MAINTENANCE

Cleaning

Regular cleaning helps maintain the performance and hygiene of your earbuds. Use a soft, dry, lint-free cloth to wipe the earbuds and charging case. For eartips, remove them from the earbuds and gently clean with a damp cloth and mild soap if necessary, then rinse and dry thoroughly before reattaching.

Avoid using harsh chemicals or abrasive materials, as these can damage the product.

Water and Dust Resistance

The JBL Vibe Buds earbuds are IP54-certified, making them resistant to dust and splashes of water. The charging case is IPX2-certified, offering protection against dripping water. While resistant, they are not waterproof. Avoid submerging the earbuds or charging case in water. Ensure the charging port is dry before charging.
