure 2: Assembled Adjustable Bed Base with Mattress. This image shows the fully assembled adjustable bed base with a mattress on top, demonstrating its functionality.

5. ADJUSTABLE LEGS INSTALLATION

The bed frame comes with adjustable legs, offering multiple height options (5", 7", 12"). You can choose the height that best suits your needs or place the adjustable base directly on an existing bed frame.

- To adjust the height, simply screw in the desired leg length into the corner brackets.
- Ensure all legs are securely tightened before placing the mattress on the frame.

Removable Adjustable Legs

Give You More Options

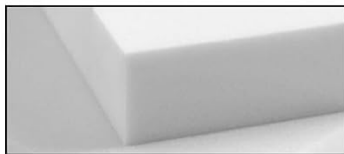

Adjustable and removable legs allow you to adjust the height of the base from platform to 12 inches high. Installation can be easily done in less than 5 minutes.

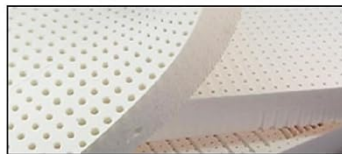

Figure 3: Removable Adjustable Legs. This image displays the different leg height options (5", 7", 12") and how they can be installed to customize the bed's height.

COMPATIBLE WITH DIFFERENT MATTRESS TYPES

Memory Foam

Latex

Hybrid

ATTENTION: Recommended Mattress Thickness NOT Over 15INCH !!

Figure 4: Bed Frame Versatility. This image illustrates the option to use the bed frame with its own legs for under-bed storage or place it directly on an existing bed frame for unexpected versatility.

6. MATTRESS UNPACKING

The 12-inch memory foam mattress is vacuum-compressed for convenient transport. To unpack:

1. Carefully remove the mattress from its cardboard box.
2. Place the rolled mattress onto the assembled adjustable bed frame.
3. Carefully cut and remove the plastic wrapping. The mattress will begin to expand immediately.
4. Allow up to 24-48 hours for the mattress to fully decompress and reach its intended size and firmness.

Endorsed by the International Chiropractors Association, to help you achieve a healthier sleep life.

Graphene Technology Cover

Promotes blood circulation to provide individuals with enhanced performance and overall wellbeing.

Fiberglass Free Inner Cover

Has no skin irritation, no breathing problems, and no health risks for you and your family.

Ventilated Copper Gel Infused Aerofusion™ Memory Foam

Regulate moisture and odor, reducing your risk of skin disease and ensuring a cleaner sleep environment.

Liquid Gel Flex Foam

Allows it to keep the sleeper cooler and more air to circulate through the foam layers around it.

Flex Support Base Foam

Gives your body the support it needs for proper spinal alignment.

Non-Slip Bottom

Non-slip and wear-resistant.

