Kipcush K3-S

Kipcush Tibetan Meditation Bowl Sound Machine - User Manual

Model: K3-S | Brand: Kipcush

INTRODUCTION

The Kipcush Tibetan Meditation Bowl Sound Machine (Model K3-S) is designed to create a serene and calming environment for various practices such as yoga, meditation, mindfulness, chakra healing, sound therapy, and stress relief. This compact device offers a selection of authentic singing bowl sounds, customizable light settings, and convenient timer functions to enhance your relaxation experience.

Figure 1: The Kipcush Tibetan Meditation Bowl Sound Machine.

KEY FEATURES

- **7 Singing Bowl Sounds:** Includes 3 different sizes of singing bowl sounds, 2 combination sound bowl sounds, and 2 singing bowl sounds mixed with pink noises.
- **Timer Functions:** Set automatic shut-off timers for 15, 30, 60, 90, or 120 minutes, or allow it to play all night.
- **Setting Memory:** The device remembers the last sound and volume settings upon restart.
- **Easy Touch Control:** Intuitive metal grill touch control for power, sound selection, volume, and night light.
- **Night Light with 7 Colors:** Each of the 7 sounds corresponds to a unique color of ambient light, enhancing the sensory experience.
- **Compact and Portable:** Designed for easy transport to yoga classes, offices, or retreats.

SETUP

1. **Unboxing:** Carefully remove the sound machine and all accessories from its packaging.
2. **Placement:** Place the device on a stable, flat surface in a calm and quiet environment, such as a meditation room, yoga space, or any area where you wish to create a soothing atmosphere.
3. **Power Connection:** Connect the provided power adapter to the DC input port on the device. Plug the adapter into a standard 110V electrical outlet. The device is designed to be powered via a wall outlet.

OPERATING INSTRUCTIONS

Power On/Off

- To turn the device on, gently touch the power button located on the control panel.
- To turn the device off, gently touch the power button again.

Sound Selection

The device features 7 distinct singing bowl sounds, including variations with pink noise and natural sounds. Each sound corresponds to a specific light color.

- Press the sound selection button (bell icon) to cycle through the 7 available sounds.
- The device will announce the selected sound number (e.g., "Sound 1").

Figure 2: The 7 Singing Bowl Sounds available on the device.

Volume Control

- Use the volume up (+) and volume down (-) buttons to adjust the sound level to your preference.

Night Light Control

The device features an integrated night light with 7 corresponding colors for each sound.

- To turn the night light on/off, gently touch the metal grill on the top of the device.
- To adjust the brightness of the night light, use the light intensity buttons (sun icons).

Timer Functions

The timer allows you to set the duration for the sound to play before automatically turning off.

- Press the timer button (clock icon) to cycle through the available timer options: 15, 30, 60, 90, or 120 minutes.
- The device will announce the selected timer duration.
- If no timer is selected, the device will play continuously until manually turned off.

Figure 4: Timer functions for customized play duration.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the device. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use, store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Handle the device with care to avoid dropping or physical damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on.	Not properly plugged in; power outlet issue.	Ensure the power adapter is securely connected to the device and the wall outlet. Try a different outlet.
No sound or low volume.	Volume set too low; incorrect sound selected.	Increase the volume using the '+' button. Cycle through sounds to ensure one is active.
Night light not working.	Light function is off; brightness set too low.	Gently touch the metal grill to activate the light. Increase brightness using the light intensity buttons.
Timer not functioning correctly.	Incorrect timer setting.	Ensure the desired timer duration is selected by pressing the timer button until the correct duration is announced.