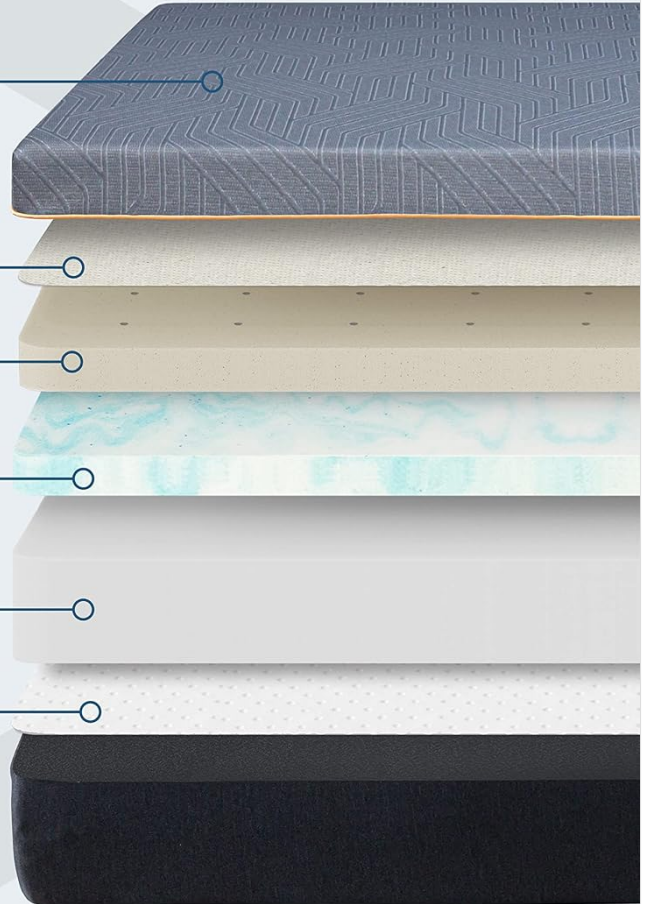

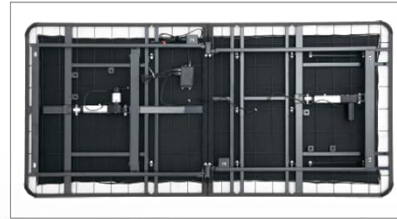

Figure 5: Mattress Construction. This image details the various layers of the memory foam mattress, including Graphene Technology Cover, Fiberglass Free Inner Cover, Ventilated Copper Gel Infused Aerofusion™ Memory Foam, Liquid Gel Flex Foam, Flex Support Base Foam, and Non-Slip Bottom. It also highlights CertiPUR-US certification and International Chiropractors Association endorsement.

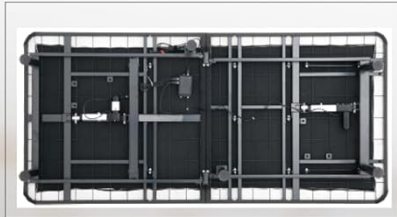

ADJUSTABLE BED BASE ASSEMBLY INSTRUCTIONS

STEP 1: Carefully take out the bed frame from packaging and open it as shown.

STEP 2: Cut all zip ties and take out corner legs from box.

STEP 3: Attached the corner legs, rotate the end bolt into the hole in the corner brackets and tighten it.

STEP 4: Insert the mattress retainer bar into the grommets as shown.

Figure 6: Mattress Compatibility. This image shows the mattress conforming to the adjustable bed frame and indicates compatibility with Memory Foam, Latex, and Hybrid mattress types. Note: Recommended Mattress Thickness NOT Over 15 inches.

7. REMOTE CONTROL OPERATION

Your adjustable bed comes with a wireless remote control for easy adjustment of positions.

Figure 7: MS200 Remote Control Layout. This image displays the remote control with labeled buttons for various functions, including preset positions, manual adjustments, memory mode, and backlight.

7.1. Preset Positions

- **Zero Gravity:** Press the 'ZERO GRAVITY' button for a pre-set position that elevates both your head and feet, designed to relieve pressure and improve circulation.
- **Anti-Snore:** Press the 'ANTI SNORE' button to slightly elevate your head, which can help open airways and reduce snoring.
- **Lounge:** Press the 'LOUNGE' button for a comfortable position suitable for reading, watching TV, or working on a laptop.

7.2. Manual Adjustments

- **Lifts and Lowers Head:** Use the up/down arrow buttons on the left side of the remote to adjust the head section from 0° to 57°.
- **Lifts and Lowers Foot:** Use the up/down arrow buttons on the right side of the remote to adjust the foot section from 0° to 38°.

- **Flat Button:** Press the 'FLAT' button to return the bed to a completely flat position.

INDEPENDENT HEAD AND FOOT INCLINE

Independent Head (0-60 degrees) and Foot (0-45 degrees) Incline

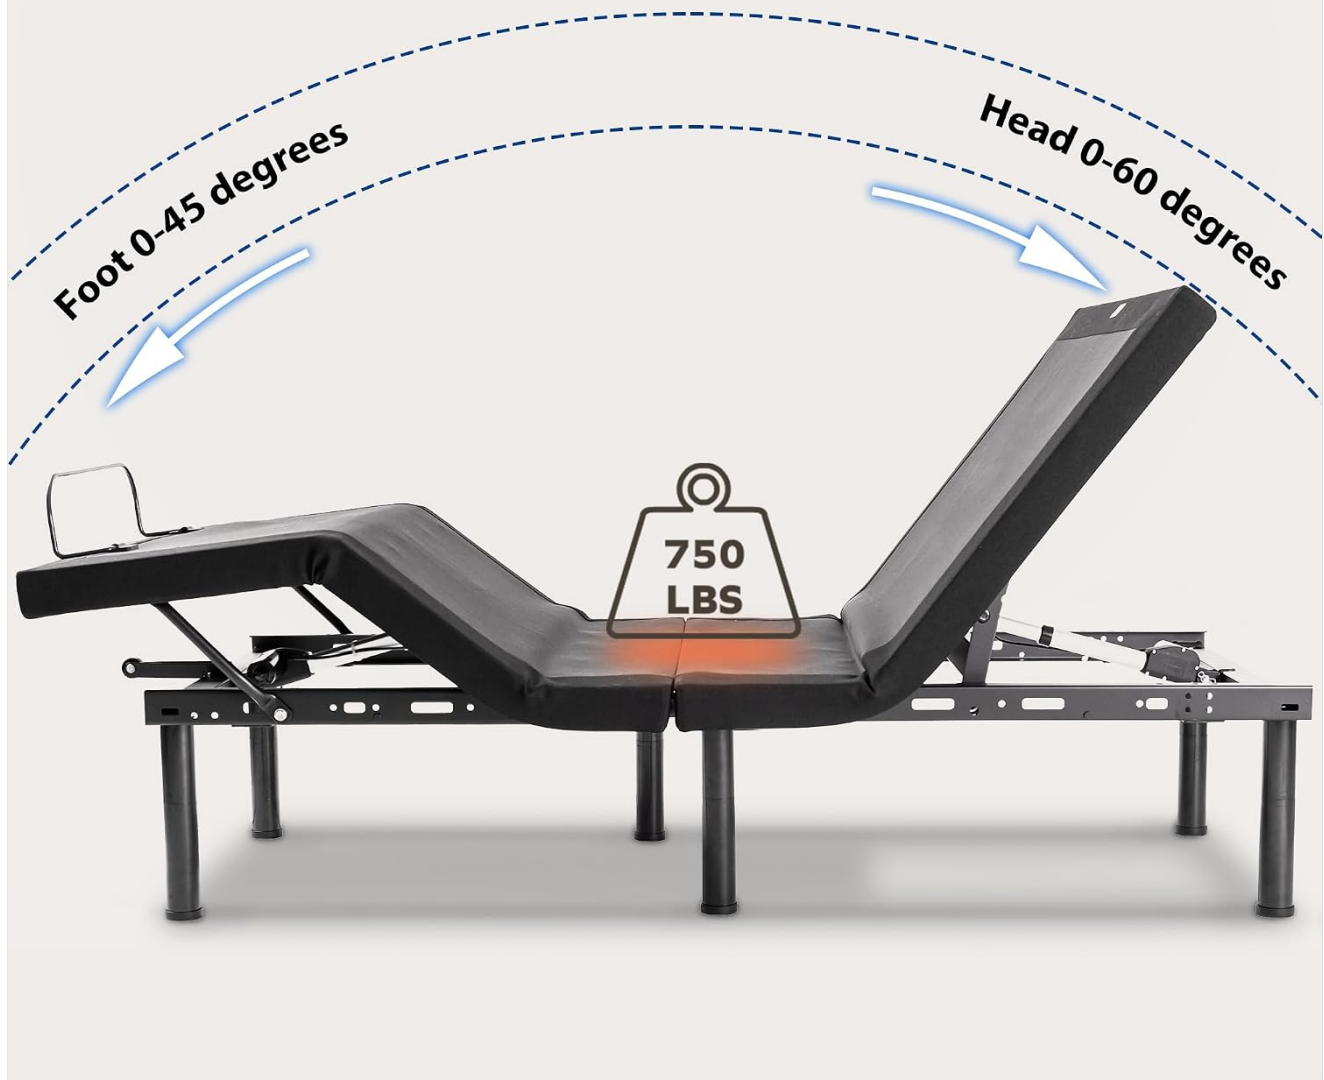

Figure 8: Independent Head and Foot Incline. This diagram illustrates the independent adjustment ranges for the head (0-60 degrees) and foot (0-45 degrees) sections of the bed frame.

7.3. Memory Mode

- **Set Memory Position:** Adjust the bed to your desired position, then press and hold one of the 'M1' or 'M2' buttons until the remote flashes or beeps. This saves your preferred position.
- **Recall Memory Position:** Press the 'M1' or 'M2' button to return the bed to your saved position.

7.4. Backlight

- Press the 'Back Light ON/OFF' button to activate or deactivate the remote control's backlight for use in low-light conditions.

8. CARE AND MAINTENANCE

8.1. Bed Frame Care

- Regularly check all bolts and screws to ensure they are tight.
- Wipe the frame with a damp cloth to clean. Avoid harsh chemicals.
- Do not attempt to open the motor or other electrical components. Contact customer support for service.

8.2. Mattress Care

- The mattress cover is designed for dry cleaning only.
- Rotate the mattress periodically to ensure even wear and prolong its lifespan.
- Use a mattress protector to guard against spills and stains.

9. TROUBLESHOOTING

If you encounter any issues with your adjustable bed, please refer to the following common solutions:

- **Bed Not Responding:** Check if the power cord is securely plugged into both the bed frame and the wall outlet. Ensure the remote control batteries are functional.
- **Uneven Movement:** Verify that all legs are securely tightened and the bed frame is on a flat, stable surface.
- **Noise During Operation:** Some motor noise is normal. If the noise is excessive or unusual, check for any obstructions under the bed frame.

For further assistance, please contact MLILY customer support.
